

PALESTINE TRUCE ENDING

New Power Cuts Forced In West Berlin Sectors

Allied Supply Planes Still
Stream In On "Combat"
Basis Program

FURTHER SOVIET MOVES AWAITED

By OMER ANDERSON
(U. S. Staff Correspondent)

BERLIN, July 8.—Soviet restrictions forced, drastic new power cuts in the western sectors of Berlin today but allied supply planes still streamed in on what was termed a "combat" basis.

Unconfirmed reports said that Soviet Marshal Vasily D. Sokolovsky is flying to Moscow for consultations on the three-power allied protest over the continuing Soviet blockade of western Berlin.

Coincident with the enforced electric power cuts, allied occupational authorities faced a stern new Soviet measure.

Hints New Move

The Soviet news agency ADN hinted that the Russians are planning to stop all allied automobile traffic from Berlin to the west on the grounds that "new regulations on auto travel are necessary to protect Russian zonal economy."

The Soviets previously halted all purely German automobile traffic in both directions as well as allied motor travel into Berlin from the western zones of Germany.

Berlin's partial paralysis was heightened by the electrical power reduction.

The action resulted in a complete shutdown of express train service in the western sectors and a 75 per cent reduction in street lighting.

The new measure will enable the United States, Britain and France to reduce the already curtailed coal consumption by one-third.

Aircraft Fly Coal

Aircraft only yesterday began flying in coal along with other

Speculation Centers On Truman's Running-Mate

PHILADELPHIA, July 8.—(INS)—President Truman has made no effort to "hand-pick" a running-mate in advance of next week's Democratic convention but the names of two easterners were being strongly considered today by administration lieutenants.

The vice-presidential attention centered on Gov. William Preston Lane of Maryland and Robert F. Wagner, Jr., son of the senior United States senator from New York.

That was the latest word in the Truman camp as determined advocates of Gen. Dwight Eisenhower for the presidential nomination pushed their campaign and the party's platform-drafters got set for a blow-off on the civil rights issue.

The convention resolutions subcommittee scheduled public testimony today on the labor and civil rights planks of the 1948 platform.

Call For Roosevelt Program

James B. Carey, secretary-treasurer of the CIO, condemned the Taft-Hartley Act and called for a "Roosevelt platform" in a prepared statement summarizing the labor organization's recommendations.

Although Democratic National Chairman J. Howard McGrath told (Continued on Page Two)

School Board Will Not Levy Wage Tax Here

Decision Made At Special
Meeting Of Board On
Wednesday Night

ACTION TAKEN IS UNANIMOUS

No wage tax will be levied by the New Castle School Board for the school year of 1948-49.

No increases of tax levies are expected to be necessary for the next two or three years, if the financial picture does not change.

At a special meeting of the Board of Directors held Wednesday night in the administration building in East Street, the Board decided unanimously to drop the proposed wage tax levy of five mills.

Financial Picture Presented

The meeting was called for the purpose of making a final decision as to whether or not the board would advertise its intention of levying a five mill tax on wages and other forms of earned income.

Secretary and Business Manager John B. Beechler had prepared an (Continued on Page Two)

Old Timer's Day Plans Extensive

Reunion Program At Cas-
cade Park Friday As
Sesqui Feature

SESQUI WEEK TO CLOSE SATURDAY

It's the Old Timers day in the sun at the Sesquicentennial Friday, July 9.

The day has been designated as Old Timers' Day at Cascade Park and the annual day of reunion this year becomes an important part of the Sesqui program.

The day starts with the daily aerial salute at eight o'clock and the antique museum opens at 10. The Old Timers register at the park at one p. m. and at two p. m. the old time dancing starts in Rainbow Terrace at the park. F. Paul Butz and a committee have charge of the day's arrangements and they are extensive.

Prizes will be awarded for the best dancers, and the afternoon will be spent in an atmosphere of the "Gay Nineties."

In the evening the fourth showing of "Castle-Cade" will be held at Taggart Stadium.

Closes Saturday

Saturday is the closing day of the Sesqui. At nine in the morning the Sesqui Golf Tournament gets under way at Sylvan Heights Golf Course, and already the field has 135 starters. Tee time will probably find thirty or forty more competitors and the tournament promises to be the biggest golf tournament in western Pennsylvania this year. A fourteen year old boy from Erie is entered and (Continued on Page Two)

WALLACE RESIGNS JOB

NEW YORK, July 8.—(INS)—Henry A. Wallace, third party presidential hopeful, announced today his resignation as contributing editor of the New Republic magazine.

Wallace gave as his reason for severing connections with the publication that "the strenuous three months ahead will require my full energies."

State National Guard Head Here

Major General Daniel B. Strickler, (left) commander of the 28th Division of the National Guard, and Col. H. C. Martin, instructor of the 28th Division, in New Castle last night, for inspection of the guard units here and the armory.

Band Concert At "Castle-Cade"

As an added attraction to the "Castle-Cade" tonight at the stadium, the Grove City Municipal band will present a band concert at the stadium before the pageant starts. The concert will start at 7:30 and continue until 8:15.

Tonight at 10:30 a display of fireworks will be shown at Cascade park.

Woman Killed In Auto Crash

Mrs. Loretta Goshinski, Of
Osage Street, Victim Of
Truck Crash

**HUSBAND IS
ALSO INJURED**

Mrs. Loretta Goshinski, aged 63 years, of Osage street, was killed, and her husband, Adam Goshinski, aged 64 years, of the same address was injured, when a truck Mr. Goshinski was driving overturned on Route 288, four and one-half miles east of Ellwood City, at 10:30 o'clock Wednesday night.

Mrs. Goshinski was pronounced dead on arrival at the Ellwood City hospital.

Mr. Goshinski was driving a Dodge pickup truck owned by Andrew Pfahles, local contractor, which was loaded with plywood and building material.

According to the investigation made by the Rochester State Police (Continued on Page Two)

AMBRASSADOR NAMED

WASHINGTON, July 8.—(INS)—President Truman today named Waldemar J. Griffin, of New York, to be Ambassador to Poland.

The President also named Stanton Griffis, of Connecticut to be Ambassador to Egypt.

Griffin succeeds Griffis as Envoy to Poland.

Both are recess appointments.

Publication Of Protests Held Up

LONDON, July 8.—(INS)—The London foreign office said today that texts of the western protests to Russia over the Soviet blockade of Berlin will not be published today as originally scheduled.

No explanation was given for the delay, and no new publication date was set.

National Guard Head Impressed With Facilities

General Strickler Inspects
229th Artillery Units And
Armory Last Night

GENERAL GUEST AT DINNER HERE

Major General Daniel B. Strickler, commander of the 28th Division, inspected the men and equipment of the local units of the 229th Field Artillery on Wednesday evening, and left with praise for the officers and men of the Headquarters Battery, Service Battery and Medical Detachment.

General Strickler was much impressed with the facilities at the local armory, which are among the finest in the state, and was receptive to suggestions for some improvements and alterations to better enable the command here to carry on.

These have in particular to do with increasing the space for office use, and storage. When the armory was built, it was constructed for a cavalry unit, but this since been turned over to artillery and was built along spacious lines, which are now serving the increased number of units in good stead.

Col. Martin Here

Accompanying General Strickler were Col. H. C. Martin, instructor of the 28th division; Lt. Col. (Continued on Page Two)

Expect Action In Coal Strike

**Government Is Scheduled To
Intervene In "Captive
Mine" Strike Today**

WASHINGTON, July 8.—(INS)—The government is scheduled to intervene today in the three-day-old "captive" coal mine strike which already has forced cutbacks in steel production.

Robert N. Denham, general counsel of the national labor relations board, is expected to move quickly for an injunction against the walkout of 40,000 miners in steel company pits.

An NLRB spokesman said Denham has completed an investigation and is ready to act on the unfair labor practice charges filed against John L. Lewis and the miners by the steel industry.

Denham's first move would be to issue a formal complaint against the union embodying these charges.

Then the NLRB official can apply to a federal court for an injunction to halt the alleged unfair labor practice until the five-man NLRB rules on the merits of the dispute.

Woman Critically Injured In Crash

Mrs. Neva Campbell, of Plaingrove
District, In Jameson Mem-
orial Hospital

Mrs. Neva Campbell, aged 26 years, of R. D. 3, Volant, is in the Jameson Memorial hospital critically injured, after her automobile went off the road and struck a road roller, being used in construction work, one mile west of Silperry Rock at 4:30 o'clock this morning.

According to state police, Mrs. Campbell was alone in the car, and was en route from Butler, Pa., to her home, when she is believed to have fallen asleep at the wheel.

The road is under construction but traffic is being maintained. The road roller, which was parked at the side of the highway, is owned by Kelly and Meyer Construction Company, of Youngstown.

Mrs. Campbell suffered a concussion, laceration of the upper lip, possible fracture of the chest bone, injuries of the back, lacerations of the left knee and lower leg, and possible fracture of the right ankle. It is believed she may also be injured internally.

DEATH RECORD

Thursday, July 8, 1948

Mrs. Loretta Goshinski, 63, Osage street.

William Deane, 37, Essex Valley.

Truce Extension Effort Fails In Holy Land War

Truce Expires Friday Morn-
ing—Expect Hostilities
To Be Resumed

EGYPTIAN TROOPS START OFFENSIVE

By BENN FELLER
(U. S. Staff Correspondent)

TEL AVIV, July 8.—

Palestine's uneasy truce ended prematurely today with a violent Egyptian offensive south of Tel Aviv and U. N. mediator Count Folke Bernadotte arranged for evacuation of his peace mission observers by tomorrow.

The U. S. Aircraft Carrier Palau arrived in Haifa bay shortly after Bernadotte left for his headquarters at Rhodes.

Hostilities To Resume

He announced that Israeli authorities had accepted his proposal for a 30-day truce extension but the Arabs rejected it, and as a result full-scale resumption of hostilities is expected when the truce expires formally at 2 a. m. EDT tomorrow.

Three United States destroyers are standing by the Palau to assist in the evacuation, which is expected to be completed by noon tomorrow.

In announcing his disappointment that the Arabs would not agree to the truce extension and with all Israel tense in expectation of all-out hostilities tomorrow, Count Bernadotte asked the belligerents to halt any military action against Haifa and Beirut, Lebanon until U. N. representatives have been withdrawn.

No Prospect Of Agreement

He revealed that replies from the two sides regarding Haifa were so divergent as to indicate no prospect of agreement.

The Count said he did not consider his mission as a mediator finished as a result of this "temporary setback." He said he would continue the work assigned to him by the General Assembly "with a view to attaining on the earliest possible day a peaceful adjustment of the future of Palestine."

Israeli sources reported that the Egyptian attack involving tanks, machine-guns and artillery units, was directed against the old Jewish settlement of Beer Tuvia 23 miles south of Tel Aviv.

An Arab civilian exodus from (Continued on Page Two)

Truman To Fly To Convention

Will Go By Plane To Phila-
delphia To Accept Ex-
pected Nomination

WASHINGTON, July 8.—(INS)—President Truman will fly to the Democratic convention in Philadelphia to accept his expected nomination for the presidency.

This was learned today as the White House said that Mr. Truman "will not offer a gratuitous advice" to Gov. Thomas E. Dewey, the Republican nominee.

The President is expected to board his special plane, the Independence, as soon as he is nominated and then fly immediately to the convention city for his acceptance speech.

The White House continued to say, however, that no decision on the president's attendance at the convention was yet ready for official announcement.

Arthur Mometer

No letter or card, no basket of fish, no word from my sport writing friend, he left for the white full of vigor and vim, but his fishing vacation will end, and carry a word as to what he has caught and carry a fish have I seen and suspicion arises his luck wasn't good or the fish were not trying twice. But soon he'll be back with some glamorous tales, of the big fish that scooted away, and I'll look at my friend and laugh right in his face. It's hot, eighty-four today.

Lamb In Parade

Janel Hyde, of the Washington playground, is pictured with "George", a pet lamb, who won two prizes in Division C of the pet show parade Wednesday.

New System Of Setting Steel Prices To Begin

U. S. Steel Corp. Abandons "Basing Point" System Result
Of Court Decision

PITTSBURGH, July 8.—(INS)—U. S. Steel Corp. abandoned today the "basing point" system of setting steel prices as a result of the supreme court's recent decision banning the practice in the cement industry.

Corporation President Benjamin F. Fairless said that its steel prices will be fixed shortly at the mills or shipping point and freight charges added.

Neither he nor other officials of "big steel" would comment on whether the new system will increase or decrease prices. But Fairless stressed his belief that the new practice will result in hardships and dislocations to industry.

He declared: "In order to compete in geographical areas where competitors nearer to the buyer have freight advantages, our subsidiaries normally have quoted delivery prices low enough to equal the prices of the competitor. Competition was stimulated, and not hindered, by such a practice."

Sympathy Strike Of Miners Shows Tapering Off Today

PITTSBURGH, July 8.—(INS)—The ranks of sympathy strikers who are supporting the walkout of some 45,000 "captive" coal miners appeared to be tapering off today as the work stoppage entered its third day.

Although an estimated 35,000 commercial diggers are still out in support of the captive soft coal workers, several thousand have reported back to work and it was believed that others might return today.

Legal machinery which may give the coal and steel industries some relief from the stoppage is expected to get underway in Washington when the National Labor Relations Board decides whether to seek an injunction against the miners.

Some Observations On City's Sesquicentennial

Daily Weather Report

United States weather statistics for the 24-hour period ending at 9 a. m. today follow:

Maximum temperature, 77.
Minimum temperature, 50.
No precipitation.
River stage, 5 feet.

Statistics for the same date a year ago, follow:

Maximum temperature, 74.
Minimum temperature, 53.
Precipitation, .12 inches.

June Enlistments Puts Local Navy Station At Top

A total of 146 enlistments, 76 more than the quota of 70, placed the New Castle navy recruiting station at the top again for the month of June, figures released by the Pittsburgh headquarters revealed today.

Since the leading sub-stations are rated on percentage, Wheeling, W. Va., had the highest mark, recruiting 67 out of a quota of 31 for 216% but the local branch office far outstripped the field in total men signed. Taking third place was Youngstown, with 110.

Included in the New Castle area are Beaver Falls, Butler, Oil City and Sharon. Of these stations Oil City led in the most men—34. Fifty-two of the total came from New Castle.

Main reason for the sharp rise in enlistments was the navy's "unlimited quota" for specialty schools during the month, enlistees being able to choose any school for their training.

Reserve Officers To Meet Tonight

The Reserve Officers retirement bill, which was recently passed by congress and approved by President Truman, will be explained in detail on Thursday evening at 8 o'clock during the regular monthly meeting of the Reserve Officers Association. The meeting will be held in the association's club rooms, second floor 13 East Washington street.

Attorney Robert Jameson, who recently attended a meeting of Reserve Officers of the western Pennsylvania military district, will explain the retirement bill and how it applies to each reserve officer and will answer any question pertaining to operation of the bill.

Holiday Statistics On Cascade Park

Statistics on Cascade park, received from the office of City Controller William A. Moore for the period from June 30 including July 4, show the number of paid admissions on the following comparison:

Deleware—5408.
Swimming pool—3801.
Pony ride—1614.
Tumble bug (new concession)—3822.

These figures were increased due to the holiday week-end of July 4 and 5, Mr. Moore stated.

TRUCE EXTENSION EFFORT FAILS IN HOLY LAND WAR

(Continued from Page One)

Jerusalem was reported in anticipation of all-out fighting tomorrow.

Disappointed At Beirut. A statement issued over Bernadotte's signature indicated he would withdraw the entire United Nations mission from Palestine tomorrow and added:

"I am sorry and disappointed that hostilities are to be resumed. Since it appears quite impossible to obtain agreement of the two parties not to resume hostilities I will concentrate on obtaining a cease-fire for Jerusalem and its ultimate demilitarization."

Shatter Truce. The Egyptians were based on the settlement of Isdoud, the Biblical Asdod which lies athwart the vital Gaza-Tulkarm road which skirts the southern coast of Palestine and then swings inland through the densely-populated central areas.

Official Jewish sources said that the Egyptians, supported by tanks, machine-guns and artillery units, shattered the 27-day Holy Land truce and swept across the plain of Philistia for Beer Tuvia five miles to the east.

(In Haifa, United Nations truce headquarters confirmed that Israel had agreed to a 30-day extension of the truce but that the Arabs had refused.)

NATIONAL GUARD HEAD IMPRESSED WITH FACILITIES

(Continued from Page One)

R. W. Dana, in charge of planning and training, which was the particular reason for the visit.

The officers found the units well advanced in training and gave them a splendid rating.

Prior to the inspection visit to the armory, General Strickler and his party were guests at a dinner in The Castleton, which was attended by local political leaders, headed by County Republican Chairman Roger W. Rowland. General Strickler, in addition to commanding the 28th division, is also lieutenant governor of the state.

In Memoriam

In memory of Donald Saunders who died at his home, July 4, 1948.

There is a home not made with hands
Inside the golden door
Awaiting dear Don who's now away
Not lost just gone before
And in that home not made by hands
The Master will prepare
A place for us and when he calls
We will meet dear Donald there
Those that miss him more each day.

make." Mrs. Newton replied: "Yes, she is beautiful, I didn't know they had such beautiful girls in this town." As the Ellwood City residents left the window, they heard a "Thank you," coming from the new bride and groom who were standing in back of them looking at their wedding picture.

Good weather has assisted state highway employees in getting their center white line work on the county highways well toward completion it was reported by Alfred Martin, county highway head. Wednesday, the workmen completed Route 422 east of the city; Route 19, and Route 13. Today they are engaged on the Enon Valley-New Castle road. State police accompany the workmen to see that no one crosses the lines while they are wet.

White lines have been placed on the new highway to New Wilmington for the first time since the highway was completed last fall, but the wide route was not marked with traffic lines at that time.

Lawrence county farms are largely mechanized, it would appear from scenes in the harvest fields. Most all of the equipment used was propelled by motorized power.

NEW POWER CUM FORCED IN WEST BERLIN SECTORS

(Continued from Page One)

necessary supplies across the aerial lifeline over Soviet-occupied territory.

The curtailment was found necessary despite the increased flow of material to land-blocked Berlin through the air route.

It was disclosed meanwhile that the United States air force activities have been placed on a combat basis to fulfill supply requirements for Berlin.

Ranking air force sources said that orders to this effect came from Maj. Gen. Curtis Le May, chief of the European air force. At a conference in air force headquarters at Wiesbaden, he said: "Gentlemen, henceforth we are on a combat basis."

His announcement was qualified with the explanation that of course this should not be construed as involving hostilities.

Gen. Le May's order emphasized U. S. determination to keep supplies moving into Berlin by air in the face of various Soviet maneuvers to interfere with the aerial caravans of the western allies.

OLD TIMER'S DAY PLANS EXTENSIVE

(Continued from Page One)

is said to be good beyond his years. Samuel G. Haycock, Jr., is anticipating a complete day of competition for the John Carlyle Stewart trophy and thirty fine prizes.

Parade Saturday. In the afternoon at two o'clock the final parade will be held. This should be a mammoth affair for there are a score or more of floats entered from the various fraternal orders. The day is known as Fraternal Day and the parade promises to be the closing high light of the week.

At three o'clock there will be an aerial circus provided by army planes. This will be the second such show. On Wednesday night three planes from Penn Aero wheeled and circled over the pageant at Taggart Stadium.

Saturday closes the Sequel and the day promises to be full of fun and entertainment. And with the day, closes a week that New Castle will long remember.

DRIVER IS HELD

Norman Ross of Moravia street was arrested on a charge of driving a motor vehicle while under the influence of intoxicating liquor, on Paul street, at 1:40 a. m. today. A charge of driving while intoxicated was placed against him before Alderman Jesse Kennedy by Chief of Police Robert D. Hanna.

Deaths Of The Day

William Dones, aged 37 years, Enon Valley, died Wednesday at the Beaver Valley General hospital, New Brighton. Mr. Dones was an employee of the Beaver Falls Steel company.

Survivors include his widow, Mrs. Margaret Dones; one sister, Mrs. Frank Lorincz, Beaver Falls, and a brother, Gaspar Dones, Enon Valley.

Brief funeral services will be conducted Saturday afternoon at 1:30 o'clock, D. S. T., from the residence of his sister, Mrs. Frank Lorincz, 516 47th street, Beaver Falls. Further services will follow that afternoon at two o'clock from the Hungarian Magyar church, Beaver Falls, with Rev. Julius Kish, pastor of that church, officiating. Rev. Robert Bell, minister of Enon Valley Presbyterian church, will assist in the services. Interment will take place in Grandview cemetery, Beaver Falls.

Friends are being received at the Lorincz residence.

Funeral services for Serafino Monney, of Homewood, Pa., were held this morning at 1:30 o'clock in the DeCarbo funeral home, with a requiem mass following a nine o'clock, in St. Joseph's church. Rev. Fr. Francis C. Streiff will officiate.

Pallbearers were Victor Pera, Jacomo Jannoni, Nicholas Ross, Frank Ross, Anthony Tino and Louis Colella.

Sons of Italy members attended in a body as honorary pallbearers. Burial was in St. Joseph's cemetery.

Private funeral services for Mrs. Alice Miller, R. D. 1, Edenburg, will be conducted Friday at 2 p. m., in the DeCarbo funeral home. Rev. Johnson of the Edenburg-Hillsville Methodist church in charge. Burial will be in Greenwood cemetery.

Solemn requiem mass for Miss Mary Berger was offered this morning at 10 o'clock, in St. Mary's church, Rev. Fr. John Griffith, cousin of the deceased as celebrant of the mass. Rev. Fr. Francis McCarver was deacon; and Rev. Fr. Francis King, as sub-deacon.

Pallbearers were: Bernard Hanlon, James Brice, Thomas O'Neill, Albert Sullivan, Louis McAnaney and Guy Wadsworth.

Fr. Griffith conducted the committal service in St. Mary's cemetery.

Funeral services for Samuel Esgar were conducted from the Leyde Mortuary, Wednesday at 3:30 p. m. Rev. James A. Gaiser was in charge. Burial was in Locust Grove cemetery, Ellwood City.

Pallbearers were: H. C. Stillings, W. C. Stoner, Ralph Pierce, John Speed, John Smialewski, and W. H. Schoenfeld.

WOMAN KILLED IN AUTO CRASH

(Continued from Page One)

detail, the truck left the highway and traveled a distance of 150 feet along a ten-foot embankment, after which it overturned.

Mr. Goshinski was taken to the Ellwood City hospital, where he is being treated for a possible fracture of the pelvis. Mrs. Goshinski's body was brought to the Noga Funeral Home.

Mrs. Goshinski was born December 19, 1904 in Chicago, Ill., a daughter of Mr. and Mrs. J. Upfal. She lived in New Castle for 22 years.

She is survived only by her husband, Adam Goshinski of this city. Funeral services will be conducted Saturday afternoon at 2 o'clock in the J. R. Noga Funeral Home. Friends may call at the funeral home, after 7 p. m., today and Friday 2 to 4 and 7 to 9 o'clock. Burial will be in Oak Park cemetery.

Fireproof Paint

IMPORTED from Europe, flameproof paint prevents gasoline-fed fire from spreading through three orange crates. Half of each box was painted. After 30 minutes of fire, painted portions remained intact. James Farley of a Cleveland paint company plans to manufacture paint. (International)

CROWD LARGER AT CASTLE-CADE

(Continued from Page One)

time to prosper and grow for it is upon such cities as New Castle that the success and prosperity of Pennsylvania depends."

Li. Gov. Strickler was greeted with an ovation as he finished. As he finished his address Betty Cray, the queen of the sequel, and her court came onto the scene. Li. Gov. Strickler waited for her to finish and then escorted her from the field under a canopy of crossed swords and flags.

Colorful Production. The show moved forward with precision Wednesday night. Ken Rene, the pageant master, had worked over some rough spots during the day and light cues and narration cues worked together smoothly.

"Castle-Cade" is a delightful affair. The color of the costumes, the lights, and the overtone of music provides two hours of entertainment that is pleasurable. The prologue is a spectrum of color, the "Dearly Beloved" episode which shows an early wedding and one in later days drew a hand. The "Gay Nineties" episode drew plenty of laughs and the finale brings the entire cast onto the field stage.

There are many, many features that attract special attention. The roller skating act in the "Gay Nineties" is expertly done, the slave dance in the first episode is done with a professional flourish, the Civil War episode brings back memories, and the religious episodes have a touch of realism about them.

Standing out in every episode is the stellar work of the choir. The fact that it contains some of New Castle's best singers is the first reason for its excellence and the work of Director Richard Patterson is the second one.

Two solos were presented by Miss Peggy Esso, and if this young lady hasn't a future in vocal music, a lot of critics are wrong. She does a lovely performance and gets a well deserved hand.

Another special attraction is the Vocaleers, a male quartet that sings the New Castle song, written by Mrs. Helen L'audley with the lyric by Harry Hammond. The base of the entire musical background is the senior high school band and the band is doing its usual good job. John E. Paton is directing the band in the absence of Director Joe F. Replogle who is sick. Hardly a scene but the band is backing it with music that is timely and well played.

The horsemen are dexterous riders and add much to a number of episodes. Taken as a whole the pageant is a fine piece of work and reflects credit upon both the huge cast and the director, Ken Rene. "Castle-Cade" will be presented again tonight and through Saturday. Thus far it has been seen by about 7500 people. It should be seen by many times that number.

SCHOOL BOARD WILL NOT LEVY WAGE TAX HERE

(Continued from Page One)

thorough study of the financial picture both present and future indications and made this report.

In his opinion the board would not find it necessary to levy the wage tax this year and in his opinion it would not be necessary for at least two or three years, barring some unforeseen financial setback.

A fairly substantial balance is being carried forward as of July 1, the beginning of the fiscal year due to the fact that several capital outlays which had been budgeted had not been made.

The state subsidies will increase and taking the picture as a whole Mr. Bechtel said it was his judgment that the special wage tax was not necessary. The board accepted his opinion and dropped the whole matter.

The matter was broached several

months ago and has been under discussion since that time. Under the law it is necessary to advertise the intent to levy the tax and the special meeting was called for that purpose.

There were other elements entering into the decision. One was that a wage tax would serve to lower really levies but the effect upon the average home owner and small business man would be to increase his tax burden. As one member put it, "the large property owners and absentee landlords would benefit by the wage tax, but the average citizen would find that his wage tax would outstrip the savings in his realty tax."

Another is the fact that should there be any need for increasing the tax revenues, the board can first try the per capita tax. This is not planned at the present time and may not be, but it is an anchor to windward if need arises.

SPECULATION CENTERS ON RUNNING-MATE

(Continued from Page One)

reporters that he has not discussed vice-presidential possibilities with Mr. Truman, there was evidence that White House advisers were giving the problem plenty of thought.

The emphasis on Lane and young Wagner was added to earlier speculation on Sen. Joseph O'Mahoney of Wyoming, Rep. John W. McCormack of Massachusetts, Sen. Millard Tydings of Maryland and ex-national chairman James A. Farley of New York.

Contrary to some predictions that Mr. Truman, confident of a first ballot nomination, would seek a western running-mate, administration quarters forecast that convention leaders will "come east" to fill out the ticket.

June Enlistments Puts Local Navy Station At Top

A total of 148 enlistments, 76 more than the quota of 70, placed the New Castle navy recruiting station at the top again for the month of June, figures released by the Pittsburgh headquarters revealed today.

Since the leading sub-stations are rated on percentage, Wheeling, W. Va., had the highest mark, recruiting 97 out of a quota of 31 for 218%, but the local branch office far outstripped the field in total men signed. Taking third place was Youngstown, with 110.

Included in the New Castle area are Beaver Falls, Butler, Oil City and Sharon. Of these stations Oil City led in the most men—31. Fifty-two of the total came from New Castle.

Main reason for the sharp rise in enlistments was the navy's "unlimited quota" for specialty schools during the month, enlistees being able to choose any school for their training.

Reserve Officers To Meet Tonight

The Reserve Officers retirement bill, which was recently passed by congress and approved by President Truman, will be explained in detail on Thursday evening at 8 o'clock during the regular monthly meeting of the Lawrence county chapter of the Reserve Officers Association.

The meeting will be held in the association's club room, second floor 12 East Washington street.

Attorney Robert Jameson, who recently attended a meeting of Reserve Officers of the western Pennsylvania military district, will explain the retirement bill and how it applies to each reserve officer and will answer any question pertaining to operation of the bill.

Holiday Statistics On Cascade Park

Statistics on Cascade park received from the office of City Controller William A. Moore for the period from June 30 including July 6, show the number of paid admissions on the following concessions:

Dodge—\$406.
Swimming pool—\$301.
Pony ride—\$164.
Tumble bug (new concession)—\$622.

These figures were increased due to the holiday week-end of July 4 and 5, Mr. Moore stated.

TRUCE EXTENSION EFFORT FAILS IN HOLY LAND WAR

(Continued from Page One)

Jerusalem was reported in anticipation of all-out fighting tomorrow.

Disappointed At Result

A statement issued over Bernadotte's signature indicated he would withdraw the entire United Nations mission from Palestine tomorrow and added:

"I am sorry and disappointed that hostilities are to be resumed. Since it appears quite impossible to obtain agreement of the two parties not to resume hostilities I will concentrate on obtaining a cease-fire for Jerusalem and its ultimate demilitarization."

Shatter Truce

The Egyptians were based on the settlement of Idoulat, the Biblical Asdod while the Jewish forces were based on the southern coast of Palestine and then swung inland through the densely-populated central areas.

Official Jewish sources said that the Egyptians, supported by tanks, machine-guns and artillery units, shattered the 27-day Holy Land truce and swept across the plain of Philistia for Beer Tuvia five miles to the east.

(In Haifa, United Nations truce headquarters confirmed that Israel had agreed to a 30-day extension of the truce but that the Arabs had refused.)

NATIONAL GUARD HEAD IMPRESSED WITH FACILITIES

(Continued from Page One)

R. W. Dana, in charge of planning and training, which was the particular reason for the visit.

The officers found the units well advanced in training and gave them a splendid rating.

Prior to the inspection visit to the armory, General Strickler and his party were guests at a dinner in the Castle, which was attended by local political leaders, headed by County Republican Chairman Roger W. Rowland, General Strickler, in addition to commanding the 28th division, is also lieutenant governor of the state.

In Memoriam

In memory of Donald Saunders who left us two years ago, July 8th.

"There is a home, not made with hands
Inside the golden door
Awaits dear Don who's now away
Not lost just gone before
And in that home not made by hands
The Master will prepare
A place for us and when he calls
We will meet dear Donald there
Those that miss him more each day."

Pa Newc Observes

(Continued from Page One)

"Yes, she is beautiful, I didn't know they had such beautiful girls in this town." As the Ellwood City residents left the window, they heard a "Thank you" coming from the new bride and groom who were standing in back of them looking at their wedding picture.

Good weather has assisted state highway employees in getting their center white line work on the county highways well toward completion. It was reported by Alfred Martin, county highway head, Wednesday, the workmen completed Route 422 east of the city; Route 19, and Route 18. Today they are engaged on the Enon Valley-New Castle road. State police accompany the workmen to see that no one crosses the lines while they are wet.

While lines have been placed on the new highway to New Wilmington for the first time since the route was opened. The highway was completed last fall, but the wide route was not marked with traffic lines at that time.

Lawrence county farms are largely mechanized, it would appear from scenes in the harvest fields. Most of the equipment used was propelled by motorized power.

NEW POWER CUBS FORCED IN WEST BERLIN SECTORS

(Continued from Page One)

Necessary supplies across the aerial lifeline over Soviet-occupied territory.

The curtailment was found necessary despite the increased flow of material to landlocked Berlin through the air route.

It was disclosed meanwhile that the United States air force activities have been placed on a combat basis to fulfill supply requirements for Berlin.

Ranking air force sources said that orders to this effect came from Maj. Gen. Curtis Le May, chief of the European air force. At a conference in air force headquarters at Wiesbaden, he said:

"Gentlemen, henceforth we are on a combat basis."

His announcement was qualified with the explanation that of course this should not be construed as involving hostilities.

Gen. Le May's order emphasized U. S. determination to keep supplies moving into Berlin by air in the face of various Soviet maneuvers, to interfere with the aerial caravans of the western allies.

OLD TIMER'S DAY PLANS EXTENSIVE

(Continued from Page One)

It is said to be good beyond his years. Samuel G. Haycock, Jr., is anticipating a complete day of competition for the John Carlyle Stewart trophy and thirty fine prizes.

Parade Saturday

In the afternoon at two o'clock the final parade will be held. This should be a mammoth affair for there are a score or more of floats entered from the various fraternal orders. The day is known as Fraternal Day and the parade promises to be the closing high light of the week.

At three o'clock there will be an aerial circus provided by army planes. This will be the second such show. On Wednesday night three planes from Penn Aero wheeled and circled over the airport at Taggart Stadium.

Saturday closes the Sesqui and the day promises to be full of fun and entertainment. And with the day, closes a week that New Castle will long remember.

DRIVER IS HELD

Norman Ross of Moravia street was arrested on a charge of driving a motor vehicle while under the influence of intoxicating liquor, on Paul street, at 1:40 a. m. today. A charge of driving while intoxicated was placed against him before Alderman Jesse Kennedy by Chief of Police Robert D. Hanna.

Deaths Of The Day

William Denes
William Denes, aged 37 years, Enon Valley, died Wednesday at the Beaver Valley General hospital, New Brighton. Mr. Denes was an employee of the Beaver Falls Steel company.

Survivors include his widow, Mrs. Margaret Denes; one sister, Mrs. Frank Lorincz, Beaver Falls, and a brother, Gasper Denes, Enon Valley.

Funeral services will be conducted Saturday afternoon at 1:30 o'clock, D. S. T., from the residence of his sister, Mrs. Frank Lorincz, 516 47th street, Beaver Falls. Further services will follow that afternoon at two o'clock from the Hungarian Magyar church, Beaver Falls, with Rev. Julius Kish, pastor of that church, officiating. Rev. Robert Bell, minister of Enon Valley Presbyterian church, will assist in the services. Interment will take place in Grandview cemetery, Beaver Falls.

Friends are being received at the Lorincz residence.

Monsey Funeral
Funeral services for Serafino Monsey, Homewood, Pa., were held this morning at 8:30 o'clock in the DeCarbo funeral home, with a requiem mass following a nine o'clock, in St. Joseph's church. Rev. Fr. Francis C. Streiff will officiate.

Palbearers were Victor Pera, Jacomo Jannoni, Nicholas Ross, Frank Ross, Anthony Tino and Louis Colella.

Sons of Italy members attended in a body as honorary palbearers. Burial was in St. Joseph's cemetery.

Mrs. Miller Funeral
Private funeral services for Mrs. Alice Miller, R. D. 1, Edenburg, will be conducted Friday at 2 p. m. in the DeCarbo funeral home. Rev. Johnson of the Edenburg-Revillville Methodist church in charge. Burial will be in Greenwood cemetery.

Miss Berger Funeral
Solemn requiem mass for Miss Mary Berger was offered this morning at 10 o'clock, in St. Mary's church, Rev. Fr. John Griffith, cousin of the deceased as celebrant of the mass. Rev. Fr. Francis King, as sub-deacon.

Palbearers were: Bernard Hanlon, James Brice, Thomas O'Neill, Albert Sullivan, Louis McNaney and Guy Wadlinger.

Fr. Griffith conducted the committal service in St. Mary's cemetery.

Esgar Funeral
Funeral services for Samuel Esgar were conducted from the Layco Mortuary, Wednesday at 3:30 p. m. Rev. James A. Gaiser was in charge. Burial was in Locust Grove cemetery, Ellwood City.

Palbearers were: H. C. Stillings, W. C. Stoner, Ralph Pierce, John Speed, John Smalowski, and W. H. Schoenfeld.

Mayberry Funeral
Funeral services for Henry Mayberry, Sr., of Cameron avenue, were held Wednesday afternoon at 2 o'clock, with Rev. Richard Baldwin of Sharon in charge, assisted by Rev. W. J. McCune.

Palbearers were: Roy and Wilbur Jenkins, Roy Brown, A. Workman, Lloyd Cunningham and Donald Van Allen.

Burial was in Castle View Burial Park.

Woods Funeral
Funeral services for Franklin Rittenhouse Woods, 423 Sheridan avenue, were conducted Wednesday afternoon at 2 o'clock from the late residence with Dr. Robert F. Galbreath, pastor of the First Presbyterian church, officiating.

Austin A. Webb, James Rugh, Robert M. White, Ronald Anderson, George Ramsey and Harry Elder served as palbearers.

Interment took place in Oak Park cemetery.

CROWD LARGEST AT CASTLE-CADE

(Continued from Page One)

to prosper and grow for it is upon such cities as New Castle that the success and prosperity of Pennsylvania depends."

Lt. Gov. Strickler was greeted with an ovation as he finished. As he finished his address Betty Cray, the queen of the sesqui, and her court came onto the scene. Lt. Gov. Strickler waited for her to finish and then escorted her from the field under a canopy of crossed swords and flags.

Colorful Production

The show moved forward with precision Wednesday night. Ken Rene, the pageant master, had worked over some rough spots during the day and light cues and musical cues worked together smoothly.

"Castle-Cade" is a delightful affair. The color of the costumes, the lights, and the overtone of music provides two hours of entertainment that is pleasurable.

The prologue is a spectrum of color, the "Dear Beloved" episode which shows an early wedding and one in later days drew a hand. The "Gay Nineties" episode drew plenty of laughs and the finale brings the entire cast onto the field stage.

There are many, many features that attract special attention. The roller skating act in the "Gay Nineties" is expertly done, the slave dance in the first episode is done with a professional flourish, the Civil War episode brings back memories, and the religious episodes have a touch of realism about them.

Stellar Choir

Standing out in every episode is the stellar work of the choir. The fact that it contains some of New Castle's best singers is the first reason for its excellence and the work of Director Richard Patterson is the second one.

Two solos were presented by Miss Peggy Ezzo, and if this young lady hasn't a future in vocal music, a lot of critics are wrong. She does a lovely performance and gets a well deserved hand.

Another special attraction is the Vocalists, a male quartet that sings the New Castle song, written by Mrs. Helen Lindley with the lyrics by Harry Hammond.

The base of the entire musical background is the senior high school band and the band is doing its usual good job. John E. Finton is directing the band in the absence of Director Joe F. Hopley who is sick. Hardly a scene but the band is backing it with music that is timely and well played.

The horsemen are dexterous riders and add much to a number of episodes. Taken as a whole the pageant is a fine piece of work and reflects credit upon both the huge cast and the director, Ken Rene.

"Castle-Cade" will be presented again tonight and through Saturday. Thus far it has been seen by about 7500 people. It should be seen by many times that number.

**WOMAN KILLED
IN AUTO CRASH**

(Continued from Page One)

detail, the truck left the highway and traveled a distance of 150 feet along a ten-foot embankment, after which it overturned.

Mr. Goshinski was taken to the Ellwood City hospital, where he is being treated for a possible fracture of the pelvis. Mrs. Goshinski's body was brought to the Noga Funeral Home.

Mrs. Goshinski was born December 19, 1884 in Chicago, Ill., a daughter of Mr. and Mrs. J. Upfal. She lived in New Castle for 22 years.

She is survived only by her husband, Adam Goshinski of this city. Funeral services will be conducted Saturday afternoon at 2 o'clock in the J. R. Noga Funeral Home.

Friends may call at the funeral home after 4 p. m. today and Friday 2 to 7 and 7 to 9 o'clock. Burial will be in Oak Park cemetery.

SCHOOL BOARD WILL NOT LEVY WAGE TAX HERE

(Continued from Page One)

extensive study of the financial picture both present and future indications and made this report.

In his opinion the board would not find it necessary to levy the wage tax this year and in his opinion it would not be necessary for at least two or three years, barring some unforeseen financial setback.

A fairly substantial balance is being carried forward as of July 1, the beginning of the fiscal year due to the fact that several capital outlays which had been budgeted had not been made.

The state subsidies will increase and taking the picture as a whole Mr. Bechtel said it was his judgment that the special wage tax was not necessary. The board accepted his opinion and dropped the whole matter.

The matter was broached several

months ago and has been under discussion since that time. Under the law it is necessary to advertise the intent to levy the tax and the special meeting was called for that purpose.

There were other elements entering into the decision. One was that a wage tax would serve to lower really levies but the effect upon the average home owner and small business man would be to increase his tax burden. As one member put it, "the large property owners and absentee landlords would benefit by the wage tax, but the average citizen would find that his wage tax would outstrip the savings in his realty tax."

Another is the fact that should there be any need for increasing the tax revenues, the board can first try the per capita tax. This is not planned at the present time and may not be, but it is an anchor to windward if need arises.

SPECULATION CENTERS ON RUNNING-MATE

(Continued from Page One)

reporters that he has not discussed vice-presidential possibilities with Mr. Truman, there was evidence that White House advisers were giving the problem plenty of thought.

The emphasis on Lane and young Wagner was added to earlier speculation on Sen. Joseph O'Mahoney of Wyoming, Rep. John W. McCrackin of Massachusetts, Sen. Mildred E. Tamm of Maryland and ex-national chairman James A. Farley of New York.

Contrary to some predictions that Mr. Truman, confident of a first ballot nomination, would seek a western running-mate, administration quarters forecast that convention leaders will "come east" to fill out the ticket.

JOINT SHOWER FOR AUGUST BRIDE-ELECT

Mrs. Stephen A. Voras and Mrs. Clarence L. Park entertained jointly at a personal shower at the latter's home, 408 Epworth street, for Miss Laura May Shoaff, an August bride-elect, Tuesday evening.

Games furnished entertainment for the group of twenty-five guests with prizes going to Mrs. Olive Shoaff and Miss Evelyn Park.

The honoree received a shower of personal gifts.

At a later hour, a lunch was served on trays with a color scheme of pink and white carried out. Aides were Miss Ann Nero and Miss Dora O'Neill.

Mrs. William Rhyal, of Plaingrove, was an out-of-town guest.

Miss Shoaff, daughter of Mr. and Mrs. M. I. Shoaff, of the East Brook road, has chosen August 10 as the date for her forthcoming wedding to Ralph Gush, of this city. It was revealed to guests.

Fandori-Gransky
The home of Rev. Samuel C. Baker, R. D. 1, was the scene of a quiet wedding uniting in marriage Miss Dorothy Fandori, daughter of Mr. and Mrs. James Fandori, of R. D. 6, and Carl Gransky, son of Mr. and Mrs. Alexander Gransky, of 2106 Hartman street, on July 3.

Rev. Baker officiated at the single ring ceremony at 10 o'clock Saturday morning. The couple was unattended.

Mr. and Mrs. Gransky will make their home in New Castle, where he is employed at the Johnson Bronze Co.

Friday
Sesquicentennial Old Times Day.

KINKELA-KENNEDY ENGAGEMENT TOLD

Mr. and Mrs. Louis Kinkela, of North Main street, Bessemer, announce the engagement of their daughter, Rowena Kinkela, to Charles A. Kennedy, son of Mr. and Mrs. Frank Kennedy, 370 Neshannock avenue, this city.

No date has been set for the wedding.

HEATON-KIRKWOOD CEREMONY QUIET

In the parsonage of the Methodist church of Wampum on Saturday, July 3, Miss Betty Jane Heaton, daughter of Mr. and Mrs. Bartholomew Heaton of 529 Fourth avenue, Koppel, became the bride of Robert Melvin Kirkwood, son of Mr. and Mrs. James Kirkwood, of Beaver street, Wampum.

Rev. Jack Boyd officiated at the single ring ceremony at 10 o'clock in the morning.

The bride wore a white crepe street-length dress, and a corsage of white flowers, was attended by her sister-in-law, Mrs. Bartholomew Heaton, Jr. Mr. Heaton, Jr., served the groom as best man. Mr. and Mrs. Kirkwood will reside in Koppel. She is employed at the Mayer China Co. in Beaver Falls and he at the Elastic Company in Wampum.

L. O. O. Club
Mrs. Floyd Semione, Division street, received the L. O. O. club, Wednesday afternoon.

Sewing and crocheting was the pastime for the group. Plans were made for a theatre party next Wednesday evening, after a meeting in the afternoon with Mrs. Joseph Dunali, Laurel boulevard.

Mrs. Angeline Frasso aided the hostess in serving a tasty lunch.

CWYNAR ZVANYA AFTERNOON WEDDING

On the thirty-seventh anniversary of the wedding of her mother and father, Sunday, July 4, Miss Jane B. Cwynar, daughter of Mr. and Mrs. Joseph Cwynar of 754 Arlington avenue, became the bride of George Zvanya, of Richmond street, Philadelphia, at a ceremony performed in the Polish Holy Trinity church at 2 o'clock in the afternoon. Rev. Edward Kuzmicki officiated.

The bride wore a white satin wedding gown, its yoke embroidered in seed pearls, and her veil of French illusion, fell from a coronet headpiece of white satin and embroidered in seed pearls and caught at the sides with clusters of stephanotis. She carried a bouquet of gardenias, white roses, and white carnations, centered with a corsage of gardenias.

As her maid of honor her sister Miss Helen Cwynar, wore a hoop-skirt gown of white dotted marquisette and another sister, Miss Frances Cwynar, wore a gown of white dotted marquisette of a similar style. Both attendants wore headpieces of stephanotis and carried large arm bouquets of pink roses and stephanotis.

Vincent Zvanya, of Philadelphia, served as best man and Thomas Knapp, ushered.

Miss Verna Drapko at the organ sang "Because" and "Love Song: A Little Gift of Roses."

Following the ceremony there was a reception at the home of the bride's parents, where at 6 o'clock a wedding dinner was served to members of the immediate families.

Mr. and Mrs. Zvanya left on a trip to the Pocono Mountains and will continue on to Philadelphia, where they will take up residence on Richmond street.

Mrs. Zvanya is a nurse affiliated with the Visiting Nurses Society of Philadelphia, and Mr. Zvanya is an engineering draftsman.

H. B. Roberts Family Reunion
Members of the H. B. Roberts family, numbering 47, enjoyed their second yearly reunion July 5 at Harding park, Hubbard, O. A picnic meal was served at noon and in the evening under the leadership of Mrs. Clare Lutz, general chairman. Ball and shuffleboard were diversions of the day.

Since last year three weddings and two births were reported. Officers, re-elected, are: president, Harry Smith, Jr.; secretary, Mrs. Paul Roberts, and treasurer, Miss Betty Lutz.

NAZARENE CHURCH SCENE OF WEDDING

Before an altar embanked with palms, ferns and candelabras, Miss Betty Marie Williams, daughter of Mr. and Mrs. Charles Williams, 104 South Crawford avenue, became the bride of Jack Ridenbaugh, son of Mr. and Mrs. William J. Ridenbaugh, 440½ Court street, at an open church ceremony solemnized in the Church of the Nazarene on July 3 at 7:30 p. m.

Rev. George Sarber, pastor of the church, officiated, using the double ring service.

The bride, given in marriage by her father, was lovely in a gown of white satin bodice, with long tapering sleeves, a full skirt of celanese ending in a long train, with her finger-tip veil falling from a crown of orange blossoms. Her only jewelry was a triple strand of pearls, a gift of the groom. She carried an arm bouquet of white roses with streamers caught with baby breath.

As matron of honor, Mrs. Ethel Krause, sister of the groom, wore a gown of yellow celanese with matching mittens and headpiece. She carried a colonial bouquet of roses and carnations. Bridemaid, Mrs. Dorothy Kluckey, wore a gown of pink celanese with matching mittens and headpiece and carried a colonial bouquet of roses and mixed flowers.

Robert Krause served as best man, while ushering were Robert Cover and Robert Williams, brother of the bride.

As soloist, Mrs. George Sarber sang, "I Love You Truly," "Oh Promise Me" and "We Are There." Rev. Everett Dowling accompanied at the piano.

Witnessing the ceremony were two Christians from India who saw for the first time an American wedding.

Following the ceremony, the bridal party were congratulated in the church vestibule with a reception taking place in the green room of Y. W. C. A. amidst a candlelight setting. The reception was arranged by Miss Mabel Welmer with appropriate music provided by local musicians.

Mrs. Ridenbaugh is an employee of Neisner Bros. while Mr. Ridenbaugh is employed at the Johnson Bronze Company. The couple left on a trip to Buffalo and Niagara Falls and upon their return, will be at home to their many friends at 440½ Court street.

HI-LO CLUB HONORS MEMBER AT PARTY

Mrs. Ben Newkirk of 201 North Ray street, entertained members of the Hi-Lo club, at her home on Wednesday evening. The event took the form of a shower honoring Mrs. Gale McCoy.

Tables of 500 were in play, with prizes being captured by Mrs. L. Vanassa, Mrs. Jack Masters, and Mrs. Wendell Morris. Guest prize went to Mrs. Dickson, the hostess' mother.

The table was decorated with a large umbrella hung from ceiling, having pink and white streamers, suspended from which, were miniature dolls. A tasty lunch was served by the hostess, Mrs. Bert Baker and Mrs. Vanassa were aides.

The guest of honor received many lovely gifts. Each guest received a doll as a favor.

Next meeting of the club is scheduled for Wednesday evening, July 21, at the home of Mrs. Leroy Trimble of Mulberry street.

CATHOLIC DAY COMMITTEES MEET

Cletus Martin, general chairman of Catholic Day on August 11, met with his committees, Wednesday evening in Frenzel's office, and all groups gave their own reports.

William DeCarlo of entertainment; Joe Frenzel, park arrangements; Nicholas Casalandra, tickets and Joe Travers, speaker's program.

Final plans are already being arranged for the day celebration. In a week announcements will be made as to the schedule and program for the entire day.

L. E. SIMON RELIEF CORPS NO. 11 MEETS

Louis E. Simon Relief Corps No. 11, auxiliary to the Grand Army of the Republic, met in Malta hall Wednesday evening for a business meeting with Mrs. Florence Hoover presiding followed by a social hour with games as the pastime.

Prizes went to Mrs. Irene Cage, Mrs. Inez Shook, Mrs. Rebecca Strong, and Mrs. Edith Hahn. A lunch was served after play.

Plans were made for a tag day July 17.

Next meeting will be for business on July 21.

June Brides Feted

The lawn at the home of Mrs. R. E. Hamilton, Winslow avenue, was the scene of a picnic supper for the office force of the New Castle store on a recent evening.

The occasion also honored two June brides, Mrs. Donald Gillich, (nee Donna Cornelius), and Mrs. Chester Walter, (nee Rilla Carr).

Following the delicious picnic supper the two honored guests were presented with gifts for their home by their co-workers. Later, Miss Virginia Delaney, favored with several piano selections with group singing also being enjoyed.

The committee in charge included: Mrs. Thomas Edmunds, Mrs. R. E. Hamilton, and Miss Luella Rowe.

At least 4,000,000 Americans have some sort of heart trouble, according to the American Heart Association, Inc.

THIS WEEK NEW CASTLE OBSERVES ITS 150TH YEAR OF PROGRESS.
LET'S JOIN IN THE CELEBRATION.

Sheer Dresses \$25.00

Very dressy... very "advance-season" look... stressing the new silhouette with a clever drape that falls into a back bustle... With cap sleeves and jewelry neckline... In black sheer crepe. Sizes 10 to 18—8 to 15.

Strouss-Hirshberg's

SINCE 1875

Bequiling Black

In tune with the temperature are these cool, smooth-looking Blacks! See these summer-proof sheers with the hip swathing fullness, side drapery, and intricate back interest. Come see them... wear them... now, and right through the fall season.

Second Floor, Please!

Sheer Dresses \$17.95

Always and everywhere this summer... there's nothing so cool and right for town as these black sheer crepe dresses... With delicate lace top over pale color insert, cap sleeves and jewelry neckline. The skirt is emphasized by a low overdrape. Sizes 10 to 18.

Other Lace Yoke Dresses, \$14.95 to \$25

TRIBUTE TO A TROOPER
... is a very slowly when

we were saving a huge machine. And the trooper on the highway knew his car we both had seen. I knew he knew we didn't mean to break a safety law. So I couldn't understand it when his sign to stop I saw. "I have stopped you for a warning," he politely said to me. "I have to turn you over to the police, and the contempt of court for economy and for their personal affairs saps the strength and stuns our national character."

Statisticians report a 10 percent reduction in divorces in the East and Midwest for 1961. They are still totaling the figures in Hollywood.

Chicago reports that reached an all-time high livestock market recently is time for the President the famous order of the division shortly before forbidding the slaughter of male steers."

One big problem of our his war plans is where to get any lend-lease things.

There is a story that the 60th Congress, which has just adjourned, had the suggestion to it that a Three-Dollar Bill be printed by the Treasury Department bearing an engraving of the late President.

But I'm writing these few verses,
which he may or may not note.
As a tribute to a trooper I am hoping
he'll promote.

I was glad to have him stop me,
since his conduct made it plain
That a man can be a trooper and a
gentleman remain.

IKE STILL MEANS NO

Despite the plaintive pleas of some disgruntled Democrats, General Dwight D. Eisenhower still refuses to have any part of a plan to nominate him for the presidency. Ike has said "No" and apparently means it, just as he did when he said "No" to a group of Republicans.

The attempt to replace President Truman as the man to nominate borders upon the ridiculous. To refuse to nominate Truman would be an admission of weakness upon the Democratic party, more, it would be an admission that Democrats themselves believe the criticism hurled at the president by the Republicans is true.

If and when the dissenters within the Democratic party finally believe General Eisenhower means what he says, they will probably consolidate upon Justice William O. Douglas, of the Supreme Court. Here again they will probably meet with failure. Justice Douglas is a smart man, we believe. No smart man would give up a lifetime job at \$25,000 per year to wage a campaign that seems doomed to defeat.

Four years ago these same dissenters assured the nation, with ringing oratorical phrases that Harry S. Truman was the man to stand side by side with President Roosevelt. It can be assumed that they took into consideration the possibility of President Roosevelt's death, hence if they were honest they were nominating a man for vice president they felt could step into the president's place when necessary.

President Truman has had a difficult time. We believe he is fundamentally honest and sincere, albeit lacking something in capacity. Under the rules he is entitled to the nomination next week in Philadelphia. It seems certain he will get it.

What we would like to know is, how do such leading Democrats as Boss Crump, Frank Hague and Jacob Arvey expect to recall the barbs they have hurled at Truman. And if they are true today, what about next November?

SCHOOLS MAKE VOTERS

A few critics express doubts of a principle most Americans consider axiomatic—which is that a self-governing people must train itself to govern. This nation's free public school system has been founded on this conviction but the critics, pointing to some of the products of the high standard of American literacy, ask if the nation is in fact building an enlightened and responsible citizenry.

It is a pertinent question. And the quality of American magazines, radio programs and motion pictures must make any thoughtful American a little unsure of the answer. Yet from time to time, fortunately, evidence appears that helps to restore faith in education—and in the capacity of the people to make use of it.

Such a piece of evidence is "The Voter and the Non-Voter," a study made public by the National Education Association. It shows that the higher the education and economic level of citizens, the greater the proportion of those who vote. It also shows that on all economic levels the percentage of those who vote varies directly with educational attainments.

In 1940, the survey reports, 81 per cent of those who had gone to college voted in the election as compared to 67 per cent of high school graduates and 61 per cent of those who went no further than grade school. That is proof that education does instill a sense of civic obligation in those who get it.

SOUNDS COMMUNIST

Luis Tarue, the Filipino peasant leader of the Hukbalahaps, who was just granted amnesty for himself and his rebel band, now give notice that his crowd will demand removal of American troops and bases from the Philippines. He also wants all special privileges for American trade eliminated.

Since the Bell Act for this international trade is really a sort of modified Marshall Plan, to help the new Philippine nation to get on its feet, and was held by the late President Roxas as essential to recovery, this attitude of Tarue's is strange. It is less mystifying if seen in the light of the communist party line.

Among the most obvious Soviet desires are these two: That the U. S. foreign aid plans fail, and that U. S. armed forces, military and naval, be removed from foreign soil wherever they may be. While President Roxas lived, he refused to deal with Tarue and his "Hunks" who he said were communist-inspired.

Tarue is apparently willing to take his followers down into that strange, poverty-stricken martyrdom which the Soviet inflicts upon its true believers. The present struggling nation can go hang.

It is unlikely that the great mass of Filipinos will have anything to do with Tarue now. They value American help and trade and are glad of the presence of the Air Force at Clark Field in Luzon, and of the naval base at Sanaig Island. The Japanese, they feel, may not have been the last aggressors to have designs on the Philippines.

Most Americans, while they do not favor changing the form of our government, think it could be improved by removing some of the surplus fat around Washington.

In View Of News Of The World

By J. C. Ostericher, INS Foreign Director

The calm insistence by the United States Army High Command that its role in peacetime is simply that of a State Department agency was vindicated today.

Action of the United States, British and French governments in taking to "government level" the seemingly insoluble problem posed by Soviet Russia's stubborn and costly blockade of Berlin was a tribute to American military patience and correctness.

It was the direct opposite of any rebuke to Gen. Lucius D. Clay, British General Sir Brian Robertson and French General Joseph Pierre Koenig the Allied Military Governors who have maintained an almost impossible job at top-level efficiency.

It was, on the other hand, a testimonial to the fact that they did everything in their power, with due regard to decorum, tradition and protocol and failed only in one respect.

Short of "shooting it out," they were unable to budge Marshal Vasiliy D. Sokolovsky from rigid adherence to orders obviously received from Moscow to transform his own military establishment into a machine of propaganda and political expansionism.

Placed On Stalin

Thus the fate of Berlin has been placed squarely in Premier Joseph Stalin's hands.

He may make counter-proposals or suggest a compromise. At the moment, few observers are willing to hazard a guess as to what he will do.

He can relieve the pressure and thus pave the way for another meeting of the Big Four Council of Foreign Ministers. This is devoutly desired by many high Soviet officials.

(1) A vast new opportunity to spread the Kremlin "line" throughout troubled Europe and.

(2) Possibly recapture some of the valuable prestige lost in recent months.

Or he can let things stand as they are.

Test of Endurance

Should he choose the latter course, the Berlin problem would seem primarily to develop into a

The Parent Problem

By Garry C. Myers, Ph. D.

IF CHILD WON'T TALK TO ADULTS

Many mothers write me of the child who won't talk to adults. Some are six months to four or five years old. Some are six or ten months old who cry violently when approached, touched or spoken to by a strange grown up, even while in the mother's presence, or of the tot two or three years old who won't talk to adults.

Perhaps when his mother is with him on the street and a friend of the mother engages her in conversation the child will hang his head, chew his lip and utter not a word. Then the friend will press the child to speak and the mother will join in at tormenting him. Writing about such a child the mother usually says, "I am so embarrassed over the matter."

To this I reply, "You embarrassed? What about the poor child? He is paralyzed with fear. He just can't speak. He is afraid. If only you had some imagination and would put yourself in this youngster's place you would know how he feels. Then, instead of urging or scolding this child or threatening him with punishment for his suffering you would try to be humane."

You would divert the friend's attention from the child and protect this little sufferer. I discuss this matter at length in my bulletin, "Your Child and His Playmates," to be had in a stamped envelope, by writing me at 235 East 45th Street, New York, N. Y.

School-Age Child

Occasionally a letter comes to me about the child of school age, even of one in his teens, who is too timid to talk to adults. Of a girl nine years old her mother writes:

"She is very intelligent and she talks well at school but when she is at home or meets people she never talks to them. When they ask her how she is she never answers or says hello to anybody, even to neighbors and other people she has known for years. When they talk to her she stares at them and never answers a word."

I am really embarrassed every time people come to our house or when we go some place. She talks and acts like other children at school or when we are at home by ourselves.

Not Polite

"I tried to make her talk by telling her that it is not proper or polite to do so. She does tell her different stories about the subject, but nothing makes her improve. She has been bashful since she was a baby and year after year I hoped she was going to overcome it. But I failed and don't know what to do with her. In the self-addressed stamped envelope, won't you advise me?"

In answering this mother personally I told her I knew her child had tried to help this child, but that in her eagerness to help her she had defeated her purpose. Since this child speaks freely at home when no one else is there and speaks normally at school, you can be pretty sure that, unawares you parents have created the problem.

Quit talking to her about the matter or showing embarrassment when she does not speak to your friends. Aim even to feel no embarrassment. Just try to imagine yourself in her place and then act accordingly. Please study carefully the enclosed bulletin: "The Lonely, Timid Child," which you may have by writing me at 235 East 45th Street, New York, N. Y. Remember that she is not so much afraid of the stranger as she is of the way you will act if she talks or does not talk to him.

test of endurance except for one

major factor.

This is the Allies' presumption that they have hardly tapped their immense resources to establish the West-to-East "air lift" whose amazingly successful operations are being impeded only by fog and other unfavorable weather conditions.

It must not be forgotten, however, that the aerial shuttle was set up in a hurry and in an emergency and advisers had planned on such an eventual, but probable, "real wartime" scale.

This means that in the reservoir of their resources must be literally scores of undisclosed aids and appurtenances. Allied military leadership doubtless is loath to trot out too many of its latest secrets where prying Soviet eyes might learn a few lessons this may be one of the impelling factors to Soviet strategy by the way.

But surprise may be in the offing. Their governments have said "stay," and stay in Berlin the Allied commanders will.

Looking At Life

By Erich Brandeis

It seems to me that the whole country has the jitters. People are nervous. Their minds seem to be somewhere else. They look far away into nothing and you wonder what they are thinking about.

But it is no wonder. The news is too much for the normal person. Events are too big, too complicated. It's more than you and I can take, all in one sitting.

So we have mental indigestion.

I have a remedy for that ailment. It has helped me, and I am sure it will help you. I am sure it will help you.

The remedy lies right in your newspaper. In that paper of yours there are the big scare-heads. Russia. Palestine. Train wrecks. Floods. Truman calls Congress "special privilege boys". Congress calls Truman "nincompoop".

That's the indigestion stuff. You've got to read it because, if you don't, you don't know what is going on and you are considered a "nincompoop" by all your friends and associates.

But the remedy for your indigestion is in that very same paper of yours.

It's the small stuff. It's the classified ads. It's the little fillers. It's the society news. It's the department store advertising.

That's your life. That's my life. Stalin or Count Bernadotte has nothing to do with that. They can't come into your living room, your bedroom, your kitchen. And that's where you live, not in Russia or Palestine.

For instance, here is a tiny announcement saying that the A. B. C. Pipe Nipple Co. has gone out of business and that all its merchandise, fixtures, etc. have been sold.

A pipe nipple company! Imagine somebody has tried to make a living out of manufacturing and selling pipe nipples.

And, apparently, that somebody has failed.

So here is a tragedy much greater than whatever might happen in Europe or in Asia.

A whole drama in a four-line announcement.

Here's another item—from Paris: "Claude Rode's first fall millinery collection concentrates on a range of colors inspired by autumnal vegetables."

If that isn't enough to take every woman's thoughts away from the indigestible front-page news, I'll eat my vegetables without a murmur.

Is your champagne bucket worn? Well, here is a new one for only \$10.95, with stand \$25. And in case you are short of champagne glasses, here is a special bargain in hollow-stem ware for the ridiculously low price of \$1.50 each!

Here is a most important item from out of the Society news: "Friends report that engagement news can be expected from Helena Frances White and William Davies. Helena is known to her friends as Pitt."

If you get mad at what is going on in Europe and in Congress and all over the world, imagine this: I asked my wife for some boiled beef with horseradish sauce—a dish I love. I had some last night. When I was all through she told me she had to pay \$1.05 a pound for boiling beef!

That's really something to get mad about.

From Me To You

By MESECALL

Tomorrow, July 9, has been designated as Old Timer's Day in the Sequelentennial. It is also the official Old Timer's Day for 1948, a day that has been set aside for many years to renew old friendships. The best way we can express a genuine feeling toward this day is to take the words of one old timer.

Well, well, here we are again, my how the time does fly. You just can't keep those people away. I'll tell you the reason why: Many were born in this section, later on they drifted away. But after a thorough inspection, they decided not to stay.

At least not permanent but made a vow, to return once a year. They are just in time to help enjoy the Sequelentennial while here; We're glad, for it won't happen again for one hundred and fifty years. This generation will pass away, then others will enjoy it with cheers.

It does our hearts good to see our old friends, sorry they can't stay, it brings back sweet memories that will never end, but say, We must make them feel right at home, while they're here. No matter what the conditions, we expect them back next year.

In closing let us thank one and all for coming back once more. If you can't come again, God bless you and then we'll meet on the other shore.

—John Weyer

Poor Richard's Almanack

Washington Calling

(By Marquis Childs)

Leader Is Democrats Need

WASHINGTON, July 8 — Al-

ready the obituaries are being written for the Democratic party. The funeral clothes are being brought out and carloads of socks and shoes are on order for Philadelphia.

Historical parallels are cited to show why the party is through. The quarrel over civil rights is compared with the battle over slavery which tore the party in two in 1860.

There seems to be good and sufficient reasons for calling in the undertaker. It is hard to see how the utterly dissimilar elements that are yoked together can ever again be reconciled behind a ticket that has a chance of victory.

The dissident Democrats who promoted the Eisenhower draft certainly have not helped their party in this crisis. They could scarcely have believed that Eisenhower would yield to the draft strategy. His record was too clear and positive for that even before his latest refusal to accept any nomination for public office.

There was something almost patently childish in the way in which both the Southern wing and the Liberal-Labor wing some leaders clung to the hope that the war hero would restore their dilemma. They were asking for a miracle, and miracles in politics are all but nonexistent.

Outlook Is Dismal

The Southerners, in particular, cherished the delusion that Eisenhower could be forced to run. They were inclined to be indignant at hints from Northern Liberals that

In the 1928 convention the city wing won out, and Al Smith was the nominee. He went down under the worst defeat up to that time, carrying only eight states for a total of 87 electoral votes. For the first time, the Solid South was split with Texas, Virginia, Florida, and North Carolina going for Herbert Hoover.

Then, too, the obituaries were trotted out. The Democratic party had once and for all demonstrated that it was an impossible combination, half horse and half alligator, that could not survive.

FDR Restored Party

Four years later with Franklin D. Roosevelt as the candidate, the party staged a remarkable comeback. It has remained in power for 16 years.

A great deal has happened since those obituaries of 1928 were written. Progressive forces in the South have modified the party there to an even greater extent (Continued on Next Page)

Nothing has been heard recently from the Vegetarian candidate for President, but I understand he's still as cool as a cucumber.

If elected he intends to abolish meat-eating but he's two years too late.

Anyway the ceaseless fight against high living costs goes on... the Department of Agriculture has spent 10 million dollars so far this year to keep up the price of potatoes.

They've tried buying 'em, burying 'em, burning 'em... everything but eating them.

PHILADELPHIA—Joseph Nachman, manufacturer who opened the Eisenhower for President headquarters in Philadelphia...

"We are going to broaden our movement. We will not quit. Our movement is not political. It is not confined to the Democratic party, but it is a National Movement."

WASHINGTON — Sen. Claude Pepper (D. Fla.)... "General Eisenhower would accept the nomination if the Democratic party made it plain it did not expect 'Ike' to conduct a 'Democratic Administration'..."

WASHINGTON — Sen. Claude Pepper (D. Fla.)... "General Eisenhower would accept the nomination if the Democratic party made it plain it did not expect 'Ike' to conduct a 'Democratic Administration'..."

WASHINGTON — Sen. Claude Pepper (D. Fla.)... "General Eisenhower would accept the nomination if the Democratic party made it plain it did not expect 'Ike' to conduct a 'Democratic Administration'..."

WASHINGTON — Sen. Claude Pepper (D. Fla.)... "General Eisenhower would accept the nomination if the Democratic party made it plain it did not expect 'Ike' to conduct a 'Democratic Administration'..."

High Offices For Women

By PAUL GALICCO

Mme. Clare Booth Luce has written an elegant piece in the papers suggesting to the Democrats who are about to gather in convention that if they wish to present a strong ticket to oppose the powerful Republican team of Dewey and Warren, they nominate Mrs. Eleanor Roosevelt for Vice President of the United States.

And having made the suggestion she adds, "Did I hear somebody explode with anger, astonishment, pain, indignation or fear? Then a man is reading this column."

I wish to go on record as being one gent who encountered Mrs. Luce's proposal and read it without the slightest trace of anger, astonishment, pain, indignation or fear, though I must add I perused it with considerable interest and speculation.

Not Shocked

The idea of a Madame Vice President does not shock me in the slightest. Does it you?

If you do not believe that a woman is capable of taking her place at the head of a state, you have only to look across the sea to your British cousins who, if things are not going so well for them at the moment, were once the proprietors of one of the great world empires. That empire had its foundation upon the rule of one British Queen, Elizabeth, and saw its greatest expansion under the rule of another, Victoria. Its new hereditary ruler will be another Queen Elizabeth. The British are looking forward to the day. They believe that queens are lucky for them.

You may hold that the original Elizabeth, daughter of Henry VIII was manipulated into the job by the men folk, but when she got there she was the boss, as the boys soon found out. For her, Francis Drake blew the Spanish Armada out of the water, and Walter Raleigh colonized the new world and broke the power of Spain on the North American continent. And they tell me that Victoria too had a mind of her own.

More For High Posts

I know that there has been but one woman to reach Cabinet rank in American government, she being Madame Secretary of Labor, Frances Perkins, under the late President Roosevelt. It is high time that one of them were admitted to high posts in the Republic. They certainly cannot perform worse than many of the men we have elevated to office and it is quite conceivable that some of them would do a good deal better.

I hope you will not be tempted to serve me up a slice of that old knackwurst entitled, "Woman's place is in the home!" because, then I must counter with the question, "What on earth is she doing there?" and defy you to answer it, unless you refuse to admit that times have changed and this is a gadget-minded world.

If with the equipment today placed within the reach of practically every American family, a woman cannot take care of and run her house with a minimum of a couple of hours' work a day, then she isn't much good anyway. What do you expect her to do with the rest of her time, its around and moon over the impending return of her dream prince-lover-husband from the office? Bringing up her children is a full-time job, but what when they are grown? Why should the energy and brains of a human being be wasted just because she is a woman?

Trial Balloon

The tag to the trial balloon sent up by Mrs. Luce reads, "I dare to suggest this winning formula to the Democrats because it is almost certain that, being men first and Democrats second, they will not have the courage, vision or intelligence to adopt it." This would seem to indicate a low estimate of the sex to which I have the honor to belong and perhaps it is justified. I could not quite make out whether it was addressed to Democrats alone or whether it was also a flea for the ear of Republicans, a delayed-action flea calculated to bite, let us say, in 1952.

At any rate, when the time comes that a Madame Vice President is proposed and seconded, you will not see Galicco blench. (Distributed by McNaught Syndicate, Inc.)

BIBLE THOUGHT

Servants, obey in all things your

masters, according to the flesh; not with eyeservice, as men please; but in singleness of heart fearing God; and whatsoever ye do, do it heartily, as to the Lord, and not unto men; knowing that of the Lord ye shall receive the reward of the inheritance; for ye serve the Lord Christ. But the doing wrong shall receive the recompense of wrath, which is as the Lord's doing; and there is no respect of persons. Colossians 3:22-25

The World and the Mud Puddles

FORE AND AFT

Here is word out of the past

from a great Democratic President, Grover Cleveland:

"Very thoughtful American must realize the importance of checking at its beginning any tendency in public or in private station to regard frugality and economy as virtues we can safely outgrow. The deterioration of this idea results in the waste of the people's money by their chosen servants and encourages prodigality and extravagance in the home life of our countrymen. Under our scheme of government the waste of public money is a crime against the citizen, and the contempt of our people for economy and frugality in their personal affairs deplorably saps the strength and sturdiness of our national character."

Statisticians report a twenty per cent reduction in divorces in the East and Midwest for 1947. They are still totalling the figures from Hollywood.

Chicago reports that stars reaching an all-time high on the livestock market recently. Maybe it is time for the President to invoke the famous order of the OPA meat division shortly before its decrease forbidding the slaughter of "female steers."

One big problem of Stalin with his war plans is where he is going to get any lend-lease this time.

There is a story that the Eighteenth Congress, which has just adjourned, had the suggestion put up to it that a Three-Dollar greenback be printed by the Treasury Department, bearing an engraved portrait of F. D. R. But why not substitute an engraving of F. D. R. on the Ten Thousand Dollar bill. We have the impression of Benjamin Franklin's face on the silver half dollar, perhaps because he constantly preached thrift, and the impression of F. D. R. on a Ten Thousand Dollar bill would bring to mind the great spender.

The "soldanella" or "ice flower" of the higher Swiss Alps forces itself up through solid ice to blossom in the sunshine.

Just Folks

By EDGAR A. GUEST

TRIBUTE TO A TROOPER

We were driving very slowly when we passed a huge machine, and the trooper on the highway knew his car we both had seen. I knew he knew we didn't mean to break a safety law.

So I couldn't understand it when his sign to stop I saw.

"I have stopped you for a warning," he politely said to me. "That's a dangerous bit of highway, where an accident could be."

He was pleasant in his manner and his voice he didn't raise, and the way he did his duty I am writing now to praise.

We stood and talked together. "It's a busy road," he said.

"I think you might have waited 'til the lane was clear ahead."

I am making this suggestion: On a dangerous thoroughfare you'll be happier and safer if you drive with greater care."

I didn't tell the trooper that his captain is my friend.

'Twas a cheerful conversation from the start unto the end.

But I'm writing these few verses, which he may or may not note, As a tribute to a trooper I am hoping he'll promote.

I was glad to have him stop me, since his conduct made it plain That a man can be a trooper and a gentleman remain.

(Copyright, 1944, Edgar A. Guest)

High Ranking Sergeants Will Have Stellar Role

Important Role in Draft Army
To Be The High Ranking
Sergeants

WASHINGTON, July 8.—(INS)—The most important men in the draft army will be the high ranking sergeants.

A top army personnel officer disclosed today that due to a shortage of company grade officers—captains and lieutenants—many master, tech and staff sergeant will be doing the jobs of commissioned officers in the ground force expanded by the draft.

Since fighting first became organized, the non-commissioned officers have been the backbone of the service, and there is a saying that no army is better than its non-coms.

In the new U. S. army this will be more true than ever. The expanded force will be seriously short of junior officers. Currently the shortage is estimated at approximately 21,000 captains and lieutenants.

Deficit Of Officers
Of some 300,000 reserve officers sent questionnaires, approximately 21,000 company grade officers have indicated a willingness to return to active duty. The personnel officer said that not more than two-thirds of these would be acceptable, which leaves a deficit of some 7,000.

Some of the officers needed will be furnished by the army's only officer candidate school at Fort Riley, Kan., which turns out between 150 and 200 new second lieutenants every two months and will be expanded. But even with expansion the new OCS lieutenants can make up only a fraction of the officers needed.

Some others will come from the regular ranks, where non-coms who have good records and have served long periods of time may be given reserve commissions. The personnel general said that the only grade in which the army had a surplus was master sergeants.

Local Youth Attend State Convention

A group of young people representing the Lawrence County Christian Endeavor Union have returned from Chambersburg, Pa., where they were in attendance at the Pennsylvania Endeavor convention held at Wilson College on June 28 to July 3.

The delegates were privileged to hear such outstanding leaders as Dr. Daniel Felling, Dr. Ross Stover, Dr. Ellsworth Jackson, Dr. Norman Pauls, all of Philadelphia, and Bishop L. C. Wiche of Pittsburgh.

J. Allen Tucker of Philadelphia was installed as the new state president with J. Thompson of this city as president of the Western district. Besides Mr. Thompson others attending from New Castle, were Leora McCommon, Ruth Gardner, Geraldine Fry and Agnes Thompson.

Business of the convention will be presented at the County Board meeting, July 15, which will be in the form of a picnic at Cascade Park.

WASHINGTON CALLING

(Continued from Page Four)

than may appear on the surface where the older leaders cling to the position and power.

In the North, Labor-Liberal forces have come to play an increasingly important role. They use their political strength often naively and crudely, but it is nonetheless a reality.

The obvious lack today is a powerful leader who could unify these latent forces. Such a leader would combine true conviction with political skill and sincerity of purpose with an understanding of the forces to be reconciled. No sign of such a leader is on the horizon today. It is quite possible, however, that events of the next four years may call such leadership into being. No one could have predicted in 1932 that Roosevelt would lead a disorganized and leaderless party to victory four years later. (Copyright, 1948, by United Feature Syndicate, Inc.)

Threat Of Crisis In France Removed

PARIS, July 8.—(INS)—The threat of a governmental crisis in France was removed today when Socialist members of the National

Assembly withdrew demands for reducing the military budget. Premier Robert Schuman had been prepared to stake the life of his cabinet on the issue of military preparedness.

Columbia ranks first among South American countries in the production of gold.

Sound engineers estimate that about \$3,000,000 a day is lost over the country in lower efficiency and accidents caused by excessive noise.

On earth the force of gravity is six times that on the moon. If man would weigh 150 pounds on the earth, he would weigh only 25 pounds on the moon.

The Most Liberal Trade-In Values In New Castle When You Buy a New KAISER or a FRAZER

You can see the beautiful styling and design of the Kaiser and the Frazer at a glance. But you have to drive one of these cars to appreciate the famous Kaiser and Frazer gliding ride. Then you'll notice the way these cars float over rough roads and crevices—how they "set up and go" when you step on the gas. You'll sense the greater safety of the Kaiser and the Frazer in the wide, clear driving vision, the ease of control, in the way they hold the road and hug the curves.

Y.M.C.A. Camp Opening Sunday

Sunday, July 11, the first complement of Y. M. C. A. campers will head for the Association's summer site along the banks of the Slippery Rock creek.

Everything is in readiness for the youths—the cabins and other buildings have been thoroughly cleaned and repaired and the waterfront put into excellent shape for swimming. A group of seventy-two boys is expected weekly. To date the first and second weeks have been completely filled but there are still some vacancies in the other groups. Registration should be made immediately, however, it was pointed out.

Nine counselors will staff the camp this year and the cook, as in past years will be Mrs. Oscar Saul.

Persons taking their sons to the camp and having extra room in their cars, are requested to stop at the "Y" building and aid in transporting other boys to the site. Rides will be arranged, it was stated and every camper will get to his destination Sunday.

Lawrence County Farm, Home News

Extension Representative Lewis C. Dayton, Agronomist, and Miss Elizabeth Robinson, Home Economist

LATE BLIGHT APPEARS ON TOMATOES, POTATOES

Late blight, dreaded fungus disease which infects tomatoes and potatoes and causes severe damage if not controlled, again is attacking both of these crops in Pennsylvania, according to word from extension plant pathologists of Pennsylvania State college.

If control measures are applied promptly losses can be held at a minimum; otherwise, the disease can wipe out an entire crop. The disease has made its appearance earlier than usual, and under favorable weather conditions—excessive rainfall and cool nights—spreads rapidly.

The best known control is to spray or dust infected crops to the schedule drawn by the Agricultural Extension Service. This schedule calls for use of Zinate or Karban White for control of early blight and anthracnose, then changing to copper sprays or dusts if late blight appears.

WAYS TO PREPARE GARDEN FRESH PEAS

Peas fresh from the garden can be prepared in many ways. Peas are high in food value. They supply vitamins A and B and furnish starch. They are a source of protein and many minerals, too. Frozen peas stay bright green and taste more like the garden fresh vegetables than peas preserved any other way. As in freezing all vegetables, speed is important. One hour from garden to the freezer is a good rule to follow. Pick peas a bit younger for freezing than you would for eating fresh.

For canning peas the pressure canner is recommended. Speed is important in canning, too. Be sure the peas you can are not too mature for they will have a starchy taste. Keep the color, flavor and food value when preparing fresh peas, by cooking them in a small amount of water. Cook them with the lid on the pan for 15 to 20 minutes or just until they are done.

Many salads can be made from cooked peas. They can be made hearty enough to serve as the main dish of the meal. Vary salads by adding hard-cooked egg, chopped pickles, cooked carrots or other vegetable, or cheese.

Crystal Cave Marks Diamond Jubilee

HARRISBURG — Crystal Cave between Reading and Allentown, will celebrate its diamond jubilee this summer, says the State Department of Commerce vacation and recreation bureau.

The cave, which was discovered in 1871 and opened to the public in 1873, attracts hundreds of thousands of persons annually. Last year visitors from 42 states and many foreign countries viewed the natural formation.

Outstanding among the attractions are the Crystal Ball Room of sparkling white calcite crystals for which the cave was named and the startling formations that resemble familiar objects. Indirect electric lighting fills the underground wonderland with a thousand tints of color.

Several bus excursions from various cities in Pennsylvania and adjoining states direct to Crystal Cave will supplement the regular charter trips this year the department has been informed.

Because of its length, the popular name for the Pfahlgarten, old Doman wall between England and Scotland, was "Devil's Wall".

Good Taste

By FRANCINE MARKEL

ON BECOMING A READER

"I have always been impressed by people who are readers. How I should like to be one! I have been through high school and read the required classics; yet I cannot get the 'kick' out of reading that some people do. I never read more than about two books a year. Can you give me any suggestion for developing a love of books?"

Answer: You cannot expect to attain intellectual development or any suggestion of culture without a fondness for reading. This fond-

ness is inherent in some who are fortunate enough to possess it, but luckily it can be acquired by those who lack it. The essential thing is not to force yourself to read books that you find boring and dull.

Begin by reading books that you truly enjoy. Do not read as a duty. The more you learn to enjoy reading, the more you will want to read, and gradually your taste will improve. It may take time. Get the best seller list and try the most widely discussed and most interesting books on it.

Interperse your reading with the classics. After reading a modern book, turn next to a classic—history, biography and the novels of the great authors of the past.

Of course, you must read the newspapers every day to keep

abreast of current events. By all means, cultivate a love of reading to store up mental food for your old age, if for no other reason.

Question: Please give me the rule for writing "Sr." "Jr." "2nd" and "3rd" after a man's name.
Answer: John Doe, Sr. (grandfather); Jr. (father); 3rd (grandson). If (second) is a nephew. Junior may also mean grandson. If the father does not bear the same name, also.

Present your problems to Miss Markel who will promptly send personal replies to questions from readers inclosing stamped, addressed envelopes.

Camels can drink 12 to 15 gallons of water in half an hour.

Laurel Playground Sports Day Program

Highlighting the annual sports day program at Laurel playground on Wednesday afternoon was the awarding of new Sesquicentennial tee shirts to the winners of various events.

Ellen Logan started the afternoon's activities by winning the jacks contest. Norman Genkinger emerged the winner in the checkers contest while Nickie Adamo captured the ball bouncing award. A miniature track and field meet was held among the younger boys with David Todd pacing the con-

tenders, closely pursued by Bob Palmer.

A basketball accuracy contest was conducted by the older boys. Bob Morrow edged Bob Edwards for the prize in an exciting contest.

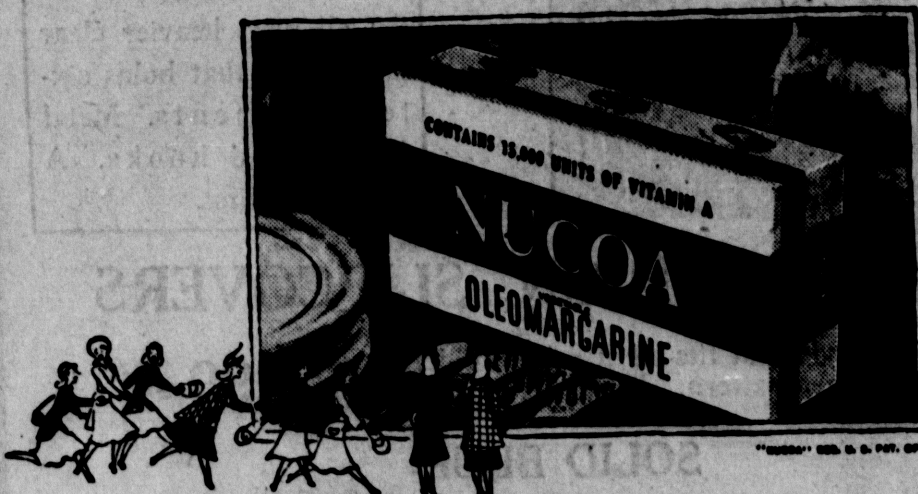

Ribbons were also awarded to

Ellen Logan, Nickie Adamo and Bob Morrow for the fine sportsmanship which they displayed during the afternoon's program.

In the United States national forests there are 10,000 miles of fishing streams.

The swamp warbler is so named because of its fondness for low, swampy places. The birds are small, trim, insect-catching and migratory, most of them breeding north of the United States and wintering in the tropics.

Opening Sunday

Sunday, July 11, the first complement of Y. M. C. A. campers will head for the Association's summer site along the banks of the Slippery Rock creek.

Everything is in readiness for the youth—the cabins and other buildings have been thoroughly cleaned and repaired and the waterfront put into excellent shape for swimming. A group of seventy-two boys is expected weekly. To date the first and second weeks have been completely filled but there are still some vacancies in the other groups. Registration should be made immediately, however, it was pointed out.

Nine counselors will staff the camp this year and the cook, as in past years will be Mrs. Oscar Saul.

Persons taking their sons to the camp and having extra room in their cars, are requested to stop at the "Y" building and aid in transporting other boys to the site. Buses will be arranged. It was stated and every camper will get to his destination Sunday.

LATE BLIGHT APPEARS ON TOMATOES, POTATOES

Late blight, dreaded fungus disease which infects tomatoes and potatoes and causes severe damage if not controlled, again is attacking both of these crops in Pennsylvania, according to word from extension plant pathologists of Pennsylvania State college.

If control measures are applied promptly losses can be held at a minimum; otherwise, the disease can wipe out an entire crop. The disease has made its appearance earlier than usual, and under favorable weather conditions—excessive rainfall and cool nights—spreads rapidly.

The best known control is to spray or dust infected crops to the schedule drawn by the Agricultural Extension Service. This schedule calls for use of Zerkate or Karbon White for control of early blight and anthracnose, then changing to copper sprays or dusts if late blight appears.

WAYS TO PREPARE GARDEN-FRESH PEAS

Peas fresh from the garden can be prepared in many ways. Peas are high in food value. They supply vitamins A and B and furnish starch. They are a source of protein and many minerals, too. Frozen peas stay bright green and taste more like the garden fresh vegetables than peas preserved any other way. As in freezing all vegetables, speed is important. One hour from garden to the freezer is a good rule to follow. Pick peas a bit younger for freezing than you would for eating fresh.

For canning peas the pressure canner is recommended. Speed is important in canning too. Be sure the peas you can are not too mature for they will have a starchy taste. Keep the color, flavor and food value when preparing fresh peas, by cooking them in a small amount of water. Cook them with the lid on the pan for 15 to 20 minutes or just until they are done.

Many salads can be made from cooked peas. They can be made hearty enough to serve as the main dish of the meal. Vary salads by adding hard-cooked egg, chopped pickles, cooked carrots or other vegetable, or cheese.

Crystal Cave Marks Diamond Jubilee

HARRISBURG — Crystal Cave between Reading and Allentown, will celebrate its diamond jubilee this summer, says the State Department of Commerce vacation and recreation bureau.

The cave, which was discovered in 1871 and opened to the public in 1873, attracts hundreds of thousands of persons annually. Last year visitors from 42 states and many foreign countries viewed the natural formation.

Outstanding among the attractions are the Crystal Ball Room of sparkling white calcite crystals for which the cave was named and the startling formations that resemble familiar objects. Indirect electric lighting fills the underground wonderland with a thousand tints of color.

Several bus excursions from various cities in Pennsylvania and adjoining states direct to Crystal Cave will supplement the regular charter trips this year the department has been informed.

Because of its length, the popular name for the Pfahlgarten, old Danian wall between England and Scotland, was "Devil's Wall."

Good Taste

By FRANCINE MARKEL

ON BECOMING A READER

"I have always been impressed by people who are readers. How I should like to be one! I have been through high school and read the required classics; yet I cannot get the 'kick' out of reading that some people do. I never read more than about two books a year. Can you give me any suggestion for developing a love of books?"

Answer: You cannot expect to attain intellectual development or any suggestion of culture without a fondness for reading. This fond-

ness is inherent in some who are fortunate enough to possess it, but luckily it can be acquired by those who lack it. The essential thing is not to force yourself to read books that you find boring and dull.

Begin by reading books that you truly enjoy. Do not read as a duty. The more you learn to enjoy reading, the more you will want to read, and gradually your taste will improve. It may take time. Get the best seller list and try the most widely discussed and most interesting books on it.

Interperse your reading with the classics. After reading a modern book, turn next to a classic—history, biography and the novels of the great authors of the past.

Of course, you must read the newspapers every day to keep

abreast of current events. By all means, cultivate a love of reading to store up mental food for your old age, if for no other reason.

Question: Please give me the rule for writing "Sr." "Jr." "2nd" and "3rd" after a man's name.

Answer: John Doe, Sr. (grandfather); Jr. (father); 3rd (grandson); 11 (second) is a nephew. Junior may also mean grandson. If the father does not bear the same name, also.

Present your problems to Miss Markel who will promptly send personal replies to questions from readers enclosing stamped, addressed envelopes.

Camels can drink 12 to 15 gallons of water in half an hour.

Laurel Playground Sports Day Program

Highlighting the annual sports day program at Laurel playground on Wednesday afternoon was the awarding of new Sesquicentennial tee shirts to the winners of various events.

Eileen Logan started the afternoon's activities by winning the jacks contest. Norman Genkinger emerged the winner in the checkers contest while Nickle Adamo captured the ball bouncing award. A miniature track and field meet was held among the younger boys with David Todd pacing the con-

tenders, closely pursued by Bob Palmer.

A basketball accuracy contest was conducted by the elder boys. Bob Morrow edged Bob Edvard for the prize in an exciting contest.

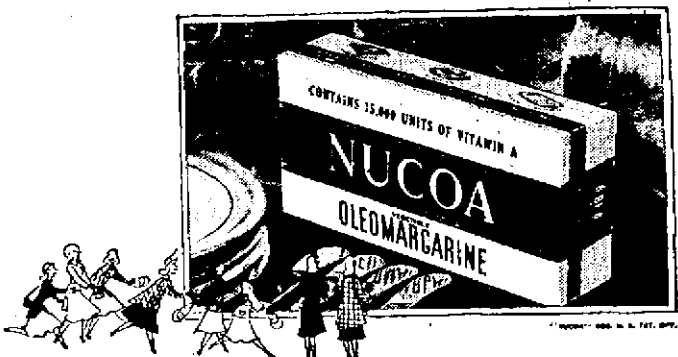

Ribbons were also awarded to

Eileen Logan, Nickle Adamo and Bob Morrow for the fine sportsmanship which they displayed during the afternoon's program.

In the United States national forests there are 10,000 miles of fishing streams.

The swamp warbler is so named because of its fondness for low, swampy places. The birds are small, trim, insect-catching and migratory, most of them breeding north of the United States and wintering in the tropics.

The Country Over—
NUCOA is first choice with mothers!

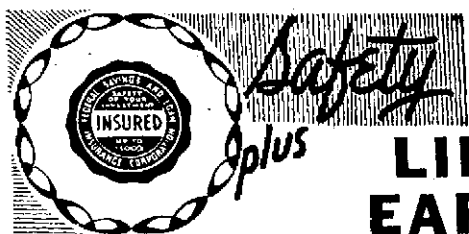

Now that there's plenty of Nucoa in the stores, substitutes just won't do. NUCOA is the margarine most mothers choose.

To see their youngsters thrive on it... and to watch Nucoa margarine make a hit with family and friends alike... that's enough for any mother.

America's most popular margarine is America's favorite margarine because it's new-churned the year round, on order only. So good it "melts in your mouth"—and no churned spread, at any price, is richer in food energy, or a finer year-round source of Vitamin A, than Nucoa

Serve Nucoa proudly on your table—

IT'S AMERICA'S MOST POPULAR MARGARINE

Kiwanis Hears From Convention

President Thomas G. Allen
And Vice President Mc-
Grath Report

New Castle Kiwanis club members received reports of the International Convention, which was held at Los Angeles, Calif., at their luncheon meeting, in The Castle, Wednesday noon, when President Thomas G. Allen and Vice President John A. McGrath, the official delegates gave their reports on the proceedings.

The convention was highlighted by addresses by a number of outstanding figures, including Governor Earl A. Warren, Republican nominee for vice president of the United States; Hon. James A. Farley, former chairman of the Democratic party, and former Postmaster General; Roe Fulkerson, Kiwanian and philosopher from Hollywood, Fla.; Cecil B. DeMille, movie producer; and Kiwanis International President, Charles W. Armstrong, of Salisbury, N. C.

The convention opened Sunday evening, June 6, with an outstanding address by Dr. C. Oscar Johnson, pastor of the Third Baptist church, of St. Louis, Mo., a Kiwanian, in which he stated that there can be no United Nations without united nations, and blamed most of the difficulties in the world on the fact that people were not united in their thinking along the right lines.

Mr. Farley spoke of the menace of Red Fascism, but in spite of the menace to peace raised by Soviet Russia, he was of the opinion that World Peace would survive.

The new president of Kiwanis International is a Kiwanian who is well known locally, in the person of J. Belmont Kiser, of St. Mary's, Pa., a former district governor and past treasurer of Kiwanis International, who has appeared before the local club on various occasions.

"Snookie" Rides Throne in Parade

From Laurel playground came this gaily decorated float that was awarded three prizes in the pet parade Wednesday. Made of two sidewalk bikes, a chair and a lampshade, it was driven by the owners, Barry and Jackie French. Riding on the throne is their dog "Snookie".

PROTECTS PARENTS

WACO, Tex.—Parents recently got a kind word from Dallas Police Chief Carl Hanson. Mr. Hanson, speaking before 300 members of the Waco Rotary Club, said that it has become "fashionable" to lay all the blame for juvenile delinquency in the home. The police chief said he believed too many external factors—such as glorified crime stories on the radio, in the movies, and in literature—are the basic factors in delinquency today.

Drive slow—children move fast.

Drives Stolen Car To Sunday School

FORTH WORTH, Tex.—(INS)—A Tarrant county farmer-carpenter, whose conscience hurt him so much he gave up as a Sunday school superintendent, operated a pretty slick stolen car system for the past two years. Fort Worth detectives found that out recently. The man, who confined his ac-

tivities to old model cars, bought damaged cars from wrecking yards. He got ownership papers with them and then made the serial numbers of his stolen cars conform to title certificates of the wrecked vehicles.

He told detectives he recently had resigned as a Sunday school superintendent because his conscience hurt when he drove a stolen car to church.

The livestock industry of New Mexico and its products are worth \$75,000,000 annually.

Water 'Fattens' Thin Chickens

SAN ANTONIO, Tex.—(INS)—A San Antonio man discovered a revolutionary method of fattening thin chickens. But he lost money on it.

Police investigation revealed he had been injecting water into dressed birds by inserting a hypo-

demic needle into a drumstick. Attached to the needle was a rubber hose leading to a water faucet. The water made the bird look nice and fat and added as much as a half pound to the weight. The culprit paid a fine with costs for falsifying merchandise.

WOMAN BREAKS ANKLE
Mrs. Margaret M. Evans, of 838 Arlington avenue, suffered a fracture of the left ankle, late Wednesday morning, when she stepped sharply off the curb in front of her

home, while cutting the grass. She was treated at the Jameson Memorial hospital.

CHILD BREAKS NOSE
Priscilla Mariotti, aged 4 years, of Hillville, suffered a fracture of the nose, when she fell down a flight of steps at her home late Wednesday morning. She was treated at the Jameson Memorial hospital.

Mexico has a lower-rates campaign.

Old Battleship New York Sinks To Bottom Of Sea

Navy Task Force Sends Once
Famous Battleship To Bottom
With 500-Pound Bombs

PEARL HARBOR, July 8.—(INB)—The noble battleship New York lies today on the deep floor of the central Pacific, her long career finally put to a close by bombs, rockets, shells and bullets.

The gallant old veteran of both world wars was split in two and sent to the bottom 50 miles south of Hawaii's Oahu island yesterday afternoon.

Dealing the coup de grace, a cluster of 500-pound aerial bombs accomplished what two atomic explosions at Bikini had failed to do—send the 34-year-old New York to a watery end.

Death of the proud battleship was premature. It was intended that she be kept afloat and that the combined air-surface operation by U. S. naval task force 38 be maintained until about noon today.

Plans Go Astray
Not the 500-pounders but the fully automatic guided missiles known as "bat bombs"—queer shaped glider affairs launched from high-flying planes—were designated as the weapons to place the final touch of doom on the New York.

The "bat bombs" attacks never got their chance to smash the sturdy old fighting lady. The 500-pounders crashed into the sea closer than intended to the New York's hull. The blasts buckled her plates, ripped them open and the ocean roared in to do the rest. Her flag still fluttering, the 27,000-ton battleship, which more than once belched tons of shells into Japanese lines on Okinawa and other islands, keeled over and slid beneath the surface, abandoned to her fate.

Financial Worries Face Democrats On Eve Of Convention

WASHINGTON, July 8.—(INB)—Financial worries faced the Democrats today on the eve of their national convention opening in Philadelphia Monday.

Unless there has been a sudden spurt in donations, the convention will open with approximately a quarter million dollars in the Democratic campaign chest.

While this is not "hay," it's only a small kitty as presidential elections go. It is far short of the hope chest already amassed by the Republicans, with more funds constantly pouring in.

In its last financial report to Congress, the Democratic National Committee stated that its cash balance on June 1 totaled \$344,845. In contrast, several weeks later,

Good Sour Cherry Crop Is Predicted

HARRISBURG.—A good but not plentiful supply of real filling for Pennsylvania sour cherry pies is assured this year from orchards of the State according to latest Federal-State estimates announced by the State Department of Agriculture.

A crop of 5,000 tons of sour cherries, mostly from Adams and Erie county orchards, was in prospect when a survey was completed as of June 15, Secretary Miles Horst declared. This compares with 4,000 tons produced in 1946 and 1947 and 3,000 in 1945. The 1948 crop is the largest since 1944 when 7,500 tons were harvested.

This year's Pennsylvania crop is about 12 per cent under average, but is sufficient for the State to retain its usual rank of fourth among the leading sour cherry producing states. Michigan is first

James S. Kemper, Republican National Committee Treasurer, revealed that the GOP will have \$800,000 to start the ball rolling for Gov. Thomas E. Dewey of New York for president and Gov. Earl Warren of California for vice president.

After an epidemic of German measles in New South Wales, Australia, in 1941, a physician reported that there was an increase in the number of babies born with congenital cataracts.

Kiwanis Hears From Convention

President Thomas G. Allen And Vice President McGrath Report

New Castle Kiwanis club members received reports of the International Convention, which was held at Los Angeles, Calif., at their luncheon meeting, in The Castle, Wednesday noon, when President Thomas G. Allen and Vice President John A. McGrath, the official delegates gave their reports on the proceedings.

The convention was highlighted by addresses by a number of outstanding figures, including Governor Earl A. Warren, Republican nominee for vice president of the United States; Hon. James A. Farley, former chairman of the Democratic party, and former Postmaster General; Roe Fulkerson, Kiwanian and philosopher from Hollywood, Fla.; Cecil B. DeMille, movie producer; and Kiwanis International President, Charles W. Armstrong, of Salisbury, N. C.

The convention opened Sunday evening, June 8, with an outstanding address by Dr. C. Oscar Johnson, pastor of the Third Baptist church, of St. Louis, Mo., a Kiwanian, in which he stated that there can be no United Nations without united notions, and blamed most of the difficulties in the world on the fact that people were not united in their thinking along the right lines.

Mr. Farley spoke of the menace of Red Fascism, but in spite of the menace to peace raised by Soviet Russia, he was of the opinion that World Peace would survive.

The new president of Kiwanis International is a Kiwanian who is well known locally, in the person of J. Belmont Mosser, of St. Mary's, Pa., a former district governor and past treasurer of Kiwanis International, who has appeared before the local club on various occasions.

"Snookie" Rides Throne In Parade

From Laurel playground came this gaily decorated float that was awarded three prizes in the pet parade Wednesday. Made of two sidewalk bikes, a chair and a lampshade, it was driven by the owners, Barry and Jackie French. Riding on the throne is their dog "Snookie".

PROTECTS PARENTS

WACO, Tex.—Parents recently got a kind word from Dallas Police Chief Carl Hanson. Mr. Hanson, speaking before 300 members of the Waco Rotary Club, said that it has become "fashionable" to lay all the blame for juvenile delinquency in the home. The police chief said he believed too many external factors—such as glorified crime stories on the radio, in the movies, and in literature—are the basic factors in delinquency today.

Drives Stolen Car To Sunday School

FORTH WORTH, Tex.—(INS)—A Tarrant county farmer-carpenter, whose conscience hurt him so much he gave up as a Sunday school superintendent, operated a pretty slick stolen car system for the past two years. Fort Worth detectives found that out recently. The man, who confined his ac-

tivities to old model cars, bought damaged cars from wrecking yards, got ownership papers with them and then made the serial numbers of his stolen cars conform to title certificates of the wrecked vehicles.

He told detectives he recently had resigned as a Sunday school superintendent because his conscience hurt when he drove a stolen car to church.

The livestock industry of New Mexico and its products are worth \$75,000,000 annually.

Water 'Fattens' Thin Chickens

SAN ANTONIO, Tex.—(INS)—A San Antonio man discovered a revolutionary method of fattening thin chickens. But he lost money on it.

Police investigation revealed he had been injecting water into dressed birds by inserting a hyp-

dermic needle into a drumstick. Attached to the needle was a rubber hose leading to a water faucet. The water made the bird look nice and fat and added as much as a half pound to the weight. The culprit paid a \$25 fine with costs for falsely packing merchandise.

WOMAN BREAKS ANKLE
Mrs. Margaret M. Evans, of 826 Arlington avenue, suffered a fracture of the left ankle late Wednesday morning when she stepped sharply off the curb in front of her

home, while cutting the grass. She was treated at the Jameson Memorial hospital.

CHILD BREAKS NOSE
Priscilla Mariotti, aged 4 years, of Hillsville, suffered a fracture of the nose, when she fell down a flight of steps at her home late Wednesday morning. She was treated at the Jameson Memorial hospital.

Mexico has a lower-rent campaign.

Lose Ugly Fat
with Lee's O. B.

If you are overweight and flabby, you can lose easily, quickly, and safely. There is no need to punish yourself with strenuous exercises. No need to starve yourself and deny your body the food you need for health. Thousands of women are losing fat at the rate of 3 to 4 pounds a week. Remember, it's when you are wearing lighter clothes that makes ugly fat more conspicuous.

Midway At Seaside Features Historical, Educational Items

Usual Attractions Plus Hand
Carving Exhibits Make
Midway Popular

Seaside midway, located on the
city parking lot site at the end of
South Market street, has the usual
midway attractions.

Popcorn, peanuts, hot dogs, pop
—no midway would be complete
without them. On the Seaside
midway there are several items
not usually found on the average
midway.

Miniature City
A miniature city, which was the
top show at the Chicago World's
Fair, is on display. This work of
art was made in Europe and re-
quired eight years of work. It is
all hand carved with a small knife.

High on the list of must-see for
young visitors, and lots of older
ones, is the sea. A Pennsylvania
diner, lying in the shade of his one
tree, is the object of much curio-

ity. An African green monkey, in
another outside cage, receives like
attention.

There are the usual weight
guessing barriers, stands of souve-
nirs, booths of chances.

Swiss Artist Exhibition
At the end of the midway is one
of the most educational of all the
features.

A tiny model exhibition of the
evolution of the railroad since 1800
until the present time is on dis-
play. This work of railroad trains,
hand carved by a Swiss artist of
woodcraft, is a model of perfec-
tion. For 30 years no engineer
has been able to detect the slight-
est imperfection in any detail of
the work.

From the crude old trains of
1800, the growth of the railroad
is shown, including a modern
Diesel engine and streamliner.

These trains, run by electricity,
are carved from walnut of ebony,
with ivory or mother-of-pearl
trimming. The completion of this
work of 17 different pieces re-
quired 30 years.

The creator of this is Ernest
Weather, born of Swiss parents
in Dover, O. He started whittling
at the age of five and is still doing
it. A steel worker, he whittles in
his spare time.

Midway is by no means "hanky-
toanky." It has historical and edu-
cational features fitting in with
the spirit of New Castle's Sesqui-
centennial celebration.

Ninety per cent of the people in
America live in one-family houses. In Colonial America, a cap was
the sign of a married woman.

Pittsburgh Firm Successful Bidder On Shenango Bonds

S. K. Cunningham Company of
Pittsburgh were the successful bid-
ders on the 37 general obligation
bonds offered by the School Dis-
trict of Shenango Township. The
Pittsburgh firm's bid of two and a
half per cent with a premium of
\$175 was accepted by the School
Board and the company was award-
ed the contract.

The bonds of \$1,000 each have
been issued by the School District
to finance the building program

which is in progress at the present
time. Work has already been start-
ed on the 8-room addition to the
school.

Robin Mistakes String For Worm

HERSHEY, Pa.—(INS)—Has a
robin a sense of taste? An attend-
ant at Hershey Park has some
doubts on the subject. Attendant
Raleigh Hughes found a dead rob-
in and decided to perform an au-
topsy. When he got to the stom-
ach, he found it was like a round,
hard ball.

Protruding from the organ was
a piece of string. He gradually
pulled the string out, and when he

measured it, it was 20½ inches
long. Hughes believes that in the re-
cent wind and rain storm, the
robin's nest fell out of a tree and
the bird was intent upon building
a new one.

Another point: Perhaps the rob-
in thought it had found an unusu-
ally long, juicy worm and swallowed
it for 20½ inches.

Comic Book Flight Humbles Air Corps

ALBUQUERQUE, N. M.—(INS)—
M. J. Davis, New Mexico news
writer, believes he has grounds for
another senate investigation.

estimates the cost of pilot training
at \$22,000 per man. Recently,
however, two fifth-grade pupils
took a plane, flew it 120 miles and
made a perfect landing in a wheat
field, all for 10 cents. The 10
cents was the price of a comic
book, which they said was their
guide to learn flying. Davis con-
cludes:

"We demand an immediate Sen-
ate investigation into this seem-
ingly unwarranted expenditure of
Federal funds. Our battle cry:
"Ten cents for comic books, but not
one cent for the Air Force."

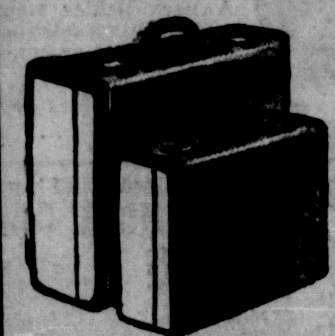

The first steamship to cross the
Atlantic was the Rising Sun in
1818. It was built in Britain by
Lord Cochrane and the ship voy-
aged to South America.

Old Battleship New York Sinks To Bottom Of Sea

Navy Task Force Sends Once
Proud Battleship To Bottom
With 500-Pound Bombs

PEARL HARBOR, July 8.—(INS)—The noble battleship New York lies today on the deep floor of the central Pacific, her long career finally put to a close by bombs, rockets, shells and bullets.

The gallant old veteran of both world wars was split asunder and sent to the bottom 50 miles south of Hawaii's Oahu Island yesterday afternoon.

Dealing the coup de grace, a cluster of 500-pound aerial bombs accomplished what two atomic explosions at Bikini had failed to do—send the 34-year-old New York to a watery end.

Death of the proud battleship was premature. It was intended that she be kept afloat and that the combined air-surface operation by U. S. Navy Task Force 38 be maintained until about noon today.

Plans Go Astray
Not the 500-pounders but the fully automatic guided missiles known as "bat bombs"—queer shaped glider affairs—launched from high-flying planes—were designated as the weapons to place the final touch-of doom on the New York.

The "bat bombs" attacks never got their chance to smash the sturdy old fighting jolly. The 300-pounders crashed into the sea closer than intended to the New York's hull. The blasts buckled her plates, ripped them open and the ocean roared in to do the rest.

Her flag still fluttering, the 27,000-ton battleship, which more than once belched tons of shells into Japanese lines on Okinawa and other islands, keeled over and slid beneath the surface, abandoned to her fate.

Parade Bunny

New Castle News Photo
Molly Cottontail is given a carrot instead of a bottle by her mistress, Ellen McClure, after a tiring bike in the pet parade, Wednesday. Actually the bunny dressed like Molly Cottontail was a Peter Rabbit. His mistress lives at 1614 Glenn avenue.

Financial Worries Face Democrats On Eve Of Convention

WASHINGTON, July 8.—(INS)—Financial worries faced the Democrats today on the eve of their national convention opening in Philadelphia Monday.

Unless there has been a sudden spurt in donations, the convention

will open with approximately a quarter million dollars in the Democratic campaign chest.

While this is not "hay," it's only a small kitty as presidential elections go. It is far short of the hope chest already amassed by the Republicans, with more funds constantly pouring in.

In its last financial report to Congress, the Democratic National Committee stated that its cash balance on June 1 totaled \$244,545. In contrast, several weeks later,

James S. Kemper, Republican National Committee Treasurer, revealed that the GOP will have \$800,000 to start the ball rolling for Gov. Thomas E. Dewey of New York for president and Gov. Earl Warren of California for vice president.

After an epidemic of German measles in New South Wales, Australia, in 1941, a physician reported that there was an increase in the number of babies born with congenital cataracts.

Good Sour Cherry Crop Is Predicted

HARRISBURG.—A good but not plentiful supply of real filling for Pennsylvania sour cherry pies is assured this year from orchards of the State according to latest Federal-State estimates announced by the State Department of Agriculture.

A crop of 5,000 tons of sour

cherries, mostly from Adams and Erie county orchards, was in prospect when a survey was completed as of June 15. Secretary Miles Horst declared. This compares with 4,600 tons produced in 1946 and 1947 and 3,000 in 1945. The 1948 crop is the largest since 1944 when 7,900 tons were harvested.

This year's Pennsylvania crop is about 12 per cent under average, but is sufficient for the State to retain its usual rank of fourth among the leading sour cherry producing states. Michigan is first

New York second, Wisconsin third and Ohio fifth.

A good crop of sour cherries is indicated for Erie county but, a light harvest is expected in Adams where frosts left a trail of damage at blossom time. Harvest will be general in Adams county the first week in July and in Erie county about a week later, the Secretary said.

The open-hearth furnace for making steel was invented by William and Frederick Siemens in England in 1856.

Midway At Sesqui Features Historical, Educational Items

Usual Attractions Plus Hand
 Carving Exhibits Make
 Midway Popular

Sesqui midway, located on the city parking lot site at the end of South Mercer street, has the usual midway attractions.

Popcorn, peanuts, hot dogs, pop—no midway would be complete without these. On the Sesqui midway there are several items not usually found on the average midway.

Miniature City
 A miniature city, which was the one shown at the Chicago World's Fair, is on display. This work of art was made in Europe and required eight years of work. It is all hand carved with a small knife. High on the list of must-see for young visitors, and lots of older ones, is the zoo. A Pennsylvania deer, lying in the shade of its one tree, is the object of much curiosity.

ity. An African green monkey, in another outside cage, receives like attention.

There are the usual weight guessing bakers, stands of souvenirs, booths of chances.

Swiss Artist Exhibition
 At the end of the midway is one of the most educational of all the features.

A tiny model exhibition of the evolution of the railroad since 1863 until the present time is on display. This work of railroad artist of hand carved by a Swiss artist of woodcraft, is a model of perfection. For 20 years no engineer has been able to detect the slightest imperfection in any detail of the work.

From the crude old trains of 1863, the growth of the railroad is shown, including a modern Diesel engine and streamliner. These trains, run by electricity, are carved from walnut of ebony, with ivory or mother-of-pearl trimmings. The completion of this work of 17 different pieces required 20 years.

The creator of this is Ernest Warther, both of Swiss parents in Dover, O. He started whittling at the age of five and is still doing it. A steel worker, he whittles in his spare time.

Midway is by no means "honky-tonk." It has historical and educational features. Fitting in with the spirit of New Castle's Sesquicentennial celebration.

**West Side Sports
 Day On Wednesday**
 Annual sports day program was held at West Side playground on Wednesday afternoon following the Sesquicentennial parade in which the various playgrounds took part.

Special Sesquicentennial T-shirt shirts were given as prizes to winners of the different events of the afternoon.

Winner of the checkers contest was Bobby Jones. Mercedes Guinbaugh captured first prize in the jacks contest. In the basketball throw, Anita Dess tallied three out of five shots to emerge winner. Paul Naeel won first prize in the hopscotch match.

Last event, and the longest to be played for a tee shirt prize, was the horseshoe contest. Jim Ayers won, closely followed by Manuel Gonzalez in the final.

Joe Hetrick won the most points for a blue ribbon. Mary Ann Travers won second place and Edyce Fee took third place.

**UNION FIREMEN
 TO HAVE MEETING**

Union Township firemen will meet in the fire station at 9 o'clock this evening for an important meeting. President Francis D. McPheters announced today.

A mania, or blanket fish, caught off the Florida coast was more than 16 feet long and 19 feet wide.

**Does Stomach
 Gas and Bloat
 Make You Feel
 Miserable?**

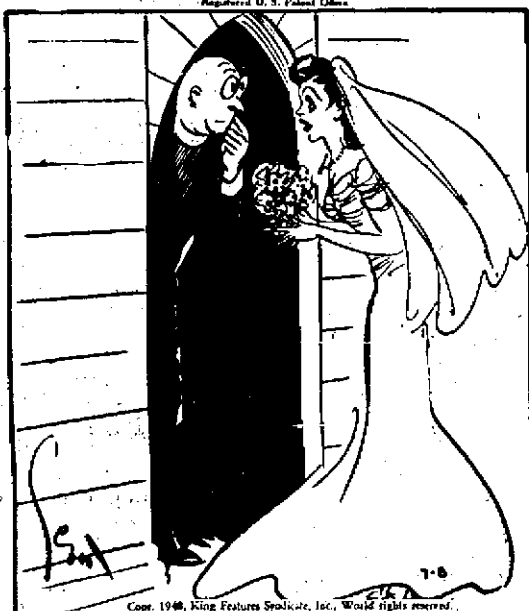

If so, here is how you may get blessed relief in freeing your stomach from this nervous distress. It works this way: Everytime food enters the stomach a vital gastric juice must flow normally to break up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that 888 Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the 888 Tonic formula which contains special and potent activating ingredients.

Also, 888 Tonic helps build-up non-organic, weak, watery blood to nutritional assimilation with a good flow of this gastric digestive juice, plus rich red blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with over-doses of soda and other altalizers to counteract gas and bloating when what you so dearly need is 888 Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people 888 Tonic has helped. Millions of bottles sold. Get a bottle of 888 Tonic from your drug store today. 888 Tonic Bldg. Bldg. Bldg. Bldg.

Pittsburgh Firm Successful Bidder On Shenango Bonds

S. K. Cunningham Company of Pittsburgh were the successful bidders on the 37 general obligation bonds offered by the School District of Shenango Township. The Pittsburgh firm's bid of two and a half per cent with a premium of \$175 was accepted by the School Board and the company was awarded the contract.

The bonds of \$1,000 each have been issued by the School District to finance the building program

which is in progress at the present time. Work has already been started on the 8-room addition to the school.

Robin Mistakes String For Worm

HERSHEY, Pa.—(INS)—Has a robin a sense of taste? An attendant at Hershey Park has some doubts on the subject. Attendant Raleigh Hughes found a dead robin in and decided to perform an autopsy. When he got to the stomach, he found it was like a round, hard ball.

Protruding from the organ was a piece of string. He gradually pulled the string out, and when he

measured it, it was 20½ inches long. Hughes believes that in the recent wind and rain storm, the robin's nest fell out of a tree and the bird was intent upon building a new one.

Another point: Perhaps the robin thought it had found an unusually long, juicy worm and swallowed it for 20½ inches.

**Comic Book Flight
 Humbles Air Corps**
 ALBUQUERQUE, N. M.—(INS)—M. J. Davis, New Mexico news writer, believes he has grounds for another senate investigation. He says that the war department

estimates the cost of pilot training at \$22,000 per man. Recently, however, two fifth-grade pupils took a plane, flew it 120 miles and made a perfect landing in a wheat field, all for 10 cents. The 10 cents was the price of a comic book, which they said was their guide to learn flying. Davis concludes:

"We demand an immediate Senate investigation into this seemingly unwarranted expenditure of Federal funds. Our battle cry: 'Ten cents for comic books, but not one cent for the Air Force.'"

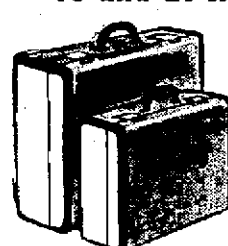

The first steamship to cross the Atlantic was the *Rising Sun* in 1810. It was built in Britain by Lord Cochrane and the ship voyaged to South America.

Communists Have Plans For Berlin

BERLIN, July 8.—(INS)—The Communist SED party published an elaborate program of plans today for its so-called "two-year" schedule of combining Berlin's economy with that of Russia.

The program calls for socialization of Berlin's industry and an increase in industrial employment from 207,000 to 400,000 workers. The food ration is to be lifted from 1,700 to 2,000 calories daily.

Soviet zone economic authorities warned Berlin city officials that they cannot depend upon the Western powers for raw materials but should negotiate directly with Russian zonal authorities.

Drifting Barge Is Sliced By Tanker

NEW YORK, July 8.—A drifting barge was sliced in half by a tanker today in the Hudson river, but the lone casualty was a frightened dog. Hauled out of a flooded cabin, the seagoing canine—a brown mongrel—was taken to an ASPCA shelter.

The skipper of the unloaded tanker, the William H. Ferguson operated by the Marine Transport Co., said he was headed downstream when his vessel hit the barge.

The barge apparently broke loose from its moorings and drifted into midstream, police said.

GIRL SCOUTS

Troop No. 13

Since Court of Awards the middle of May, the Girl Scouts of Troop No. 13 have been hiking every other Wednesday evening. The purpose of the hikes has been to study more about the trees that are common in this section of our country. Next hike will be held on Wednesday, July 14, with the girls meeting at the Second U. P. church at 8:30 p. m., with their lunch and notebooks.

TWO MINERS KILLED

JOHNSTOWN, Pa., July 8.—(INS)—Funeral services were being planned today for two Johnstown district coal miners who lost their lives in separate accidents Wednesday.

Ronald Jentham, 44, of Barnesboro, was crushed to death at the Springfield Coal Co. mine at Spanner.

Peter Mazurek, 50, of Boswell, was killed under a rock fall at the Williams Coal and Coke Co. mine at Jermont.

Contest Winner

WEARING the winner's crown, shapely Penny Lee is shown after she had been chosen the prettiest American of Chinese extraction at a contest in Pleasanton, Cal. Penny, an insurance company clerk, came in first in a field of twenty lovely entrants.

Tobacco is grown on one-twelfth of the nation's farms.

PERSONAL

Judy Ann Jacobson, Beaver Falls, is visiting with her cousins, Sammy and Billy Kalkin, Sheridan avenue.

Mr. and Mrs. George A. Matlocks and children of R.D. 2, Atkinson street, have returned home after spending two weeks visiting in the South.

Mr. and Mrs. Wilbur A. Whiting and son Thomas Whiting of 201 East Moody avenue have returned from a trip to Detroit, Mich., Canada and Niagara Falls.

Mrs. Catherine Johnson of Holt street, has returned from Leedsdale, where she visited for a few days with her sister and brother-in-law, Mr. and Mrs. Joe Showalter and family.

Mrs. Della Mottenger Hall, Leontonia, O., a former resident of Home street and Mahoningtown, is a guest this week in the home of her nephew, O. S. Frost 506 Electric street. This is her first visit.

FRIDAY AND SATURDAY
"LOVE FROM A STRANGER"

With New Castle Afro-Americans

The P. L. D. Reading Circle met recently with Mrs. Lavina Robinson, West State street with Mrs. Elhel Wall serving as chaplain. Following devotions, final arrangements were made for the annual picnic to be held on July 19 on the lawn of the Y. W. C. A. Center in Elm street. Otha Jackson was program hostess with the topic being Sesquicentennial events. Mrs. Jennie Johnson of Cleveland, a former resident was special guest and spoke briefly. Following the social hour, the hostess, assisted by her mother, Mary Mann and Otha

Jackson, served delectable refreshments. The club will not meet again until September.

South Side prayer band will meet on Friday evening at 7:30 o'clock in the home of Mrs. Rufus Bradshaw, 28 Ralph street.

Last year hybrid corn was planted on 71.4 per cent of the total United States acreage planted in corn.

Over 90 per cent of the milk in Sweden is now handled by co-operatives.

Sixteen of the highest peaks in the Appalachians tower over 6,000 feet.

Communists Have Plans For Berlin

BERLIN, July 3.—(INS)—The Communist SED party published an elaborate program of plans today for its so-called "two-year" schedule of combining Berlin's economy with that of Russia.

The program calls for socialization of Berlin's industry and an increase in industrial employment from 207,000 to 400,000 workers. The food ration is to be lifted from 1,700 to 2,000 calories daily.

Soviet zone economic authorities warned Berlin city officials that they cannot depend upon the Western powers for raw materials but should negotiate directly with Russian zone authorities.

Drifting Barge Is Sliced By Tanker

NEW YORK, July 3.—A drifting barge was sliced in half by a tanker today in the Hudson river, but the lone casualty was a frightened dog. Hauled out of a flooded cabin, the seagull canine—a brown mongrel—was taken to an ASPCA shelter.

The skipper of the unloaded tanker, the William H. Ferguson, operated by the Marine Transport Co., said he was headed downstream when his vessel hit the barge.

The barge apparently broke loose from its moorings and drifted into midstream, police said.

GIRL SCOUTS

Troop No. 13 Since Court of Awards the middle of May, the Girl Scouts of Troop No. 13 have been hiking every other Wednesday evening. The purpose of the hikes has been to study more about the trees that are common in this section of our country. Next hike will be held on Wednesday, July 14, with the hike meeting at the Second U. P. church, at 5:30 p.m., with their lunch and notebooks.

TWO MINERS KILLED JOHNSTOWN, Pa., July 3.—(INS)—Funeral services were being planned today for two Johnstown district coal miners who lost their lives in separate accidents Wednesday.

Ronald Jutham, 44, of Barnesboro, was crushed to death at the Springfield Coal Co. mine at Spangler.

Peter Nazarek, 50, of Boswell, was killed under a rock fall at the Hillman Coal and Coke Co. mine at Jerome.

May Get New Clues On Mysteries Of Solar System Now

SCHENECTADY, N. Y., July 8.—(INS)—A radio wave telescope, which reproduces static broadcast from the sun, may give the world new clues to the mysteries of the solar system.

Dr. Martha E. Stahr, assistant professor of astronomy at Cornell University, said the device is being built at the school to aid a research project to investigate radio frequency radiation from astronomical sources.

Dr. Stahr explained that the sun is continually emitting radio waves known as "solar noise," which are often heard on short wave radio sets.

An analyzing static reproduced by the radio-wave telescope over a period of years, she said, it is hoped to collect observational data for the study of solar radiation.

Red Cross Workers To Attend Workshop

STATE COLLEGE, Pa., July 8.—(INS)—Some 35 representatives of American Red Cross chapters in seven states will attend the second nutrition workshop at Penn State College July 12-23.

Delegates from Ohio, Indiana, Kentucky, West Virginia, Virginia, Pennsylvania, and Maryland will participate in discussions, work groups, and lecture sessions designed to bring out the latest trends in nutrition work.

The workshop will try also to devise methods for reaching community residents with nutrition information and to assist chapter workers in evaluating and organizing local nutrition programs fitted to specific needs.

Dr. Charles Glen King, New York, scientific director of the Nutrition Foundation, Inc., will be the principal speaker at the 10-day meeting.

Start Citizenship Training Of Boys

INDIANTOWN GAP, Pa., July 8.—(INS)—Citizenship training for 300 boys attending the Keystone boys' state camp hit full stride today at Indiantown Gap military reservation.

Youths attending the American Legion sponsored camp began the job of nominating and electing mayors and city councilmen for each of their 40 barracks.

The boys also split up into a two-party system for the elections—the "progressives" and "conservatives."

During a late afternoon visit yesterday, Gov. James H. Duff told the youths of the state's plan to use the camp as a testing ground for an eventual summer camp for underprivileged children.

DR. W. M. TINSTMAN RECEIVES RESIDENT DOCTOR'S POSITION

Dr. William M. Tinstman, son of Mrs. Cleo A. Tinstman of 421 Martin Avenue, has received an appointment as resident physician by the School of Medicine of the University of Buffalo. The residency is in Internal Medicine and he will be assigned to Buffalo General Hospital and the Batavia Veterans' Administration Hospital.

His work began there July 1. He will also serve on the staff of the Organized Naval Reserve Unit in Buffalo, N. Y., as Naval Officer.

Dr. Tinstman has just finished his internship at the Hamot Hospital in Erie.

Canada Is Seeking New Prime Minister

OTTAWA, Ont., July 8.—(INS)—The National Liberal Party is scheduled to convene in Ottawa August 5 to choose a successor to Prime Minister Mackenzie King.

King, 73, who has led the party for 29 years and who has headed the government of Canada 21 years, recently announced plans to retire.

Among candidates seeking the premiership include Louis St. Laurent, external affairs minister and J. G. Gardiner, federal minister of agriculture.

Legion Is Hoping To Hear Dewey

MIAMI, July 8.—(INS)—Miami American Legion officials today are hopeful that Republican Presidential Nominee Thomas E. Dewey will accept an invitation to attend the Legion's annual convention in Miami this fall.

This hope was expressed after

it was revealed that President Truman has promised to come to Miami for the meeting.

Rep. George Smathers of Miami revealed at a meeting of local 19 of Hotel Greeters of America yesterday that Mr. Truman had been registered at the White House for the convention.

Sidewalks of the main avenues in Rio de Janeiro are covered with black and white mosaic tile.

ANOTHER USE FOR IT

CHICAGO, July 8.—(INS)—The old-fashioned "sulfur and molasses" tonic for ailing youngsters that grandma used to bring out each spring now is being revived by veterinary science—for lambs.

The Journal of the American Veterinary Medical Association reported today that sulfur in lamb rations has proved effective in protecting lambs against enterotoxemia which is better known as the "over-eating disease."

BANKER FATALLY STRICKEN

PITTSBURGH, July 8.—(INS)—Funeral arrangements are being completed today for Robert J. Arnett, 61, Uniontown banker, who died last night in the Pittsburgh (Mercy) hospital.

Arnett came to Pittsburgh yesterday with his wife and son for a physical check-up. He died of a heart attack a few hours after being admitted to the hospital.

Court House

Two Sentenced On Wednesday

Interest In Registration
Seems To Be Decreasing
Instead Of Increasing

OTHER EVENTS IN COURT HOUSE

Two men were sentenced by Judge W. Walter Braham on Wednesday after they had pleaded guilty to charges. William Harold Jones who pleaded guilty to several morals charges, was sentenced to two to four years in the western penitentiary.

William Hilberry was fined \$30 and costs for assault and battery.

INTEREST LAGS
Instead of increasing the interest in registration seems to be decreasing. For several weeks the Permanent Registration Bureau was getting between 40 and 50 new registrations. Last week a total of 20 persons registered.

It is estimated there are still at least 7,000 persons eligible to register who have not done so. The registration bureau closes on September 11, which leaves just 55 working days until the books close.

becomes more impressive than ever

...AND CHEVROLET'S LOW PRICES

are even more attractive than in the past!

FIRST in Value . . .

**FIRST in Big-Car
Quality at Lowest
Prices . . .**

FIRST in Registrations

ALWAYS THE VALUE-LEADER . . .

Always the first choice of people who want the finest at lowest cost . . . Chevrolet's value-leadership is now so outstanding that men and women everywhere are deciding it's more than ever the preferred investment in its field!

Not only does Chevrolet stand out as the first and only low-priced car with all the following major advances which comprise the soundest and best in modern motoring . . . not only does it offer all these major advantages of Big-Car quality at lowest prices . . . but it offers them at prices that are now definitely and decisively lower than those of any other car that even remotely approaches it in quality!

It's the first and only low-priced car with the original and outstanding Unitized Knee-Action Ride. It's the first and only low-priced car with a world's champion Valve-in-Head Engine. It's

the first and only low-priced car with the enviable Body by Fisher. It's the first and only low-priced car with the triple safety-protection of Fisher Unisteel Body-Construction, the Unitized Knee-Action Ride and Positive-Action Hydraulic Brakes.

And yet, despite the fact that CHEVROLET AND ONLY CHEVROLET IS FIRST to offer all these major advancements of low-cost motoring, it holds an even greater price-advantage and gives you even more value for your dollars in comparison with other automobiles today than at any previous time in Chevrolet history!

That is why more people are buying Chevrolets than any other make of car, this year as for the total 17-year period, 1931 to date; that is why they are agreeing, with ever-mounting enthusiasm, that Chevrolet is first in dollar-value as it is first in nation-wide demand.

Compare Values!...
Compare Prices!...

Tractor Fatalities Take Five Lives In Past Two Months

HARRISBURG — Reports that five Pennsylvania farm workers lost their lives and three others were seriously injured in tractor accidents between April 20 and June 20 of this year prompted State Secretary of Agriculture Miles Horst to warn all operators of farm machines to be doubly cautious.

Tractor deaths were listed for Clearfield, Chester, Union, Wayne and York counties. Four were the

result of tractors overturning and the other when the victim was crushed between his tractor and plow while operating at night in an effort to catch up on plowing delayed by wet weather, the secretary said. Prominent among those killed was a farmer member of the state House of Representatives and an associate county court judge, he added.

Most accidents that occur in farm work are the result of mishandling various types of farm machines, the secretary declared. Tractor upsets usually are caused by loss of control, or by operating at too high speed or too near embankments or gullies where rain-softened soil gives way under the heavy weight, he explained.

Drive slow—children move fast.

Niccolo Del Conti was an Italian traveler of the 18th century. He learned Oriental languages and carried on an extensive traffic in the east. He was one of the pioneers of European commerce in the

east, and one of the first to advocate the idea of finding a western way by sea to the eastern countries. A volume of the observations and adventures of Conti was published in 1723.

John Crane, eminent landscape painter and etcher (1799-1881) acquired his taste for painting during an apprenticeship to a sign painter. Crane was an Englishman.

May Get New Clues On Mysteries Of Solar System Now

SCHENECTADY, N. Y., July 8.—(INS)—A radio wave telescope, which reproduces static broadcast from the sun, may give the world new clues to the mysteries of the solar system.

Dr. Martha E. Stahl, assistant professor of astronomy at Cornell University, said the device is being built at the school to aid a research project to investigate radio frequency radiation from astronomical sources.

Dr. Stahl explained that the sun is continually emitting radio waves known as "solar noise," which are often heard on short wave radio sets.

An analyzing static reproduced by the radio-wave telescope over a period of years, she said, is hoped to collect observational data for the study of solar radiation.

Red Cross Workers To Attend Workshop

STATE COLLEGE, Pa., July 8.—(INS)—Some 85 representatives of American Red Cross chapters in seven states will attend the second nutrition workshop at Penn State College July 12-23.

Delegates from Ohio, Indiana, Kentucky, West Virginia, Virginia, Pennsylvania and Maryland will participate in discussions, work groups and lecture sessions designed to bring out the latest trends in nutrition work.

Seek New Methods
The workshop will try also to devise methods for reaching community residents with nutrition information and to assist chapter workers in evaluating and organizing local nutrition programs fitted to specific needs.

Dr. Charles Glen King, New York, scientific director of the Nutrition Foundation, Inc., will be the principal speaker at the 10-day meeting.

Start Citizenship Training Of Boys

INDIANTOWN GAP, Pa., July 8.—(INS)—Citizenship training for 300 boys attending the Keystone boys' state camp hit full stride today at Indiantown Gap military reservation.

Youths attending the American Legion sponsored camp began the job of nominating and electing mayors and city councilmen for each of their 40 barracks.

The boys also split up into a two-party system for the elections—the "progressives" and "conservatives."

During a late afternoon visit yesterday, Gov. James H. Duff told the youths of the state's plan to use the camp as a testing ground for an eventual summer camp for underprivileged children.

BURGLARS KEEP OUT!

DR. W. M. TINSTMAN RECEIVES RESIDENT DOCTOR'S POSITION

Dr. William McC. Tinstman, son of Mrs. Cleo A. Tinstman of 421 Marlin Avenue, has received an appointment as resident physician by the School of Medicine of the University of Buffalo. The residency is in Internal Medicine and he will be assigned to Buffalo General Hospital and the Batavia Veterans' Administration Hospital. His work began there July 1. He will also serve on the staff of the Organized Naval Reserve Unit in Buffalo, N. Y., as Naval Officer. Dr. Tinstman has just finished his internship at the Ramot Hospital in Erie.

Canada Is Seeking New Prime Minister

OTTAWA, Ont., July 8.—(INS)—The National Liberal Party is scheduled to convene in Ottawa August 5 to choose a successor to Prime Minister Mackenzie King.

King, 73, who has led the party for 28 years and who has headed the government of Canada 21 years, recently announced plans to retire. Among candidates seeking the premiership include Louis St. Laurent, external affairs minister and J. G. Gardiner, federal minister of agriculture.

Legion Is Hoping To Hear Dewey

MIAMI, July 8.—(INS)—Miami American Legion officials today are hopeful that Republican Presidential Nominee Thomas E. Dewey will accept an invitation to attend the Legion's annual convention in Miami this fall.

This hope was expressed after

it was revealed that President Truman has promised to come to Miami for the meeting.

Rep. George Smathers of Miami revealed at a meeting of local 19 of Hotel Greeters of America yesterday that Mr. Truman had been registered at the White House for the convention.

Sidewalks of the main avenues in Rio de Janeiro are covered with black and white mosaic tile.

ANOTHER USE FOR IT
CHICAGO, July 8.—(INS)—The old-fashioned "sulfur and molasses" tonic for ailing youngsters that grandma used to bring out each spring now is being revived by veterinary science—for lambs.
The Journal of the American Veterinary Medical Association reported today that sulfur in lamb rations has proved effective in protecting lambs against enterotoxemia which is better known as the "over-eating disease."

BANKER FATALLY STRICKEN
PITTSBURGH, July 8.—(INS)—Funeral arrangements are being completed today for Robert J. Arnett, 61, Uniontown banker, who died last night in the Pittsburgh (Mercy) hospital.
Arnett came to Pittsburgh yesterday with his wife and son for a physical check-up. He died of a heart attack a few hours after being admitted to the hospital.

President's Wife
Likely To Attend
Dem Convention

Daughter Also Expected To Be
Present At Philadelphia
Sessions

By MARTHA KEARNEY
(U. S. Staff Correspondent)

WASHINGTON, July 8.—It's a pretty safe bet that the first lady and Margaret Truman will be at the Democratic convention alongside, although the chief executive has turned coy about his convention plans.

Once there, they would automatically become the ranking feminine convention guests.

White House aides say today that Mrs. Truman and her pretty, blonde daughter "will almost certainly be in Philadelphia" although no definite arrangements have yet been made for them.

And no one anticipates any difficulty at all in making arrangements for the wife and daughter of the president, even at the last minute.

There is no question but that President Truman's two staunchest admirers are most anxious to see the convention in action.

Bess Wallace Truman, when asked last fall if she would be on hand, replied:

"I expect to—I wouldn't miss a Democratic convention if I could help it."

And youthful, enthusiastic Margaret Truman is probably even more interested in watching the proceedings at Philadelphia.

The new little of the 1944 Democratic convention in Chicago which nominated her father to be vice president.

Women are estimated to control 70 per cent of the private wealth of the United States.

Cub Scouts Are
Given Badges

Kiwanis Sponsored Troop In New
Wilmington Has Service—
Other News

NEW WILMINGTON, July 8.—Nine members of the Cub Scout troop sponsored by the Kiwanis club received their badges at an interesting service Tuesday evening at the Methodist church.

L. J. Hemenway of New Castle, presented the charter and told the boys of the responsibilities which go with Scoutdom. Dan Carroll

of New Castle, also spoke, telling the boys of the opportunities for service and self-growth.

The Cubs who received badges were Thomas Mansell, Jerry Biberich, Jerry Brush, Robert Smith, Larry McCandless, Harwood Rowland, Richard Sharpe, James Buchanan and Robert Brush.

Recognition was also paid to Gayle Sharpe, Kiwanian in charge of children's work, and Fred Rowland, leader of scout work.

Roy Moose was re-instated as a member.

The Cub ceremonies took place in the church auditorium and parents of the boys were present.

Dr. and Mrs. J. W. Creighton have returned from Flatts Lake, Mich., where they spent several days.

The Monroe Bible class of the Presbyterian church will meet at Garrett's Lake, at 8 p. m., July 13. Temple Builders of the same church will meet Wednesday, July 4.

Second Group At
Camp Eastbrook

Girls Already Embarked On Program—Snipe Hunt Wednesday Night Feature

Second session of Camp Eastbrook had an active beginning on Monday, July 8. After the campers arrived, made their beds, and got settled in their cabins, they all went down to the pool for their first swim. The first evening, various mixing games were played, in order to acquaint the girls with camp-mates; after the games, the girls enjoyed another short swim. The evening was ended with a marshmallow roast around a big bonfire made brighter by sparklers, which some of the girls lit under the supervision of the counselors.

The next day, the campers quickly became acquainted with each other and the camp. Classes of swimming, nature, music, sports, and handicraft occupied the day. The evening was spent on a Treasure Hunt, which took the girls on a hike of about three miles. The Treasure was the regular evening treat of crackers and milk, made more glorious by the addition of Marshmallows, and hot chocolate. Bedtime came none too soon for the tired treasure seekers, who settled down for a long winter's nap after the singing of taps.

At morning assembly on Wednesday, the campers decided to call themselves "coygirls" for the camp period. Each cabin will now choose the name of a ranch for itself. A "snipe" hunt was scheduled for the evening activity; most campers mystified as to the exact identity of this mythical animal the "snipe", but that was as it should be. At least forty-five girls were wiser after this hunt on Wednesday night.

Actna-Standard
Has Many Orders

YOUNGSTOWN, July 8.—Actna-Standard Engineering Co. has enough orders on hand to keep its plants operating at full capacity for a year even if it got no additional orders, President Ernest E. Swartzwelder said.

He explained that the company, now third largest steel plant equipment producer, has booked many new orders recently, involving many millions of dollars. He added that many other projects "are in the wind" and Actna-Standard expects to get a good share of them.

"We have unfilled orders," he said, "from virtually every steel company, as well as from most of the copper, brass, aluminum and other metal-working companies."

Swartzwelder said the company's employment has reached a new high now. The company operates plants at Warren and at Ellwood City, Pa., with general offices here.

Court House

Two Sentenced On Wednesday

Interest In Registration
Seems To Be Decreasing
Instead Of Increasing

OTHER EVENTS IN COURT HOUSE

Two men were sentenced by Judge W. Walter Braham on Wednesday after they had pleaded guilty to charges. William Harold Jones who pleaded guilty to several morals charges, was sentenced to two to four years in the western penitentiary.
William Hilberry was fined \$50 and costs for assault and battery.

INTEREST LAGS

Instead of increasing the interest in registration seems to be decreasing. For several weeks the Permanent Registration Bureau was getting between 40 and 50 new registrations. Last week a total of 20 persons registered.
It is estimated there are still at least 7,000 persons eligible to register who have not done so. The registration bureau closes on September 11, which leaves just 55 working days until the books close.

becomes more impressive than ever*

...AND CHEVROLET'S LOW PRICES

are even more attractive than in the past!

FIRST in Value . . .

**FIRST in Big-Car
Quality at Lowest
Prices . . .**

FIRST in Registrations

ALWAYS THE VALUE-LEADER . . .
Always the first choice of people who want the finest at lowest cost . . . Chevrolet's value-leadership is now so outstanding that men and women everywhere are deciding it's more than ever the preferred investment in its field!

Not only does Chevrolet stand out as the first and only low-priced car with all the following major advances which comprise the soundest and best in modern motoring . . . not only does it offer all these major advantages of Big-Car quality at lowest prices . . . but it offers them at prices that are now definitely and decisively lower than those of any other car that even remotely approaches it in quality!

It's the first and only low-priced car with the original and outstanding Unitized Knee-Action Ride. It's the first and only low-priced car with a world's champion Valve-in-Head Engine. It's

the first and only low-priced car with the enviable Body by Fisher. It's the first and only low-priced car with the triple safety-protection of Fisher Unisteel Body-Construction, the Unitized Knee-Action Ride and Positive-Action Hydraulic Brakes.

And yet, despite the fact that CHEVROLET AND ONLY CHEVROLET IS FIRST to offer all these major advancements of low-cost motoring, it holds an even greater price-advantage and gives you even more value for your dollars in comparison with other automobiles today than at any previous time in Chevrolet history!

That is why more people are buying Chevrolets than any other make of car, this year as for the total 17-year period, 1931 to date; that is why they are agreeing, with ever-mounting enthusiasm, that Chevrolet is first in dollar-value as it is first in nation-wide demand.

*Compare Values!...
Compare Prices!...*

Tractor Fatalities Take Five Lives In Past Two Months

HARRISBURG — Reports that five Pennsylvania farm workers lost their lives and three others were seriously injured in tractor accidents between April 20 and June 20 of this year prompted State Secretary of Agriculture Miles Horst to warn all operators of farm machines to be doubly cautious.
Tractor deaths were listed for Clearfield, Chester, Union, Wayne and York counties. Four were the Borroni.

result of tractors overturning and the other when the victim was crushed between his tractor and plow while operating at night in an effort to catch up on plowing delayed by wet weather, the secretary said. Prominent among those killed was a farmer member of the state House of Representatives and an associate county court judge, he added.
Most accidents that occur in farm work are the result of mis-handling various types of farm machines, the secretary declared. Tractor upsets usually are caused by loss of control, or by operating at too high speed or too near embankments or gullies where rain-softened soil gives way under the heavy weight, he explained.

Drive slow—children move fast.

Niccolo Del Conti was an Italian traveler of the 15th century. He learned Oriental languages and carried on an extensive traffic in the east. He was one of the pioneers of European commerce in the

east, and one of the first to advocate the idea of finding a western way by sea to the eastern countries. A volume of the observations and adventures of Conti was published in 1723.

John Crome, eminent landscape painter and etcher (1768-1821) acquired his taste for painting during an apprenticeship to a sign painter. Crome was an Englishman.

Possible State Sponsored Camp May Be Planned

Indian Gap Reservation May
Become Camp For Under-
privileged Children

HARRISBURG, July 8.—(INS)—The American Legion's camp for boys opening at the Indian Gap military reservation will be used as a "guinea pig" for a possible state-sponsored summer camp for underprivileged children.

Gov. James H. Duff announced that he would ask the General Assembly next year for funds to finance a wide-scale summer outing for city-confined children whose parents cannot afford to send them to camp, if the Legion project proves satisfactory.

The Legion is providing food and training facilities for 350 boys attending the two-weeks' outdoor model government training program while the commonwealth is providing housing facilities.

Duff said a state-controlled program would require total financing with commonwealth funds. He was unable to estimate the cost.

Will Ask Funds

"If this thing works out satisfactorily, as I think it will, it is my purpose to ask the next General Assembly to provide funds for a co-ed summer camp for underprivileged children," Duff said.

The camp would provide recreation and instruction in Americanism, he added.

The military reservation representing an \$80,000 investment by the federal government and the

state, is used only a small part of the year for military purposes. "It is my purpose to use it for children as long as the use will not be inconsistent or will not interfere with military purposes for which the camp originally was established," he said. "I feel that there will be overwhelming public support of the plan and that the legislature will be willing to provide such funds as may be necessary."

The governor plans to visit the encampment today.

Man Missing For 20 Years Found Hospital Patient

BUFFALO, N. Y., July 8.—(INS)—A man who disappeared from home two decades ago is a patient Wednesday in a Buffalo hospital, apparently an amnesia victim.

Papers in his possession identified him as Robert S. Henderson, about 35, of Rollo, N. D., and also indicated that he has several thousand dollars worth of savings bonds in banks in Colorado and Kansas.

Check Is Made
A check with North Dakota authorities disclosed that a Robert Henderson left Rollo about 20 years ago and that his mother, Charlotte C. Henderson, lives in Modesto, Calif.

The patient was taken to the hospital at his own request, when he said that he had no knowledge of his identity. Buffalo authorities are awaiting advice from the man's mother.

The surface brightness of the sun is 1,000,000 candlepower, per square inch.

Around Hollywood

By EUTE BRIGMAN
(International News Service Staff Correspondent)

HOLLYWOOD, July 8.—(INS)—David O. Selznick had used his magic carpet again today and brought another European star to America.

This time it's Rossano Brazzi, unknown in this country but veteran of nearly 30 leading roles in Italy.

And the campy Selznick had no sooner signed the handsome Italian star before he "loaned" him to M-G-M to play the role of Professor Shaver in "Little Women."

Not For Presents
And they don't loan 'em for

nothing in Hollywood, Selznick introduced Brazzi to radio and news writers at a party at Ciro's—and receiving with him were his compatriot and former co-star, Alida Valli, already a favorite with American newsmen.

Rozzi is quite handsome, in the romantic Valentino manner. In the English which he learned in four months he confessed:

"California is the very nice place, ah, it is like Italy. In New York, everything is big and busy.

I like it, but not so well as California."

Handsome-Romantic
As handsome and romantic as he is, he prefers character roles. That's why he is pleased over the role of professor, his debut in American movies.

You'll like him, because we caught several glimpses of him in quite a few trailers shown at the cocktail party—and he can act.

But with his makeup to tone down his romantic appeal, you won't quite see the Brazzi we saw. But just wait—he's in this country for a long time!

And, if Brazzi and Valli do what they'd like, you'll see them together in "Tribby." They both want that.

Valli, who is one of the most beautiful women we ever saw, said:

"We work together well. Together we did what I consider my best picture in Italy, 'We, the Living'."

Rozzi, married to a non-professional for eight years, was a house guest of Valli and her husband, Oscar De Mejo, when he first arrived here a fortnight ago. Now he has found a house in Beverly Hills that has everything, he said wistfully, but a swimming pool!

Valli, passing up Martinis for tomato juice, lamented that she's going blonde for her role of a girl from southern Italy in RKO's "If This Be My Harvest."

"I don't want to be blonde," she said, "but it'll be all right. They'll be back dark."

"They" are her hair. She can't get used to the American way of "calling all those hairs" it.

Congressman Sees Moscow-Made Plan

Yugoslavia's Apparent Rift With
Russia May Be Part
Of Scheme

WASHINGTON, July 8.—(INS)—Rep. Charles Eaton (R) N. J., said that he suspects that Yugoslavia's apparent rift with Russia may be a Moscow-made plan to secure a Soviet outlet to the Mediterranean by armed force.

Eaton told a news conference that he "could not speak with any profound knowledge" but that he believes that clash either is genuine or created for the purpose of justifying occupation of Yugoslavia and Albania by Russian troops.

The House Foreign Affairs leader said he thinks that situation may be either:

"1. A real revolt by Yugoslavia against domination by Moscow, or

"2. A profoundly able arrangement engineered by Moscow which will permit the introduction of Russian armed forces in Yugoslavia and assure access to the Mediterranean by this and the occupation of Albania."

George Washington selected the site of the White House, which is the dwelling place of the president. He was not present at the laying of the cornerstone on October 13, 1792, nor did he live to see the mansion occupied.

President's Wife
Likely To Attend
Dem Convention

Daughter Also Expected To Be Present At Philadelphia Sessions

By MARTHA KEARNEY
(N. Y. Staff Correspondent)
WASHINGTON, July 8.—It's a pretty safe bet that the first lady and Margaret Truman will be at the Democratic convention ring-side, although the chief executive has turned coy about his convention plans.

Once there, they would automatically become the ranking feminine convention guests.

White House aides say today that Mrs. Truman and her pretty, blonde daughter "will almost certainly be in Philadelphia" although no definite arrangements have yet been made for them.

And no one anticipates any difficulty at all in making arrangements for the wife and daughter of the president, even at the last minute. There is no question but that President Truman's two staunchest admirers are most anxious to see the convention in action.

Bess Wallace Truman, when asked last fall if she would be on hand, replied:

"I expect to—I wouldn't miss a Democratic convention if I could help it."

And youthful, enthusiastic Margaret Truman is probably even more interested in watching the proceedings at Philadelphia. She saw little of the 1944 Democratic convention in Chicago which nominated her father to be vice president.

Women are estimated to control 70 per cent of the private wealth of the United States.

Cub Scouts Are
Given Badges

Kiwanis Sponsored Troop In New
Wilmington Has Service—
Other News

NEW WILMINGTON, July 8.—Nine members of the Cub Scout troop sponsored by the Kiwanis club received their badges at an interesting service Tuesday evening at the Methodist church.

L. J. Homeny of New Castle, presented the charter and told the boys of the responsibilities which go with Scouting. Dan Carroll

of New Castle, also spoke, telling the boys of the opportunities for service and self-growth.

The Cubs who received badges were Thomas Hansell, Jerry Bihrich, Jerry Brush, Robert Smith, Larry McCandless, Harwood Rowland, Richard Sharpe, James Buchanan and Robert Brush.

Recognition was also paid to Gayle Sharpe, Kiwanis in charge of children's work, and Fred Rowland, leader of scout work.

Ray Moosa was re-instated as a member.

The Cub ceremonies took place in the church auditorium and parents of the boys were present.

Dr. and Mrs. J. W. Creighton have returned from Platte Lake, Mich., where they spent several days.

The Monroe Bible class of the Presbyterian church will meet at Garrett's Lake, at 6 p. m., July 13. Temple Builders of the same church will meet Wednesday, July 14.

Dr. and Mrs. J. W. Creighton have returned from Platte Lake, Mich., where they spent several days.

Second Group At
Camp Eastbrook

Girls Already Embarked On Program—Snipe Hunt Wednesday Night Feature

Second session of Camp Eastbrook had an active beginning on Monday, July 5. After the campers arrived, made their beds, and got settled in their cabins, they all went down to the pool for their first swim. The first evening, various mixing games were played, in order to acquaint the girls with the campmates.

The girls enjoyed another short swim. The evening was ended with a marshmallow roast around a big campfire made brighter by sparklers, which some of the girls lit under the supervision of the counselors.

The next day, the campers quickly became acquainted with each other and the camp. Classes of swimming, nature, music, sports, and handicraft occupied the day.

The evening was spent on a "Treasure Hunt," which took the girls on a hike of about three miles. The Treasure was the regular evening treat of crackers and milk, made more glorious by the addition of Marshmallows, and hot chocolate.

Bedtime came too soon for the tired treasure seekers, who settled down for a long winter's nap after the singing of taps.

At morning assembly on Wednesday, the campers decided to call themselves "cowgirls" for the camp period. Each cabin will now choose the name of a ranch for itself. A "snipe" hunt was scheduled for the evening activity; most campers mystified as to the exact identity of this mythical animal the snipe, but that was as it should be. At least forty-five girls were wiser after this hunt on Wednesday night.

JOBS UPON A TIME

Don Ameche traveled the route of stock, vaudeville and radio before he became a Hollywood star. Born in Kenosha, Wis., and christened Dominic Felix Ameche, Don attended Columbia college in Du-

buque, Ia.; Marquette and Georgetown universities and the University of Wisconsin. At the latter place he manifested an interest in dramatics. An injured leading man in a stock company led to Don's taking his place, and after this stock experience he went to Broadway.

Harold (Red) Grange, the "Gal-

loping Ghost" of football, became known as the greatest ball carrier in football history. Red also gained the nickname of the "Wheaton Iceman" because he hauled ice during his summer vacations in his

home town of Wheaton, Ill. In 1924, playing with Illinois against Michigan, Grange made four touchdowns in four tries in the first quarter of the game, and another in the last period. He made the

All-American teams in 1923 1924 and 1925, and later turned pro.

New York City is 36 miles long and 16 1/2 miles wide at its greatest breadth.

"Whatever thy hand findeth to do, do it with thy might."—Ecclesiastes 9:10.

By NEWMAN CAMPBELL
 Through the ages there have been certain men who have been particularly gifted in certain lines of art or work.

Even in the earliest days of which we have record, some men were especially skillful at shaping the crude instruments which were used in hunting and fishing; others in using these articles, and still others in growing and harvesting grain and other foods—the first farmers.

The artists of ancient times did still drawings and painting on the walls of the caves in which they lived, and these are found today, with the simple household articles in which the women cooked and served the food the men caught or gathered.

Even so, there must also have been some members of these communities who were less skillful, and who were assigned to menial tasks that required muscle but no particular ability, even as today.

In our modern world, both in education and industry, earnest efforts are being made to avoid putting "square pegs into round holes," in other words, setting men at tasks for which they have no aptitude and there fore could not succeed.

Not all those that attend college are fitted to become members of the professions or classical scholars; some make better machinists, construction workers, weavers and the like.

The trend is therefore to make an effort to discover each man's capabilities and see that he gets a job which suits him and in which he can work best and happiest.

Whatever the work, if it is done honestly, to the best of one's ability, the workman (or woman) is

doing his share of the world's labors and fulfilling his mission on earth—doing God's work.

God had commanded Moses to build the tabernacle, giving him minute instructions concerning the building and all the furnishings, even to the garments that the priests would wear.

For this work the Lord said He had chosen skilled workmen—Bezalel, son of Uri, of the tribe of Judah, and Oholiab or Abiath, as the St. James Bible spells it, son of Ahisamach, of the tribe of Dan.

The Lord had filled them with wisdom and understanding, so that they could carry out His instructions, He told Moses.

The children of Israel were instructed to bring offerings of gold, silver and fabrics of various kinds with which to build and furnish the tabernacle.

Bezalel's part in the work was the actual building of the tent, fashioning of the altar, the Mercy Seat, the table and its vessels, the candlesticks and all furnishings thereof, all to be made of the finest materials.

To Oholiab was entrusted the weaving and making of all the finely wrought and beautifully decorated garments for Aaron and his sons, the priests, to wear when performing their duties.

The immense amount of work entrusted to these two honest and highly skillful workmen, involved wood carving and construction, over-laying wood and brass with gold and silver, carving and engraving in gold, silver and brass, cutting and setting gems, inter-weaving gold and silver threads into the fabrics from which the priests' robes were made.

Moses himself, splendid leader of men, could not have done this wonderfully intricate work. Exodus gives us a very detailed description of the work, which space will not permit us to cover, but we will mention the Ark of the Covenant—which was a great chest-like object covered by the Mercy Seat, on which were two cherubim, one at each end, with high-flung wings meeting above.

It was to be the central object in the tabernacle and was covered with a veil so that no eyes could gaze upon it, although all would be directed toward it. The high priest was the only one permitted to look on it, and he only once a year.

When all was done as the Lord had commanded, Moses "did look upon all the work, and behold, they had done it as the Lord had commanded, even so had they done it, and Moses blessed" the workmen.

We are not told how long it took these men to do all this complicated work, but they must have had joy in it, and they certainly exemplified our Memory Verse, for they did it "with their might."

Youth Suicides

As Officer Talks With His Mother

Wealthy Parents Of Youth Grief Stricken, Had Been Driving Without License

MERION, Pa., July 8.—(INS)—The prominent parents of a 14-year-old main line youth were grief-stricken today over his suicide after being involved in a minor auto accident while driving without a license.

The victim was Benjamin F.

Sawin, Jr., son of a vice president of the Provident Trust Co. in Philadelphia. Police said he shot himself in the temple with a .22 caliber rifle in his parents' Merion apartment while his mother waited outside with the policeman who had brought him home, ostensibly "to get his driver's license."

Lead To Officer
 The boy was driving his mother's car in Narberth yesterday when it was involved in a collision. Patrolman Charles F. Gervin of Narberth said young Sawin told him he had left his license home.

The officer accompanied the boy home and waited outside with his mother while the youth entered. When Mrs. Sawin told Gervin the boy didn't have a license, the of-

ficer suggested she go in to see what he was doing. She entered the apartment house and emerged screaming a moment later. They found the boy lying face down on the floor. He was pronounced dead at Bryn Mawr hospital.

Revolt In Peru Has Been Crushed

LIMA, Peru, July 8.—(INS)—The Peruvian government announced today that the revolt of two army garrisons in southern Peru has been crushed. The announcement said that rebel troops are laying down their

arms, following the flight of their leaders across the Bolivian border. The Bolivian government was said to have seized Lieut. Col. Lloso Gonzales Perez, the rebel chief, and, others who fled with him.

The rebellion was said to have been a right wing movement in protest against the allegedly "mild" attitude of Conservative President Jose Bustamante toward the leftist Aprista party.

Possible State Sponsored Camp May Be Planned

Indian Gap Reservation May
Become Camp For Under-
privileged Children.

HARRISBURG, July 8.—(INS)—The American Legion's camp for boys opening at the Indian Gap military reservation will be used as a "guinea pig" for a possible state-sponsored summer camp for underprivileged children.

Gov. James H. Duff announced that he would ask the General Assembly next year for funds to finance a wide-scale summer outing for city-confined children whose parents cannot afford to send them to camp. If the Legion project proves satisfactory.

The Legion is providing food and training facilities for 350 boys attending the two-weeks' outdoor model government training program while the commonwealth is providing housing facilities.

Duff said a state-controlled program would require total financing with commonwealth funds. He was unable to estimate the cost.

Will Ask Funds

"If this thing works out satisfactorily, as I think it will, it is my purpose to ask the next General Assembly to provide funds for a co-ed summer camp for underprivileged children," Duff said.

The camp would provide recreation and instruction in Americanism, he added.

The military reservation representing an \$80,000 investment by the federal government and the

state, is used only a small part of the year for military purposes. "It is my purpose to use it for children as long as the use will not be inconsistent or will not interfere with military purposes for which the camp originally was established," he said. "I feel that there will be overwhelming public support of the plan and that the legislature will be willing to provide such funds as may be necessary."

The governor plans to visit the encampment today.

Man Missing For 20 Years Found Hospital Patient

BUFFALO, N. Y., July 8.—(INS)—A man who disappeared from home two decades ago is a patient Wednesday in a Buffalo hospital, apparently an amnesia victim.

Papers in his possession identified him as Robert S. Henderson, about 35, of Rolle, N. D., and also indicated that he has several thousand dollars worth of savings bonds in banks in Colorado and Kansas.

Check Is Made

A check with North Dakota authorities disclosed that a Robert Henderson left Rolle about 20 years ago and that his mother, Charlotte C. Henderson, lives in Modesto, Calif.

The patient was taken to the hospital at his own request, when he said that he had no knowledge of his identity. Buffalo authorities are awaiting advice from the man's mother.

The surface brightness of the sun is 1,600,000 candlepower, per square inch.

Around Hollywood

By RUTH BRIGHAM
(International News Service Staff Correspondent)

HOLLYWOOD, July 8.—(INS)—David O. Selznick had used his magic carpet again today and brought another European star to America.

This time it's Rossano Brazzi, unknown in this country but veteran of nearly 30 leading roles in Italy.

And the canny Selznick had no sooner signed the handsome Italian star before he "loaned" him to M-G-M to play the role of Professor Bhaer in "Little Women."

Not For Peanuts

And they don't loan 'em for

nothing in Hollywood. Selznick introduced Brazzi to radio and news writers at a party at Ciro's and receiving with him were his compatriot and former co-star, Alida Valli, already a favorite with American newsmen.

Rozzi is quite handsome, in the romantic Valentino manner. In the English which he learned in four months he confided:

"California is the very nice place, ah, it is like Italy. In New York, everything is big and busy."

I like it, but not so well as California.

Handsome-Komandante

As handsome and romantic as he is, the pretty character roles. That's why he is pleased over the role of professor, his debut in American movies.

You'll like him, because we caught several glimpses of him in quite a few trailers shown at the cocktail party—and he can act.

But with his makeup to tone down his romantic appeal, you won't quite see the Brazzi we saw. But just wait—he's in this country for a long time!

And, if Brazzi and Valli do what they'd like, you'll see them together in "Tribby." They both want that.

Valli, who is one of the most beautiful women we ever saw, said:

"We work together well. Together we did what I consider my best picture in Italy, 'We, the Living'."

Rozzi, married to a non-professional for eight years, was a house guest of Valli and her husband, Oscar De Mejo, when he first arrived here a fortnight ago. Now he has found a house in Beverly Hills that has everything, he said wistfully, but a swimming pool!

Valli, passing up Martinis for tomato juice, lamented that she's going blonde for her role of a girl from southern Italy in RKO's "This Be My Harvest."

"I don't want to be blonde," she said, "but it'll be all right. They'll be back dark."

"They" are her hair. She can't get used to the American way of "calling all those hairs" it.

Congressman Sees Moscow-Made Plan

Yugoslavia's Apparent Rift With
Russia May Be Part
Of Scheme

WASHINGTON, July 8.—(INS)—Rep. Charles Eaton (R) N. J., said that he suspects that Yugoslavia's apparent rift with Russia may be a Moscow-made plan to secure a Soviet outlet to the Mediterranean by armed force.

Eaton told a news conference that he "could not speak with any profound knowledge" but that he believes that clash either is gen-

ine or created for the purpose of justifying occupation of Yugoslavia and Albania by Russia troops.

The House Foreign Affairs leader said he thinks that situation may be either:

"1. A real revolt by Yugoslavia against domination by Moscow, or

"2. A profoundly able arrangement engineered by Moscow which will permit the introduction of Russian armed forces in Yugoslavia and assure access to the Mediterranean by this and the occupation of Albania."

George Washington selected the site of the White House, which is the dwelling place of the president. He was not present at the laying of the cornerstone on October 13, 1792, nor did he live to see the mansion occupied.

"Whoever thy hand findeth to do, do it with thy might."—
Ecclesiastes 9:10.

By NEWMAN CAMPBELL

Through the ages there have been certain men who have been particularly gifted in certain lines or art or work.

Even in the earliest days of which we have record, some men were especially skillful at shaping the crude instruments which were used in hunting and fishing; others in using these articles, and still others in growing and harvesting grain and other foods—the first farmers.

The artists of ancient times did still drawings and painting on the walls of the caves in which they lived, and these are found today with the simple household articles in which the women cooked and served the food the men caught or garnered.

Even so, there must also have been some members of those communities who were less skillful, and who were assigned to menial tasks that required muscle but no particular ability, even as today.

In our modern world, both in education and industry, earnest efforts are being made to avoid putting "square pegs into round holes." In other words, setting men at tasks for which they have no aptitude and therefore could not succeed.

Not all those that attend college are fitted to become members of the professions or classical scholars; some make better machinists, construction workers, weavers and the like.

The trend is therefore to make an effort to discover each man's capabilities and see that he gets a job which suits him and in which he can work best and happiest.

Whatever the work, if it is done honestly, to the best of one's ability, the workman (or woman) is

doing his share of the world's labors and fulfilling his mission on earth—doing God's work.

God had commanded Moses to build the tabernacle, giving him minute instructions concerning the building and all the furnishings, even to the garments that the priests would wear.

For this work the Lord said He had chosen skilled workmen—Bezalel, son of Uri, of the tribe of Judah, and Ooliab or Aholiab, as the St. James Bible spells it, son of Ahisamach, of the tribe of Dan.

The Lord had filled them with wisdom and understanding, so that they could carry out His instructions, He told Moses.

The children of Israel were instructed to bring offerings of gold, silver and fabrics of various kinds, with which to build and furnish the tabernacle.

Bezalel's part in the work was the actual building of the tent, fashioning of the altar, the Mercy Seat, the table and its vessels, the candlesticks and all furnishings thereof, all to be made of the finest materials.

To Ooliab was entrusted the weaving and making of all the finely wrought and beautifully decorated garments for Aaron and his sons, the priests, to wear when performing their duties.

The immense amount of work entrusted to these two honest and highly skillful workmen, involved wood carving and construction, over-laying wood and brass with gold and silver, carving and engraving in gold, silver and brass, cutting and setting gems, interweaving gold and silver threads into the fabrics from which the priests' robes were made.

Moses himself, splendid leader of men, could not have done this wonderfully intricate work. Exodus gives us a very detailed description of the work, which space will not permit us to cover, but we will mention the Ark of the Covenant—which was a great chest-like object covered by the Mercy Seat, on which were two cherubim, one at each end, with high-flying wings meeting above.

It was to be the central object in the tabernacle and was covered with a veil so that no eyes could gaze upon it, although all would be directed toward it. The high priest was the only one permitted to look on it, and he only once a year.

When all was done as the Lord had commanded, Moses "did look upon all the work, and behold, they had done it as the Lord had commanded, even so had they done it, and Moses blessed" the workmen.

We are not told how long it took these men to do all this complicated work, but they must have had joy in it, and they certainly exemplified our Memory Verse, for they did it "with their might."

Class Of 1914 Has Enjoyable Reunion At Fisher Cottage

County Commissioner Harvey B. Bush Named President—Plan Big Gathering Next Year

Members of the high school class of 1914 had an enjoyable reunion at the summer cottage of Dan Fisher, one of the class members, at East Brook, Wednesday, with 30 former class members and their families in attendance.

The group assembled at 3 o'clock and after spending the afternoon in reminiscing, swimming and games they repaired to the East Brook grange hall, where a delicious dinner was served by the women of the grange.

Officers named for next year are: president, Harvey B. Bush; vice president, John Powers; secretary, Rachel Pollock Taylor; corresponding secretary, Miriam Marlin Cooil; treasurer, Dan Fisher.

It was planned to have another gathering next year, the 35th anniversary of the graduation of the class, and to meet again every five years.

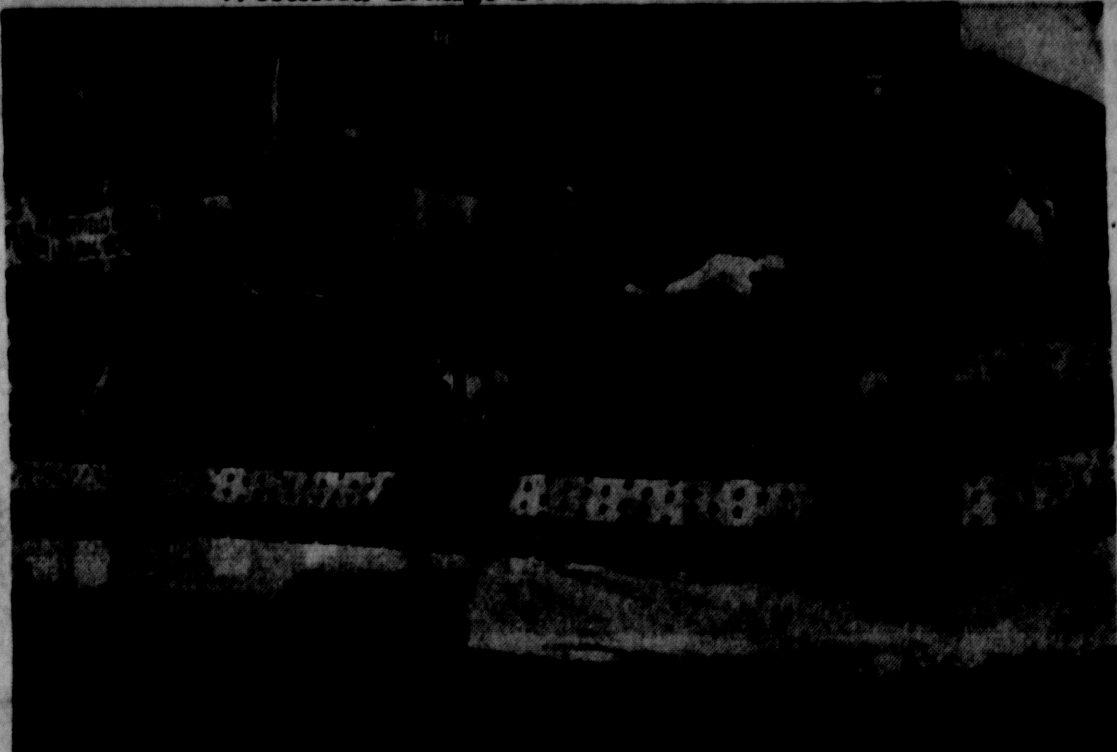

Three former teachers of the class were present. They included Mrs. Lucille Van Gorder Sturgeon of Aspinwall, Mrs. Mary Moorman Smith of Shaker Heights, O., and Miss Rose Stewart of Tucson, Ariz.

Among the members present from a distance were: Mrs. Vesta Snyder King of Salem, O.; Mrs. Anna Mann Pollock of Ann Arbor, Mich.; Dr. and Mrs. Percy McBride and son of Rutland, Vt., and Mr. and Mrs. Herbert Kirk of Beaver, Pa.

An impressive eulogy to the members of the class who have passed on was delivered by Attorney John M. Powers, who acted as master of ceremonies, following which the members stood in silent tribute to their memory. They were: David M. Pattison, William Fitzmaurice, Albert Trezor, Elizabeth Wood Wilmart, Laura Sedgwick Florida, William Pitts and Franklin Sturgeon, one of the teachers.

Dulmetis was an Egyptian goddess worshipped at the city of the same name. Her sacred animal was the cat.

Westfield Grange School Float in Parade

Among the unusual floats entered by granges in the Youth and Agricultural parade Wednesday, was this float by the Westfield grange. It represents the rural schools of 1793. The driver is S. G. McCullough, principal of North Beaver Township school, the teacher is George Clark and the driver with his back to the class is Harry Emery.

Name Winners In Poetry Contest

Sequel Poetry Contest Concluded—Warren E. Weide Takes First Place

Poetry contest, sponsored by the Sequel centennial, has come to a close and the winners have been announced.

First prize of \$10 was awarded to Warren E. Weide, 1132 South Mill street, for his poem, "Castledale".

Second prize of \$5 was given to Robert A. Bailey, 545 Ryan avenue, for his poem, "Yours to Hold".

Third prize of \$3 was awarded to Grift Thomas, 107 Park avenue, for his poem entitled "New Castle Sequel centennial, 1948".

Seven \$1 prizes were awarded to the following persons:

Miss Bertha L. Cowden, "Faith of Our Fathers".

Miss Barbara Drake, "The Leader of the School Band".

Mrs. Theodore R. Castelo, "Old Times".

Miss Irene R. George, "Sequel centennial, 1948".

Miss Evelyn Stevenson, "Just a Tradition".

Mrs. Anna Cornish, "Pennsylvania's Progressive City".

Mrs. Clara M. Morrison, "Life in the Almira Home".

Committee of judges was composed of the following persons:

Miss Garnet Rhodes, president of poetry group, Mrs. G. L. Henderson and Mrs. C. R. Brenner.

Comptroller in charge of the contest were Misses Frances Hayden and Allureh Louie, and Mrs. Carl Wilson.

Coals suitable for making coals are located mostly in Pennsylvania, West Virginia, Kentucky and Alabama.

Pet Skunks In Parade Here

Little Carolyn Jane Taylor, of Dickson street, holds her nose as she dubiously views the pet of "Ship" Olson of East Leasore avenue. "Ship", with his friend Dave Turner, had pet skunks in Wednesday's pet parade.

LARGE TOBACCO TAX

WASHINGTON, D. C.—Tobacco smokers in the U. S. burn up almost one billion cigarettes every day, the Federation of Tax Administrators report. This statistic came to light in connection with the Federation's recent statement that cigarette and tobacco taxes levied by 35 states yielded a record \$25.5 million dollars in calendar 1947. This beat the 1946 total by 35 percent. The 1948 tax gross is expected to be even bigger.

Hospital Notes

JAMESON MEMORIAL. Admitted—Richard Grossman, R. D. 1, Slippery Rock; Samuel E. Cover, New Bedford; Mrs. Eva Johnson, Bessemer; Mrs. Helen Hillard, Harrisville; Raymond E. Deardorff, R. Man's World Theory Refuted Out West

LAS VEGAS.—(INS)—Women are holding their own in the "new west" country of Las Vegas where the ratio of men to the feminine population still runs as high as three to one.

Many key elective and appointive posts in both city and county administrations are held by women. All legal documents of the county are registered through the staff of a woman—the county clerk. All city licenses go over the desk of another woman—the city clerk.

The leading youth recreation center in Las Vegas, with clubhouse, theatre, and outdoor sports equipment, is run by a capable young girl not much older than her charges.

The City Library is presided over by the gentle sex. Both of the court reporters in the two municipal judge's offices are women. The Community Chest, Red Cross, and Girl Scout organizations are administered by women. The Deputy Superintendent of Schools is a woman.

Two women recently passed the Nevada State Bar exam and now are practicing attorneys in Las Vegas. In addition, there are 15 women who are licensed realtors in the busy city.

The 53,941,000 people eligible to vote in the 1948 United States presidential election exceed those eligible in 1940 by 10 million.

The Dominion of Canada is almost as broad as it is long. It is nearly 3,000 miles east to west, and nearly 3,000 miles north to south. Three-quarters of Canada's population lives in a strip averaging 200 miles wide along the United States border.

There are 7000 bridges in England unfit for modern traffic.

Really Fresh!

HELLMANN'S REAL MAYONNAISE

Next time you serve lettuce wedges, why not mix your Hellmann's Real Mayonnaise with chili sauce? It's a swell variation. And that's not all. In sauces and soups, spread on sandwiches, and of course in salads, it's tops. Being real mayonnaise, not just "salad dressing," Hellmann's Real Mayonnaise contains no starchy filler. It's all pure mayonnaise... wonderfully rich and flavorful.

HELLMANN'S REAL MAYONNAISE

BRAKES Tested

Don't take chances with others lives or your own. Have your brakes checked, adjusted or relined to assure you of quick stopping in emergencies. Craft experts will do a thorough job for you.

Arab League Rejects Truce Extension Plea

Count Bernadotte Officially
Informed Proposals Have
Been Rejected

BULLETIN
TEL. AVIV, July 8 — (INS) — The Arab League officially informed Count Folke Bernadotte today that it has rejected proposals for extension of the Palestine truce which expires tomorrow.

Abdul Rahman Azam Pasha, secretary general, announced in Cairo after a meeting of the Arab League Political Committee that the United Nations mediator had been "informed of Arab rejection of the demand for truce extension."

Count Bernadotte left the Palestine port city of Haifa for his headquarters on the island of Rhodes after receiving the official replies of the Arabs and the Jewish State of Israel to his proposal to continue the four-week ceasefire.

Unofficial reports said that the Jewish note constituted "acceptance in principle."

The Swedish Count is expected shortly to make public the contents of both replies.

Indications are that the Jews expressed willingness to prolong the truce under certain conditions, but non-compliance by the Arabs undoubtedly will mean early resumption of large-scale hostilities.

"The Devil's Parliament" was the name given by an English parliament convened by Henry VI, which met at Coventry in 1459, and unjustly attained the Duke of York and his adherents of high treason.

In a modern piano steel wires are under a combined pull of 17 tons.

New Bridge Is About Ready

Within a short time, the new bridge crossing the Slippery Rock Creek below the Heins House property will be open for traffic. The steel is erected, and about all that remains to be done is to make the necessary fills near the abutments.

The bridge replaces the old Armstrong bridge which collapsed several years ago. The new bridge has no overhead steel structure but merely steel guard rails as shown in the above picture.

No change was made in the location of the bridge. The north end of the bridge is in Wayne township and the south end in Perry township.

Seventh Ward
Ward Playground
Sports Day Event

Sequitennial Tee Shirts Given
As Awards. Ward Youngsters
Win in City Parade

Wednesday was a big day for the Mahoningtown playground kids. Two truckloads of youngsters were transported to take part in the morning Sequitennial parade in the city.

The horseshoe tournament was won by Carmen Pastore, 314 North Liberty street, Angelo Canale, 305 West Madison avenue, won the honor of being best hop-scotch player on the playground; Shirley Lombardo won a fine tee shirt for her display in "Jack" playing; Joe Felice, 221 East Clayton street, believes he earned his prize by eliminating 15 other contestants in checker games.

Beginning at 1:30, the afternoon was taken up with sports. The playground was buzzing with excitement, for prizes to be awarded were Sequitennial tee shirts.

The horseshoe tournament was won by Carmen Pastore, 314 North Liberty street, Angelo Canale, 305 West Madison avenue, won the honor of being best hop-scotch player on the playground; Shirley Lombardo won a fine tee shirt for her display in "Jack" playing; Joe Felice, 221 East Clayton street, believes he earned his prize by eliminating 15 other contestants in checker games.

While sports were on in the ward playground, two juniors were sent to George Washington field to play football, and these teams won, so "Tyko Carbons, 100 South Liberty, and "Butch" Vert, 100 North Liberty street, won tee shirts. These Sequitennial mementos will be highly prized by the winners.

First prize ribbon was awarded to Charles Perrotta, Wabash avenue; second prize to Sylvia Cassey, West Clayton street, and third to Bobby Dando of Cherry street. There was a splendid attendance at the event.

At Kemp Reunion
Held in Greenville

Mrs. M. M. Tindall and son, Ernest Tindall, and son, Gerald, Mr. and Mrs. Glenn Tindall, Mr. and Mrs. Donald Tindall and daughter, Mrs. Minnie Wigley, and two children, of Willow Grove; Mr. and Mrs. Covert Tindall and Mr. and Mrs. Louis Bonenburg, Mr. and Mrs. John Lane of Beaver Falls, formerly of this city, and Mrs. Blanche Hawk of Oak street, have returned from near Greenville.

SEVENTH WARD NOTES
Mrs. Lola Ringer of Huntington Park, Calif., is visiting for a couple of weeks with her sister and brother-in-law, Mr. and Mrs. Herb Mullen, of 408 North Liberty street, and another sister, Mrs. Fern Watkins, of North Ashland avenue. This is Mrs. Ringer's first trip here for 17 years.

This evening the Women's Missionary society of Madison Avenue Christian church will gather in the home of Mrs. Russell McConnell, 322 West Madison avenue, at eight o'clock, with Mrs. E. M. Jones as leader.

Mr. and Mrs. Victor Huff son John and daughter Dorothy, of 604 North Liberty street, have returned from Struthers, O., where they attended the annual Mound family reunion Sunday.

Mrs. Wade Daugherty announces that the regular meeting of the M. E. G. auxiliary of Mahoningtown Presbyterian church has been postponed to Thursday evening, July 15, at eight o'clock, on account of the city's Sequitennial this week. Mrs. R. G. Fisher of 716 Young street will be hostess, and Mrs. H. E. Alexander, associate hostess. The topic will be "World-Wide Christian Fellowship."

Tommy, son of Mr. and Mrs. Cyril Jones, of Hubbard, O., formerly of the ward, visited Monday with Billy and Gary Shaffer of 607 West Madison avenue.

Mr. and Mrs. Jess Cox, 208 South Wayne street, have returned from Canfield, O., where they attended the horse races.

Mr. and Mrs. A. W. Wendenburg of Miami, Fla., were guests Sunday in the home of Mr. and Mrs. Andrew Masters of South Wayne street.

Members and officers of St. Margaret's Council, No. 74, will meet this evening at 7:30 in St. Margaret's hall.

Mrs. John Carr of Bessemer spent Tuesday at the home of her daughter and son-in-law, Mr. and Mrs. Anthony Masters, and family, of 206 South Wayne street.

Sequit Quilt Display Prize Winner Named

Five Prizes Awarded For Old Time
Quilts Announced By
Judges

Prizes have been announced by the committee in charge of the Sequit quilt exhibit, on display at Hane's furniture store on West Washington street.

Judges for the display were Mrs. E. A. Boone and Mrs. A. A. White, who announced that no prizes were awarded for modern quilts, since this was chiefly a display of old-time quilts.

Award Winners
Prize for the oldest woven coverlet in good condition was awarded to Mrs. A. T. Eckles.

Prize for the quilt with the most interesting history was given to Mrs. William Atkinson (Elsie Fitch).

Mrs. James M. Yates received the prize for the oldest and best preserved quilt.

Prize for the quilt with an old-fashioned design was awarded to Mrs. Mary Haines.

Quilt with the most historical background, owned by Mrs. J. T. Colyer, received a prize. This quilt was made by the grandmother of the late Dr. Thad C. Brown.

To Make Awards—Return Quilts
Prizes for these quilts will be distributed at Hane's store on Tuesday, July 13.

Everyone having a quilt on display should appear at this time, with the receipt, to receive the quilt. The committee will be there to give out prizes and return quilts.

Committee for the Sequit quilt display included the following: Mrs. Ethel Reuter Ferver, chairman, Mrs. Howard Magill, Mrs. A. T. Eckles, Mrs. George Patterson, Mrs. William Wallace, Mrs. Thomas Lindsey, Mrs. Scott Hamilton, and Mrs. Irwin Ropp.

The committee wishes to thank everyone who aided the Sequit by displaying a quilt, whether old or new.

The underground tuber of the "old man of the earth," a dainty plant, weighs from 10 to 15 pounds.

Drive slow—children move fast.

BEG PARDON, SUM!
DALLAS, Tex. (INS)—The Fort Worth Chamber of Commerce won't like this but a visitor from Houston mistook the city for a suburb of Dallas. H. W. Crowell

reported to sheriff Steve Guthrie that he had left a traveling companion in one of the two tourist cabins he had rented on the outskirts of Dallas. He said he couldn't remember the name of place. After a great deal of

checking the sheriff's office found out that the tourist court was in Fort Worth not Dallas.

PERSONNEL INCREASE
BIENNE, Switzerland — Unemployment in the Swiss watch industry increased 730 percent for March over the same month last year, according to government employment statistics. Fifteen persons were unemployed, as compared to two in March, 1947.

Class Of 1914 Has Enjoyable Reunion At Fisher Cottage

County Commissioner Harvey B. Bush Named President—Plan Big Gathering Next Year

Members of the high school class of 1914 had an enjoyable reunion at the summer cottage of Dan Fisher, one of the class members, at East Brook, Wednesday, with 38 former class members and their families in attendance.

The group assembled at 3 o'clock and after spending the afternoon in reminiscing, swimming and games they repaired to the East Brook grange hall, where a delicious dinner was served by the women of the grange.

Officers named for next year are: president, Harvey B. Bush; vice president, John Powers; secretary, Rachel Pollock Taylor; corresponding secretary, Miriam Martin; treasurer, Dan Fisher.

It was planned to have another gathering next year, the 35th anniversary of the graduation of the class, and to meet again every five years.

Three former teachers of the class were present. They included Mrs. Lucille Van Gorder Sturgeon of Aspinwall, Mrs. Mary Mossman Beattie of Shaker Heights, O., and Miss Rose Stewart of Tucson, Ariz.

Among the members present from a distance were: Mrs. Vesta Snyder King of Salem, O.; Mrs. Anna Hahn Pollock of Ann Arbor, Mich.; Dr. and Mrs. Percy McBride and son of Rutland, Vt., and Mr. and Mrs. Herbert Kirk of Beaver, Pa.

An impressive eulogy to the members of the class who have passed on was delivered by Attorney John M. Powers, who acted as master of ceremonies, following which the members stood in silent tribute to their memory. They were: David M. Jaffson, William Fitzmaurice, Albert T. Esser, Elizabeth Reed Wilmarth, Laura Sedgwick Florida, William Pitts and Franklin Sturgeon, one of the teachers.

Bubastis was an Egyptian goddess worshipped at the city of the same name. Her sacred animal was the cat.

Westfield Grange School Float In Parade

Among the unusual floats entered by granges in the Youth and Agricultural parade Wednesday, was this float by the Westfield grange. It represents the rural schools of 1798. The dance is S. G. McCullough, principal of North Beaver Township schools, the teacher is George Clark and the errand boy with his back to the class is Harry Emery.

Name Winners In Poetry Contest

Sesqui Poetry Contest Concluded
—Warren E. Weide Takes First Place

Poetry contest, sponsored by the Sesquicentennial, has come to a close and the winners have been announced.

First prize of \$10 was awarded to Warren E. Weide, 1132 South Mill street, for his poem, "Castle-Cadia".

Second prize of \$5 was given to Robert A. Bailey, 940 Ryan avenue, for his poem, "You're to Hold".

Third prize of \$3 was awarded to Griff Thomas, 107 Park avenue, for his poem entitled "New Castle Sesquicentennial, 1948".

Seven \$1 prizes were awarded to the following persons: Miss Bertha L. Cowden, "Faith of Our Fathers"; Miss Barbara Drake, "The Leader of the School Band"; Mrs. Theodore R. Castele, "Old Times"; Miss Irene R. George, "Sesquicentennial: Festum"; Miss Evelyn Stevenson, "Just a Tradition"; Anna Cornish, "Pennsylvania's Progressive City"; Mrs. Clara M. Morrison, "Life in the Almira Home".

Committee of judges was composed of the following persons: Miss Garnet Rhodes, president of poetry group, Mrs. G. L. Henderson and Mrs. C. R. Brenner.

Councilman in charge of the contest were Misses Frances Haydon and Allura Leslie, and Mrs. Carl Wilson.

Coal suitable for making coke are located mostly in Pennsylvania, West Virginia, Kentucky and Alabama.

Pet Skunks In Parade Here

Little Carolyn Jane Taylor, of Dickson street, holds her nose as she dubiously views the pet of "Skip" Olson of East Leasure avenue. "Skip", with his friend Dave Turner, had pet skunks in Wednesday's pet parade.

LARGE TOBACCO TAX

WASHINGTON, D. C.—Tobacco smokers in the U. S. burn up almost one billion cigarettes every day, the Federation of Tax Administrators report. This statistic came to light in connection with the Federation's recent statement that cigarette and tobacco taxes levied by 38 states yielded a record 285.2 million dollars in calendar 1947. This beat the 1946 total by 25 percent. The 1948 tax gross is expected to be even bigger.

Hospital Notes

FAST HYPNOSIS
HOLLYWOOD—The process of hypnosis has been speeded with an instrument designed by Dr. Bernard C. Gindes of Los Angeles. The mechanism, called a hypnoscope, resembles an old fashioned motion picture camera mounted on a tripod. Its features are a 40-watt light bulb, a powerful lens and filters and various colors. The doctor claims that the instrument can bring a subject under a hypnotic spell within 45 seconds.

Man's World Theory Refuted Out West

LAS VEGAS, (INS)—Women are holding their own in the "new west" country of Las Vegas where the ratio of men to the feminine population still runs as high as three to one.
Many key elective and appointive posts in both city and county administrations are held by women. All legal documents of the county seat are registered through the staff of a woman — the county clerk. All city licenses go over the desk of another woman — the city clerk.
The leading youth recreation center in Las Vegas, with clubhouse, theatre, and outdoor sports equipment, is run by a capable young girl not much older than her charges.
The City Library is presided over by the gentle sex. Both of the court reporters in the two municipal judge's offices are women. The Community Chest, Red Cross, and Girl Scout organizations are administered by women. The Deputy Superintendent of Schools is a woman.
Two women recently passed the Nevada State Bar exam and now are practicing attorneys in Las Vegas. In addition, there are 15 women who are licensed realtors in the busy city.
The 53,941,000 people eligible to vote in the 1948 United States presidential election exceed those eligible in 1940 by 10 million.

The Dominion of Canada is almost as broad as it is long. It is nearly 3,600 miles east to west, and nearly 3,000 miles north to south. Three-quarters of Canada's population lives in a strip averaging 200 miles wide, along the United States border.
There are 7000 bridges in England unfit for modern traffic.

lution lives in a strip averaging 200 miles wide, along the United States border.

HELLMANN'S REAL MAYONNAISE

Next time you serve lettuce wedges, why not mix your Hellmann's Real Mayonnaise with chili sauce? It's a small variation. And that's not all. In sauces and soups, spread on sandwiches, and of course in salads, it's tops. Being real mayonnaise, not just "salad dressing," Hellmann's Real Mayonnaise contains no starchy filler. It's all pure mayonnaise ... wonderfully rich and flavorful.

Washington

Atom War Would Provide Problems

Munitions Board Head Fears U. S. Would Be Unable To Arm Adequately

OTHER NEWS OF NATION'S AFFAIRS

WASHINGTON, July 8.—Thomas H. Hargrave, chairman of the Munitions Board, is fearful that the United States may be unable to arm itself adequately if atom war comes.

Hargrave, who has been urging industry to get its plans on paper to avoid the mad scramble which characterized the World War II armament effort, says: "If the next war is atomic and the enemy drops a bomb on us there will be no time for the Army, Navy and Air Force to chase around and acquire plants."

Industrial mobilization planning must be done now, says Hargrave. He is pleased by the uniform procurement regulations and the assignment of 77 per cent of arms purchasing to one government agency or to joint procurement by the armed services.

Hargrave warns that any sudden war would find the United States faced with a grave manpower shortage. He points out there will be no reservoir of manpower available like the one which unemployment of 1939-40 placed at the hand of the military.

Royal Navy Railroad Firmly While on the point of the threatened rail strike, Army Secretary Kenneth Royall soon after the government took over the lines made it clear he was "going to run the railroads."

When the heads of the firemen engineers and switchmen went to the Pentagon building to confer with Royall the conversation opened something like this: "One of the union heads belligerently declared: 'So you're going to try to run the railroads.'"

Royall retorted: "I AM running the railroads. Have you gentlemen read the president's executive order? I didn't see any reference to the word 'try' in it."

One statesman (the department didn't reckon with, however, was Dr. Chain Weizmann, chief of the

new state of Israel. In addition to being a world-famed scientist, he is also a cosmopolite and a noted wit.

When Weizmann was in Washington recently, the department's protocol division made every effort to devise a menu that would suit his taste.

Being a Jew, the protocol man knew that his food would have to be prepared kosher-style. This means a rabbi must drain the blood from the meat before it is cooked.

So they asked him what he would like to eat. Smiling slyly, he replied: "kosher lobster."

If You Can't Spell F-E-A-C-E Senator Harley Kilgore (D) West Virginia, says we can make every effort to promote peace but it will all be wasted if the high United States illiteracy rate continues.

Kilgore, who introduced a bill to send adults back to school, asserted that one out of every seven Americans "probably cannot read the word 'freedom' or spell the word 'peace'."

The senator declared that illiteracy has been a boon to international communism "which thrives on confusion and half-truths." He said: "It takes the written word to make the past, present and future of democracy a vital and realistic truth."

Teamsters' Head Refuses To Speak

INDIANAPOLIS, July 8.—(INS)—Dan Tobin, president of the International Teamsters' Union, Wednesday announced his refusal of an invitation to address the Democratic National Convention in Philadelphia next week.

Tobin sent a telegram to J. Howard McGrath, Democratic National chairman, who extended the invitation. The wire said: "Because of the position taken by the International Brotherhood of Teamsters to remain absolutely neutral on the election of candidates until the conventions of both parties have been held, I cannot possibly accept your invitation to address the Democratic National convention."

Tobin a few days ago resigned as an Indiana delegate to the Democratic convention.

First Brick Building In New Castle

—New Castle News Photo
Crawford White homestead, New Castle's first brick structure and now the oldest remaining building, was built in 1823. It is situated near Grant street on the Jefferson street hill. Joseph S. White, liberalist, and son of Crawford White, used the homestead as a station on the "underground railway" during the Civil war era.

According to English law, swans are birds royal; those actually kept by the crown had a mark, and the king's swanherd once was an important person. To this day the Thames swans are so marked, and the process of collecting them annually is called "upping."

A dentice is a kind of sea fish having a deep, compressed body and perchlike form. It has large canine teeth.

In certain tribes of the French Congo, the beauty prize is taken by the woman who has the fanciest headress.

Blame Tampering For Train Wreck

WASHINGTON, July 8.—(INS)—The Interstate Commerce Commission Wednesday blamed "malicious tampering" for the May 9 derailment of a Reading railroad

train near Valley Forge, Pa., which killed two persons and injured 68.

The ICC reported that its investigators found that several spikes had been removed from a rail, causing displacement of the track and resulting in the wreck of the passenger train.

Investigators said that a track wrench and a clawbar were missing from a tool house near the

wreck scene and were believed to have been used in the sabotage. The engineer and fireman were killed in the crash, which occurred just after the train had pulled away from the Valley Forge station.

Arab League Rejects Truce Extension Plea

Count Bernadotte Officially
Informed Proposals Have
Been Rejected

BULLETIN. July 8. (INS) — The Arab League officially informed Count Folke Bernadotte today that it has rejected proposals for extension of the Palestine truce which expires tomorrow.

Abdul Rahman Azam Pasha, secretary general, announced in Cairo after a meeting of the Arab League Political Committee that the United Nations mediator has been "informed of Arab rejection of the demand for truce extension."

Leaves For Headquarters. Count Bernadotte left the Palestine port city of Haifa for his headquarters on the island of Rhodes after receiving the official replies of the Arabs and the Jewish State of Israel to his proposal to continue the four-week ceasefire.

Unofficial reports said that the Jewish note constitutes "acceptance in principle."

The Swedish Count is expected shortly to make public the contents of both replies.

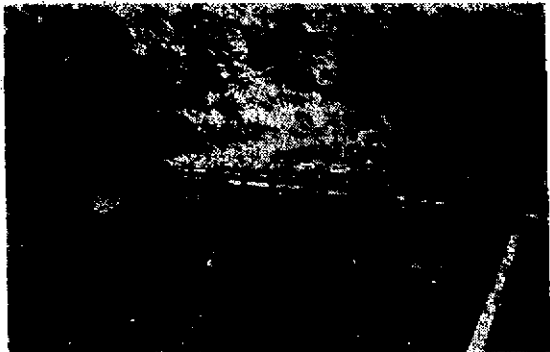

Girds For Renewal. In the Holy Land itself opposing armies girded for a renewal of fighting after earlier announcement that the Arabs had turned down the request for continuance of the truce.

Indications are that the Jews expressed willingness to prolong the truce under certain conditions, but non-compliance by the Arabs undoubtedly will mean early resumption of large-scale hostilities.

"The Devil's Parliament" was the name given by an English parliament convened by Henry VI, which met at Coventry in 1459, and unjustly attained the Duke of York and his adherents of high treason.

In a modern piano steel wires are under a combined pull of 17 tons.

New Bridge Is About Ready

Within a short time, the new bridge crossing the Slippery Rock Creek below the Heinz House property will be open for traffic. The steel is erected, and about all that remains to be done is to make the necessary fills near the abutments.

The bridge replaces the old Armstrong bridge which collapsed several years ago. The new bridge has no overhead steel structure but merely steel guard rails as shown in the above picture.

No change was made in the location of the bridge. The north end of the bridge is in Wayne township and the south end in Perry township.

Seventh Ward Ward Playground Sports Day Event

Sesquicentennial Tee Shirts Given As Awards. Ward Youngsters Win In City Parade

Wednesday was a big day for the Mahoningtown playground kids. Two truckloads of youngsters were transported to take part in the morning Sesquicentennial parade in the city.

Donnie Carpenter captured a \$10 award for his horseman costume; Harry Semeliser got a prize for his Doherty Pinner; also Dick Shaw for his decorated bike.

Beginning at 1:30, the afternoon was taken up with sports. The playground was buzzing with excitement for prizes to be awarded were Sesquicentennial tee shirts.

The horseshoe tournament was won by Carmen Pastore, 214 North Liberty street; Angelo Canale, 205 West Madison avenue, won the honor of being best hop-scotch player on the playground; Shirley Lombardo won a fine tee shirt for her display in "Jack" playing; Joe Felice, 221 East Clayton street, believes he earned his prize by eliminating 15 other contestants in checker games.

Charles Scott, 102 North Liberty street, shot five straight baskets, from a distance of 10 feet, with a basketball. While sports were on in the ward playground, two juniors were sent to George Washington field to play football, and their team won, "Tyko Carbone, 105 South Liberty, and "Butch" Vert, 108 North Liberty street, won tee shirts. These Sesquicentennial mementos will be highly prized by the winners.

First prize ribbon was awarded to Charles Perrotta, Washaw avenue second prize to Sylvia Canale, West Clayton street, and third to Benny Dando of Cherry street. There was a splendid attendance at the event.

At Kemp Reunion Held In Greenville

Mrs. M. M. Tindall and son, Ernest Tindall, and son, Gerald; Mr. and Mrs. Glenn Tindall, Mr. and Mrs. Donald Tindall and daughter, Mrs. Minnie Wigley, and two children, of Willow Grove; Mr. and Mrs. Louis Bomsburg, Mr. and Mrs. John Lance of Beaver Falls, formerly of this city, and Mrs. Blanche Hawk of Oak street, have returned from near Greenville.

Sesqui Quilt Display Prize Winner Named

Five Prizes Awarded For Old Time
Quilts Announced By
Judges

Prizes have been announced by the committee in charge of the Sesqui quilt exhibit, on display at Haney's furniture store on West Washington street.

Judges for the display were Mrs. E. A. Bonzo and Mrs. S. A. White, who announced that no prizes were awarded for modern quilts, since this was chiefly a display of old-time quilts.

Award Winners. Prize for the oldest woven coverlet in good condition was awarded to Mrs. A. T. Eklies.

Prize for the quilt with the most interesting history was given to Mrs. William Atkinson (Elsie Fitch).

Mrs. James M. Yates received the prize for the oldest and best preserved quilt.

Prize for the quilt with an old-fashioned design was awarded to Miss Mary Hauser.

Quilt with the most historical background, owned by Mrs. J. T. Colyer, received a prize. This quilt was made by the grandmother of the late Dr. Thad C. Brown.

To Make Awards—Return Quilts. Prizes for these quilts will be distributed at Haney's store on Tuesday, July 13.

Everyone having a quilt on display should appear at this time, with the receipt, to receive the quilt. The committee will be there to give out prizes and return quilts.

Committee for the Sesqui quilt display included the following: Mrs. Ethel Hantz Ferver, chairman; Mrs. Howard Magill, Mrs. A. T. Eklies, Mrs. George Patterson, Mrs. William Wallace, Mrs. Thomas Lindsey, Mrs. Scott Hamilton, and Mrs. Irwin Ropp.

The committee wishes to thank everyone who aided the Sesqui by displaying a quilt, whether old or new.

The underground tuber of the "old man of the earth," a dainty plant, weighs from 10 to 15 pounds.

NOW SHE SHOPS "CASH AND CARRY"

Without Painful Backache Many suffer from nagging backache, usually, one they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 8 quarts a day.

When a disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatism, leg pains, loss of sex and energy, itching up, itching, swelling, puffiness under the eyes, headache and dizziness. Frequent or scanty passages with aching and burning some times show there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully for millions for over 40 years. Doan's gives happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

BEG PARDON, SUM!
DALLAS, Tex. (INS)—The Fort Worth Chamber of Commerce won't like this but a visitor from Houston mistook the city for a suburb of Dallas. H. W. Crowell

reported to sheriff Steve Guthrie that he had left a traveling companion in one of the two tourist cabins he had rented on the outskirts of Dallas. He said he couldn't remember the name of place. After a great deal of

checking the sheriff's office found out that the tourist court was in Fort Worth not Dallas.

PERSONNEL INCREASE
BIENNE, Switzerland — Unemployment in the Swiss watch industry increased 750 percent for March over the same month last year, according to government employment statistics. Fifteen persons were unemployed, as compared to two in March, 1947.

EVENINGS
'TIL 9 O'CLOCKSgt. Newkirk's Body
Will Arrive FridayFuneral Monday For Soldier,
Killed In Action On June 8,
1944, At Normandy

Funeral services for Tech. Sgt. Harry James Newkirk will be conducted Monday afternoon at two o'clock D. S. T. from the Cunningham funeral home, East Washington at Chestnut, with Rev. T. J. Yoder officiating. Interment will take place in Graceland cemetery.

The body will arrive here on the Pennsylvania railroad from Columbus, O., Friday morning at 11:15 o'clock when it will be re-friended to the funeral home, where friends will be received Friday evening from 7 to 9 o'clock, Saturday and Sunday from 2 to 4 and 7 to 9 o'clock.

Tech. Sgt. Newkirk, son of Mrs. Emma Oakes Hites, 719 Cleveland avenue, was killed in action at Normandy beachhead on June 8, 1944, two days after the battle started. He was a member of Company C, 13th Infantry of the Fourth Division. He entered service June 23, 1940, and went overseas January 15, 1944.

Tech. Sgt. Newkirk was awarded the combat infantryman badge and the Purple Heart.

He was born July 28, 1921, in New Castle, where all of his life was spent until going into the army. He attended the Alliance Gospel Tabernacle and Bible school.

Survivors in addition to his mother include one brother, Benjamin Newkirk, and an aunt, Mrs. Maude Shaffer, both of New Castle.

Benjamin H. Newkirk, his father, died eight years ago.

Purple and violet colors are said to go with sophistication.

MADE BY THE MAKERS OF FLEISCHMANN'S YEAST

May Get Chance
For Peek Behind
Red 'Iron Curtain'

WASHINGTON, July 8.—(INS)—Yugoslavia's issuance of invitations to a Belgrade conference on opening the Danube to navigation was welcomed in Washington today as an opportunity to peek behind the Iron Curtain.

Marshal Tito's Belgrade government is understood to have given assurances of free press and radio reporting on the conference.

It will be the first insight of the general news gathering agencies to events behind the Iron Curtain since the futile foreign ministers council in Moscow two years ago. The meeting is scheduled for July 30. The conference was called to consider restoring international navigation on the Danube which has been closed since the end of the war.

In addition to the United States, Britain, France and Russia all states bordering on the vital stream will participate in the conference. Moscow is expected to have controlling voice in all decisions.

Mass Exodus Of
Arab Civilians
From Jerusalem

JERUSALEM, July 8.—(INS)—A mass exodus of Arab civilians from Jerusalem's "Old City" was reported today in anticipation that flaming war soon will visit Jerusalem.

The dusty roads leading to Jericho on the east and Ramallah in the north were reported jammed with white-cloaked and head-dressed Arabs seeking a respite from the Jerusalem horrors of a month ago.

There was every indication that renewal of warfare in Jerusalem will far exceed previous hostilities in totality and bloodshed.

The Jews, it is commonly felt, no longer will stay their hands against the "Old City" for fear of damaging Holy places.

Speed Up Efforts
To Settle Rail
Wage Dispute

WASHINGTON, July 8.—(INS)—The White House stepped up its efforts today to settle the railroad wage dispute which led to government seizure of the nation's major transportation system.

Presidential Assistant John R. Steelman met in joint session with representatives of the unions and railroad management from 9 o'clock last night to 1 o'clock this morning.

Steelman will meet in joint session again with the two groups at 3 o'clock this afternoon.

Many was some indication that the lengthy dispute might soon be settled.

Weingartner Class
Picnic, HomecomingEpworth Methodist S.S. Class Plan
Picnic Saturday At Cascade.
Homecoming Sunday

At Cascade Park, on Saturday evening, there will be a basket picnic for members of the Weingartner Sunday school class of Epworth Methodist church; families will be guests.

Dinner will be served at six o'clock, in No. 5 pavilion, in the grove. Committee is Mr. and Mrs. Lloyd Thompson, Mr. and Mrs. Frank Morgan, for coffee; Mrs. Roy Ringer and Mrs. Russell Rhodes, table committee. Refreshments will follow the supper.

On Sunday morning, the Sunday school class will have a homecoming at 9:30 in the community room of the church. Invitations have been sent to all former members of the class and a large attendance is expected.

Committee of arrangements is Mr. and Mrs. Henry Marshall, Mr. and Mrs. Charles Miller, and Mr. and Mrs. John Loy.

Hunger-Crazed
Bear Kills Tot

SAULT STE. MARIE, July 8.—(INS)—The mangled and broken body of three-year-old Carol Ann Pomerankey, snatched up from her home yesterday by a hunger-crazed bear, is being prepared for burial today.

The child was playing on the porch of her home in an isolated northern Michigan forest yesterday when the 200-pound black bear carried her off before the horrified eyes of her mother.

Killed by Fears
The crazed animal was shot and killed by a posse of 100 men a few minutes after the child's mangled body was found in dense undergrowth.

The usually harmless beast lumbered away with Carol Ann before her mother had time to load a pistol. The tot's father, Arthur Pomerankey, was on duty 10 miles away as a forest ranger.

STRIKE IN FRANCE
PARIS, July 8.—(INS)—Sixty thousand civil servants of the French Finance Ministry went on strike today to press demands for wage increases.

The employees were called off their jobs by the Moderate Workers Force union. The union, representing 70 per cent of tax collectors and customs men, is asking 30 per cent wage increases.

ELKS INSTALL RULER
PHILADELPHIA, July 8.—(INS)—George I. Hall of Lynbrook, N. Y., was installed today as the grand exalted ruler of the Benevolent and Protective Order of Elks.

The Elks later topped off their 85th national convention with a three-hour parade, 15,000 strong.

Marshall Plan
For Philippines
Now Proposed

MANILA, July 8.—(INS)—A Marshall plan for the Philippines was proposed at the opening today of a Pacific regional trade conference in Manila.

Approximately 50 chamber of commerce delegates from San Francisco, Seattle, Honolulu and Manila were present for the two-day meeting.

Vincente Sabalvaro, manager of the Philippine governments vast National Development Company, declared that the Philippine republic needs what he called a "modified Marshall plan, a program of financial assistance minus the element of charity in material aid."

Sabalvaro proposed that the United States grant loans for industrialization of the Philippines in order to raise Filipino living standards and thus "withstand the

inroads of alien ideologies that thrive on misery and want."

The Philippine Republic, he said, has the "willingness, determination and plans" for the execution of industrial aims. He added: "You have the money to help us accomplish them. You have helped Europe stave off hunger and Communism. You cannot fail us. You have too much at stake here already."

BOY BREAKS COLLARBONE
John Herb, aged 2 years, of R. D. 2, Enon Valley, suffered a fracture of the right collarbone, when he fell down a set of steps at his home, Wednesday afternoon. He was treated at the Jameson Memorial hospital.BONEYMOONERS IN ITALY
FLORENCE, Italy, July 8.—(INS)—King Michael of Roumania and his recent bride, Queen Anne, are staying at the villa of Queen-Mother Helen in Florence today, after a motor trip from Switzerland.

Americans are using almost 30 per cent more oil products a year than in 1935.

Chocolate Peppermint Dessert

Broadcast: July 10, 1948

½ cup crushed peppermint sticks

1 cup water

1 package chocolate pudding powder

1 cup 700 Mils

12 strips plain cake,* 1 x 3 x ½ in.

Cook candy slowly until melted in ¼ cup water. Put pudding powder into saucepan. Stir in mixture of milk and remaining ½ cup water. Add melted candy. Heat and stir to boiling; then cook and stir 30 seconds. Cover and chill. Oil or rinse with water a quart mold. Line sides of mold with 8 strips of cake. Fill with layers of pudding and remaining 4 strips of cake. Have pudding on top and bottom. Chill until firm. Turn out to serve. Garnish with crushed peppermint stick candy, if desired. Makes 4 servings.

*Plain cake, pound, sponge or angel cake or split lady fingers can be used.

School Teachers Of State Better Qualified Now

Much Greater Proportion Of
Teachers Of Today Are
College Graduates

HARRISBURG, July 8.—(INS)—An increasing number of Pennsylvania public school teachers today are meeting the basic professional education requirements for teaching.

Superintendent of Public Instruction Francis B. Haas reported that 53.4 per cent of the state's 50,300 public school teachers employed during the 1947-48 term were graduates of approved colleges. The figure represents a two per cent gain in one year.

"In terms of college preparation, Pennsylvania teachers have better qualifications in 1947-48 than during any period in the last 28 years," Haas asserted.

A survey of teacher qualifications by the department showed that in the 1920-21 school term only 7.7 per cent of all teachers had completed four years of college.

Steady increase in the number of college-trained rural teachers is the "most encouraging" fact disclosed by the survey, according to Haas.

Of 27,000 teachers employed in fourth class districts, and third class districts under county superintendents, 48.5 per cent are college graduates, he explained.

In first class districts 53.2 per cent of all teachers are college-trained while in second and third class districts the figure amounts to 63.3 and 68.7 per cent respectively.

"This increase in the number of teachers with higher professional status indicates that teachers are interested in continuous professional growth and school boards are desirous of employing better prepared teachers," Haas said.

Sports Day Event At Croton Playground

As an afternoon sequel to the Bicentennial youth parade on Wednesday, Croton playground youngsters held a sports program at Croton playground.

First prize was awarded to Harry DeRosa for being the best at pick-up sticks.

Two shirts were awarded to Donald Rick for checkers, to Val Jean Pennati for hopscotch, to Joe Marzetta for bean bag throwing, to John Clark for basketball, and to Betty Chisler for jacks.

Prizes were awarded by the playground instructors, Mrs. Mararet Manno.

Miss Dorothy Naples served as the other judges.

Summer Session PTA Week Of July 12-16

Parent Teacher Leadership Training
School Summer Session,
At Slippery Rock

At State Teachers College, Slippery Rock, the Parent-Teacher Leadership Training School Summer Session will be held next week July 12 to 16.

Beginning with registration on Monday evening, the school will continue with well planned schedules, throughout the following days, until Friday noon.

Two courses have been planned, one for those who are beginning parent-teacher work, and the other, for experienced workers.

Many from this district plan to attend. In other years, the summer session has been held nearer

the central part of the state, and few from this section have been able to attend.

The opening session begins at 9 a. m., Tuesday morning, ending at 4:00 p. m. The same schedule will prevail each day, except Friday, when the session will close at noon. The school dinner will be on Thursday evening.

RELIGION IN THE RAIN
ABERDEEN, Wash., (INS)—Churchgoing weatherman E. B. Cray has fanned up about those rainy Sundays this year. Said he: "It makes me mad when everybody goes fishing on Sunday. Turn on the rain and everybody turns to religion."

Washington

Atom War Would Provide Problems

Munitions Board Head Fears U. S. Would Be Unable To Arm Adequately

OTHER NEWS OF NATION'S AFFAIRS

(Special To Central Press)

WASHINGTON, July 8.—Thomas U. Hargrave, chairman of the Munitions Board, is fearful that the United States may be unable to arm itself adequately if atom war comes.

Hargrave, who has been urging industry to get its plans on paper to avoid the mad scramble which characterized the World War II rearmament effort, says:

"If the next war is atomic and the enemy drops a bomb on us there will be no time for the Army, Navy and Air Force to chase around and acquire plants."

Industrial mobilization planning must be done now, says Hargrave. He is pleased by the uniform, procurement regulations and the assignment of 77 per cent of arms purchasing to one government agency or to joint procurement by the armed services.

Hargrave warns that any sudden war would find the United States faced with a grave manpower shortage. He points out there will be no reservoir of manpower available like the one which unemployment of 1939-40 placed at the hand of the military.

Royal Runs Railroad Firmly

While on the point of the threatened rail strike, Army Secretary Kenneth Royall soon after the government took over the lines made it clear he was "going to run the railroads."

When the heads of the firemen engineers and switchmen went to the Pentagon building to confer with Royall, the conversation opened something like this:

One of the union heads belligerently declared: "So you're going to try to run the railroads."

Royall retorted: "I AM running the railroads. Have you gentlemen read the president's executive order? I didn't see any reference to the word 'try' in it."

Kosher Lobster

The State department makes a great to-do over the personal whims and fancies of visiting heads of state. After all, they're guests of the American government.

One statesman the department didn't reckon with, however, was Dr. Chaim Weizmann, chief of the

new state of Israel. In addition to being a world-famed scientist, he is also a cosmopolitan and a noted wit.

When Weizmann was in Washington recently, the department's protocol division made every effort to devise a menu that would suit his taste.

Being a Jew, the protocol man knew that his food would have to be prepared kosher-style. This means a rabbit must drain the blood from the meat before it is cooked. So they asked him what he would like to eat. Smiling slyly, he replied: "kosher lobster."

If You Can't Spell P-E-A-C-E

Senator Harley Kilgore (D, West Virginia), says we can make every effort to promote peace but it will all be wasted if the high United States illiteracy rate continues.

Kilgore, who introduced a bill to send adults back to school, asserted that one out of every seven Americans "probably cannot read the word 'freedom' or spell the word 'peace'."

The senator declared that illiteracy has been a boon to international communism "which thrives on confusion and half-truths." He said: "It takes the written word to make the past, present and future of democracy a vital and realistic truth."

Army and Politics

The army's convinced the presidential campaign apparently is here to stay—at least until the November 2 election day.

The department recently warned its officers and personnel that the handling of "political hot potatoes" should be undertaken with extreme care. In fact, it advised, if possible simply ignore the issue.

Then it renewed its policy that "any dissemination of political news must be made on an impartial and non-partisan basis."

Teamsters' Head Refuses To Speak

INDIANAPOLIS, July 8.—(INS)—Dan Tobin, president of the International Teamsters' Union, Wednesday announced his refusal of an invitation to address the Democratic National Convention in Philadelphia next week.

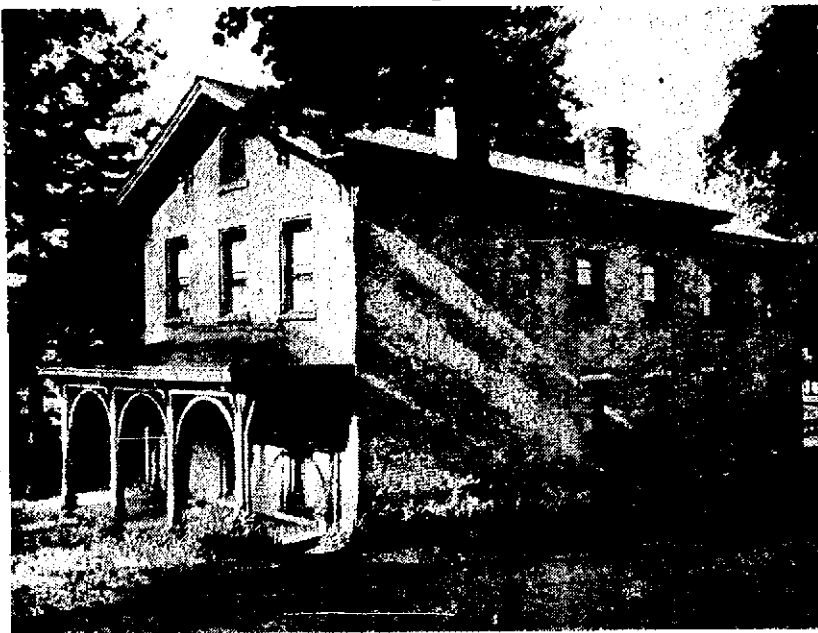

Tobin sent a telegram to J. Howard McGrath, Democratic National chairman, who extended the invitation. The wire said:

"Because of the position taken by the International Brotherhood of Teamsters to remain absolutely neutral on the election of candidates until the conventions of both parties have been held, I cannot possibly accept your invitation to address the Democratic National convention."

Tobin a few days ago resigned as an Indiana delegate to the Democratic convention.

Drive slow—children move fast

First Brick Building In New Castle

Crawford White homestead, New Castle's first brick structure and now the oldest remaining building, was built in 1823. It is situated near Grant street on the Jefferson street hill. Joseph S. White, liberalist, and son of Crawford White, used the homestead as a station on the "underground railway" during the Civil war era.

According to English law, swans are birds, royal; those actually kept by the crown had a mark, and the king's swanherd once was an important person. To this day the Thames swans are so marked, and the process of collecting them annually is called "upping."

A dentice is a kind of sea fish having a deep, compressed body and perchlike form. It has large canine teeth.

In certain tribes of the French Congo, the beauty prize is taken by the woman who has the fanciest headdress.

Medical Test Proved This Great To Relieve MONTHLY FEMALE PAINS

Are you troubled by distress of female functional monthly disturbances? Does this make you suffer from pain, feel so nervous, weak, high-strung—at such times? Then so try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms! In a recent medical test this proved remarkably helpful to women troubled this way. Any drugstore.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

The DEXTER "TWIN TUB"

Both tubs wash at the same time—double sudsing gets clothes twice as clean—twice as fast.

Just 60 Minutes and your week's washing is completed—spotlessly clean. Yes—you get your washing over in a hurry when you wash with the Dexter Twin Tub and it gets your clothes cleaner—easier.

☆ GENTLE-ACTION WRINGER. Automatic pressure master—for light or heavy clothes—flushes out last trace of dirt and removes up to 30% more water. Gets clothes line-dry instantly.

☆ DOUBLE-QUICK AGITATION. Hi-wing, cone-vane agitator flexes and flushes at the same time. Gets dirtiest clothes cleaner, quicker, easier. Safe for finest fabrics.

☆ TURN-FLO TUB. The beautiful, streamlined turn-flo tub with its curvex corrugations, aids in the washing process. Triple-coated, sparkling-white vitreous enamel stays beautiful and new-looking for years.

☆ DUAL-LIFE GEARING. This simple, efficient mechanism is built to give many years of added, carefree washing service. No oiling—no attention of any kind.

Blame Tampering For Train Wreck

WASHINGTON, July 8.—(INS)—The Interstate Commerce Commission Wednesday blamed "malicious tampering" for the May 9 derailment of a Reading railroad

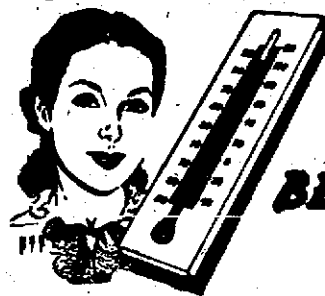

train near Valley Forge, Pa., which killed two persons and injured 68.

The ICC reported that its investigators found that several spikes had been removed from a rail, causing displacement of the track and resulting in the wreck of the passenger train.

Investigators said that a track wrench and a clawbar were missing from a tool house near the

wreck scene and were believed to have been used in the sabotage. The engineer and fireman were killed in the crash, which occurred just after the train had pulled away from the Valley Forge station.

FIRST with Fresher Meat For You...

Delivered in
MECHANICALLY CONTROLLED
**SELF-REFRIGERATED
TRUCKS**

PACKING HOUSE *FRESH* TO YOU.

**Only O&H completely controls refrigeration
from packing house to you**

**A SPECIAL FLEET OF
INTERNATIONAL TRUCKS**

with THERMO-KING
Self-Refrigerating Units on Bodies
built by AUTO TRUCK EQUIPMENT CO.

O & H self-refrigerated trucks are automatically
controlled the same as your home refrigerator.
The Thermo-King control automatically main-
tains the desired temperature at all times.

This is a new step in refrigeration. It means that meat will not have a chance to spoil while it is being delivered to your dealer.

In the past, especially during hot weather, one of the problems of meat refrigeration was shipping it to retailers. Delayed deliveries, traffic congestions and other reasons often caused meat in trucks to lose its original freshness.

Now, Oswald & Hess Company has solved this problem. We are the first Meat Packer in Western Pennsylvania to eliminate spoilage during transit.

If you insist on Oswald & Hess meat from your dealer you can be sure that it is fresher. You can be sure that it will stay fresh longer and keep more palatable in your refrigerator. It will retain its natural flavor longer. Our new fleet of self-refrigerated trucks protects meat on its way from the packing-house to your meat counter.

Pioneering new developments in the meat industry is not new to Oswald & Hess Company. For over a quarter-century we have been first, over and over again, to bring you better and tastier meat. Many of our ideas have later been adopted by the entire Meat Industry as standard practice.

These new self-refrigerated trucks are an example of our leadership. Perhaps later they will be used by the entire industry. But this summer the meat at your table will be fresher, if you insist on Oswald & Hess meat from your dealer.

Every meat product bearing our name has been prepared with old world skill and patience. That's why we have earned the reputation of having **THE MEAT IN PENNSYLVANIA.**

OPEN FRIDAY

EVENINGS

'TIL 9 O'CLOCK

Sgt. Newkirk's Body Will Arrive Friday

Funeral Monday For Soldier
Killed In Action On June 8,
1944, At Normandy

Funeral services for Tech. Sgt. Harry James Newkirk will be conducted Monday afternoon at two o'clock D. S. T. from the Cunningham funeral home, East Washington at Chestnut, with Rev. T. J. Yoder officiating. Interment will take place in Graceland cemetery.

The body will arrive here on the Pennsylvania railroad from Columbus, O., Friday morning at 11:19 o'clock, when it will be removed to the funeral home, where friends will be received Friday evening from 7 to 9 o'clock, Saturday and Sunday from 2 to 4 and 7 to 9 o'clock.

Tech. Sgt. Newkirk, son of Mrs. Emma Oakes Hiles, 719 Cleveland avenue, was killed in action at Normandy beachhead on June 8, 1944, two days after the battle started. He was a member of Company C, 12th Infantry of the Fourth Division. He entered service June 28, 1940, and went overseas January 15, 1944.

Tech. Sgt. Newkirk was awarded the combat infantryman badge and the Purple Heart.

He was born July 28, 1921, in New Castle, where all of his life was spent until going into the army. He attended the Alliance Gospel Tabernacle and Bible school.

Survivors in addition to his mother include one brother, Benjamin Newkirk, and an aunt, Mrs. Maude Shaffer, both of New Castle.

Benjamin H. Newkirk, his father, died eight years ago.

Purple and violet colors are said to go with sophistication.

May Get Chance For Peek Behind Red 'Iron Curtain'

WASHINGTON, July 8.—(INS)—Yugoslavia's issuance of invitations to a Belgrade conference on opening the Danube to navigation was welcomed in Washington today as an opportunity to peek behind the Iron Curtain.

Marshal Tito's Belgrade government is understood to have given assurances of free press and radio reporting on the conferences.

It will be the first insight of the general news gathering agencies to events behind the Iron Curtain since the futile foreign ministers council in Moscow two years ago.

The meeting is scheduled for July 30. The conference was called to consider restoring international navigation on the Danube which has been closed since the end of the war.

In addition to the United States, Britain, France and Russia all states bordering on the vital stream will participate in the conference. Moscow is expected to have controlling voice in all decisions.

Mass Exodus Of Arab Civilians From Jerusalem

JERUSALEM, July 8.—(INS)—A mass exodus of Arab civilians from Jerusalem's "Old City" was reported under way today in anticipation that flaming war soon will revisit Jerusalem.

The dusty roads leading to Jericho on the east and Ramallah in the north were reported jammed with white-cloaked and head-dressed Arabs seeking a respite from the Jerusalem horrors of a month ago.

There was every indication that renewal of warfare in Jerusalem will far exceed previous hostilities in totality and bloodshed.

The Jews, it is commonly felt, no longer will stay their hands against the "Old City" for fear of damaging Holy places.

Speed Up Efforts To Settle Rail Wage Dispute

WASHINGTON, July 8.—(INS)—The White House stepped up its efforts today to settle the railroad wage dispute which led to government seizure of the nation's major transportation system.

Presidential Assistant John R. Steelman met in joint session with representatives of the unions and railroad management from 9 o'clock last night to 1 o'clock this morning.

Steelman will meet in joint session again with the two groups at 3 o'clock this afternoon.

There was some indication that the lengthy dispute might soon be settled.

Weingartner Class Picnic, Homecoming

Epworth Methodist S. S. Class Plan
Picnic Saturday At Cascade.
Homecoming Sunday

At Cascade Park, on Saturday evening, there will be a basket picnic for members of the Weingartner Sunday school class of Epworth Methodist church; families will be guests.

Dinner will be served at six o'clock, in No. 5 pavilion, in the grove. Committee is Mr. and Mrs. Lloyd Thompson, Mr. and Mrs. Frank Morgan, for coffee; Mrs. Roy Ringer and Mrs. Russell Rhodes, table committee. Refreshing will follow the supper.

On Sunday morning, the Sunday school class will have a homecoming at 9:30, in the community room of the church. Invitations have been sent to all former members of the class and a large attendance is expected.

Committee of arrangements is Mr. and Mrs. Henry Marshall, Mr. and Mrs. Charles Miller, and Mr. and Mrs. John Loy.

Hunger-Crazed Bear Kills Tot

SAULT STE. MARIE, July 8.—(INS)—The mauled and broken body of three-year-old Carol Ann Pomerankey, snatched up from her home yesterday by a hunger-crazed bear, is being prepared for burial today.

The child was playing on the porch of her home in an isolated northern Michigan forest yesterday when the 200-pound black bear carried her off before the horrified eyes of her mother.

The crazed animal was shot and killed by a posse of 100 men a few minutes after the child's mangled body was found in dense undergrowth.

The usually harmless beast lumbered away with Carol Ann before her mother had time to load a pistol. The tot's father, Arthur Pomerankey, was on duty 10 miles away as a forest ranger.

STRIKE IN FRANCE
PARIS, July 8.—(INS)—Sixty thousand civil servants of the French Finance Ministry went on strike today to press demands for wage increases.

The employees were called off their jobs by the Moderate Workers Force union. The union, representing 70 per cent of tax collectors and customs men, is asking 20 per cent wage increases.

ELKS INSTILL RULER
PHILADELPHIA, July 8.—(INS)—George J. Hall of Lynbrook, N. Y., was installed today as the grand exalted ruler of the Benevolent and Protective Order of Elks.

The Elks later topped off their 85th national convention with a three-hour parade, 15,000 strong.

Chocolate Peppermint Dessert

Bread: July 10, 1948

1/4 cup crushed peppermint stick candy

1 package chocolate pudding powder

1 cup tea milk

12 strips plain cake, 1 x 3 x 1/2 in.

Cook candy slowly until melted in 1/4 cup water. Put pudding powder into saucepan. Stir in mixture of milk and remaining 1/4 cup water. Add melted candy. Heat and stir to boiling; then cook and stir 30 seconds. Cover and chill. Oil or rinse with water a quart mold. Line sides of mold with 8 strips of cake. Fill with layers of pudding and remaining 4 strips of cake. Have pudding on top and bottom. Chill until firm. Turn out to serve. Garnish with crushed peppermint stick candy, if desired. Makes 4 servings.

*Plain cake, pound, sponge or angel cake or split lady fingers can be used.

Marshall Plan For Philippines Now Proposed

MANILA, July 8.—(INS)—A Marshall plan for the Philippines was proposed at the opening today of a Pacific regional trade conference in Manila.

Approximately 50 chamber of commerce delegates from San Francisco, Seattle, Honolulu and Manila were present for the two-day meeting.

Vincente Sabalvaro, manager of the Philippine governments vast National Development Company, declared that the Philippines re-public needs what he called a "modified Marshall plan, a program of financial assistance minus the element of charity in material aid."

Sabalvaro proposed that the United States grant loans for industrialization of the Philippines in order to raise Filipino living standards and thus "withstand the

inroads of alien ideologies that thrive on misery and want."

The Philippine Republic, he said, has the "willingness, determination and plans" for the execution of industrial aims. He added: "You have the money to help us accomplish them. You have helped Europe slave off hunger and Communism. You cannot fail us. You have too much at stake here already."

ROY BREAKS COLLARBONE
John Herb, aged 2 years, of R. D. 2, Enon Valley, suffered a fracture of the right collarbone, when he fell down a set of steps at his home, Wednesday afternoon. He was treated at the Jameson Memorial hospital.

HONEYMOONERS IN ITALY
FLORENCE, Italy, July 8.—(INS)—King Michael of Roumania and his recent bride, Queen Anne, are staying at the villa of Queen Mother Helen in Florence today, after a motor trip from Switzerland.

Americans are using almost 30 per cent more oil products a year than in 1939.

Predict Britain Will Keep Embargo On Arms Shipment

LONDON, July 8.—(INS)—Parliamentary circles predicted today that Great Britain will continue her total embargo on shipment of war materials to the Arab nations as a result of their refusal to prolong the Palestine truce.

Informed quarters said that Britain maintained pressure on the Arabs to the last to extend the cease-fire. A foreign office spokesman said the Arab countries had been advised of Britain's "profound wish" that the truce continue.

Tells Authorities Of Beating Wife To Death On Trip

MAUSTON, Wis., July 8.—(INS)—John J. Hoffman described to Juneau County (Wis.) authorities today how he beat his wife to death while their five-year-old son rode with them in a stolen truck-trailer.

Juneau County District Attorney Charles P. Curran stated that the 31-year-old Chicago cab driver admitted last night that he had slain his wife, Mollie Dora, 24.

Curran quoted Hoffman as saying that his wife died after he had beaten her up for a second time and thrown her from the truck-trailer "somewhere between Chicago and Wisconsin Dells" May 24. Hoffman, charged with first degree murder, was returned from Hythe, Alberta, to Mauston Tuesday after he had waived extradition.

LITTLE BEAVER

Mr. and Mrs. M. Sammers and family, of Pittsburgh, spent Sunday at the home of the latter's parents, Mr. and Mrs. J. V. Kandi.

Mr. and Mrs. Jim Kandi, of Pittsburgh, spent two days at the home of the former's father, R. J. Kandi.

Miss Nora McLaughlin, of Youngstown, spent two days at the home of her sister, Mr. and Mrs. C. H. Duden.

Mr. and Mrs. Lloyd Armstrong and daughter, of Lisbon, called at the home of Mr. and Mrs. H. H. Young, Sunday.

Mr. and Mrs. A. W. Marcor, of New Castle, spent Sunday at the home of the former's sister, Mr. and Mrs. J. C. Young.

H. C. Duden is spending 10 days on a fishing trip in Canada.

Mr. and Mrs. George McPherson and Mrs. Ira McPherson are spending a week visiting with friends and relatives in Southern states.

Miss Jo Ann Vonn, of Beaver Valley, is spending a few days at

the home of her grandparents, Mr. and Mrs. Joe Knepp.

Mr. and Mrs. Amil Forsythe and Mrs. Minnie Bonhart of Ellwood City, called at the home of relatives here, Saturday.

Harry Kenny had the misfortune of having three cows killed by lightning Friday evening, when an electric storm was passing over. The cows were in the pasture under a tree at the time they were struck.

Mr. and Mrs. W. Winters and family, of Darlington, called at the home of Mrs. Winter's mother, Mrs. Anna Renner here, Sunday.

Miss Lenora Flinn of Wheeling, W. Va., visited at the home of her cousin, Mrs. Harry Dudas.

Harry H. Witherspoon was in Pittsburgh, Saturday.

RICH HILL

Sunday services at the Rich Hill Presbyterian church on July 11 will be suspended due to the absence of the pastor, Rev. A. B. Weiss, who will be preaching at the Wilson Presbyterian church of Clairton, Pa.

Miss Georgia Wilson, Mrs. J. J. McDowell and Miss Gyla McDowell were New Castle visitors on Thursday.

Mr. and Mrs. K. K. McCreary attended the annual McCreary reunion held on Monday, July 5 at the home of Mr. and Mrs. Clyde McKee of East Brook.

Ed. Spear of California is visiting his son, Harry Spear of Volant and others in this vicinity.

Mr. and Mrs. Caldwell McConnell, a recent bride and groom, attended the reunion of Volant College and Volant High School alumni on Wednesday.

Mr. and Mrs. Walter Pitzer and children, Wayne and Jerry, have moved into the cottage on the Eugene Kendall farm. The family previously lived on the Neshaunock Falls-New Wilmington road.

Mr. and Mrs. William Knight and daughter of the Volant-New Castle road spent the holiday week end at Conestoga Lake.

Mr. and Mrs. Walter McConnell and son Freddie, and Keith McConnell, were Sunday afternoon visitors of Mr. and Mrs. Ralph Senkey of the Butler road.

Mrs. Edna Baker and Mrs. Frances Vincent of Grove City, spent Tuesday with Rev. and Mrs. A. B. Weiss.

Rev. and Mrs. Homer K. Miller of Penns Farms, Pa., called on friends in the Rich Hill community recently. Rev. Miller is the former pastor of the Rich Hill and Volant Presbyterian churches.

Mr. and Mrs. Harold Burton and daughter, Jean and Susie, have returned to Florida, after spending some time with Mr. and Mrs. K. K. McCreary, Mrs. Burton's parents. The family was accompanied by Wm. McCreary of New Castle.

Harold and Doris, children of Mr. and Mrs. Earl McFarland, underwent dental operations in the Jameson Memorial hospital, Saturday.

Mr. and Mrs. George Richeal of Buffalo, N. Y., spent the week end at the home of the former's sister, Mrs. Clarence Richeal of the Harlanburg road.

Mr. and Mrs. Clarence Richeal and daughter, Jeanne, and Mr. and Mrs. George Richeal of Buffalo, N. Y., called on Mr. and Mrs. R. C. McCaslin of Slippery Rock on Saturday.

Until recent times, in civilized countries, animals were given legal trials for their "crimes."

'Miss America?'

SMILING the way she will smile on judges at "Miss America" contest at Atlantic City this autumn, Rosemary Carpenter of Miami Beach is crowned "Miss Florida, 1948."

PLAIN GROVE

COUPLE HONORED
A shower was given at the Plaingrove Grange Hall on Friday evening, for Mr. and Mrs. William Richeal of East Brook, a recent bride and groom. Mrs. Richeal was the former Mary Shoaff of Plaingrove. There were 150 present for the event.

A program was presented as follows: Accordion solo, Miss Alice Burns; instrumental music, Clarence Miles and Herbert Wallace; recitation, Peggy Shoaff; recitation, Janet Maxwell; recitation, Nancy Shoaff; duet, Clarence and Gladys Miles. Delicious refreshments were served during the evening by the social committee of the U. P. church and the Grange. Many beautiful and useful gifts were presented to the couple.

PLAINGROVE NOTES
A family picnic was enjoyed on July 5 at the home of Mr. and Mrs. Arthur Gibson with a bountiful dinner being served at noon and in the evening. Games and swimming were the day's diversion.

Mr. and Mrs. Paul Shoaff attended a family dinner at the home of Mr. and Mrs. Alex Wagner in New Castle, Monday.

Mr. and Mrs. Edwin Goodman and family of East Liberty and Mrs. Lucy Wallace were afternoon callers at the home of Mr. and Mrs. William Richeal of East Brook.

Mrs. Daisy Pollock has been discharged from the Jameson Memorial Hospital and is resting at her home.

Mrs. Charles Stevenson and daughter of Toledo, is visiting at the home of her parents, Mr. and Mrs. Charles Brennehan.

Mrs. Jean Burns and son have been discharged from the hospital and are at home here.

Mrs. Irene Goodman and Mrs. Lucy Wallace called on Saturday afternoon at the home of Mr. and Mrs. Francis Boak and Mr. and Mrs. Robert Armstrong of McCaslin.

Mr. and Mrs. S. S. Patterson were evening dinner guests of Mr. and Mrs. John Bartholomew of Grove City.

The Plaingrove Grange picnic will be held at the hall on Tuesday evening, July 13 at 7:30 o'clock.

Mr. and Mrs. Ray McColgin and family and Mrs. J. T. McColgin of Buffalo, N. Y., were week end visitors of Mr. and Mrs. Theodore Milner.

The W.C.T.U. will meet at the home of Mrs. Florence Winder on July 14, at 8 o'clock. The annual meeting will take place. Social hour aides will be Vessie Connell, Sara Stevenson, Hattie Glenn, Minnie Cooper and Mary McConnell.

Mr. and Mrs. Kenneth Dight of Cleveland were week end visitors of their parents, Mr. and Mrs. Lyle Dight.

YOUTH PICKED UP
AS RUNAWAY BOY

City police picked up Richard Reid, aged 14 years, of Bennett's Run, Beaver county, Wednesday afternoon on East Washington street when the lad appeared to be lost, according to his inquiries.

He was turned over to County Detective Charles D. Ross, who took him to Ellwood City. Bennett's Run is nearby, it is stated.

ADVICE TO PEDESTRIANS
PHILADELPHIA—(INS)—The Keystone Automobile club urges pedestrians to cooperate with motorists for their own safety. Edward P. Curran, safety director of the club, said pedestrian highway casualties at night usually show a marked increase at this time of the year. This is accounted for by the fact that highway—both pedestrian and vehicular—surges upward in the spring and summer.

LIGHTS, TOOL OF LAW
ROCK ISLAND, Ill.—(INS)—Powerful mercury vapor street lights just developed by Westinghouse and installed throughout the business district in Rock Island, Ill., have been hailed by Police Chief W. F. Wilkens as a law enforcement tool "as important to us as two-way radio." The new lights throw as much light into the alleys as the city's former lighting system provided for the main streets.

TRUCK FIRE
City firemen were called at 7:05 a. m. today when a short circuit developed in a truck owned by the City of New Castle Water company on Moravia street. The loss was small.

More than 23,000,000 border crossings were made into Canada in 1947.

'Sistie' Cuts Her Wedding Cake

"Sistie" Dali Boettger, 21, darling of the White House when her grandfather, Franklin D. Roosevelt, was president, and her husband, Van H. Seagraves, 25, cut their wedding cake shortly after being married in a private Episcopal ceremony at the home of the bride's parents in Phoenix, Ariz. Mrs. Eleanor Roosevelt was among the family witnesses at the wedding.

—International Soundphoto

PAIR HELD AFTER ATTACK ON HOME

UNDER ARREST in Oakland, Cal., for pumping bullets into the home of her ex-boy friend are Janice Sharon Smith, 18, and Mark Anthony Smith (left), no relation to Janice. Police said Janice told them she wanted to "get even" with Harold Hudson for implicating her on morals charges involving two Oakland police officers. Hudson left for Los Angeles three weeks ago and thus escaped three rifle attacks, police said. Smith, married and a father, planned a divorce so he could wed Janice, according to police.

"CLOTHESLINE ANTENNA"
DALLAS, Tex.—(INS)—If you want to get a "charge" out of hanging up the family wash you might try Joe Murray's method. Murray bought a new clothesline for his wife, installed it, and got an idea. He also made it the antenna for an old short-wave receiver. However, he forgot to mention the fact to Mrs. Murray. When she went out to hang out some clothes, she got quite a shock—and literally. The short-wave set apparently had charged the "clothesline antenna."

The belief in the existence of demons is widespread, and so is the belief in demons, or persons possessed of demons. There is evidence of it in the ancient civilizations of Egypt and Baby-

lonia. It existed in Persia, Judaea, Greece and Rome, and in the life of Christian nations until the end of the 18th century. It is held by the mass of people in India and China and is found among savage tribes.

FERRY RIDE—WITH RADAR
NEW YORK—(INS)—New York's first radar-guided ferry didn't have to wait long to prove its mettle. Within four days after it started service recently a dense fog settled over New York harbor, crippled maritime traffic in the area, and even caused one freighter to go aground at Coney Island. But the radar aboard the ferryboat enabled the boat to shuttle back and forth between Brooklyn and Staten Island without a hitch.

Drive slow—children move fast.

School Teachers Of State Better Qualified Now

Much Greater Proportion Of
Teachers Of Today Are
College Graduates

HARRISBURG, July 8.—(INS)—An increasing number of Pennsylvania public school teachers today are meeting the basic professional education requirements for teaching.

Superintendent of Public Instruction Francis B. Haas reported that 55.4 per cent of the state's 69,266 public school teachers employed during the 1947-48 term were graduates of approved colleges. The figure represents a two per cent gain in one year.

"In terms of college preparation, Pennsylvania teachers have better qualifications in 1947-48 than during any period in the last 28 years," Haas asserted.

A survey of teacher qualifications by the department showed that in the 1920-21 school term only 7.7 per cent of all teachers had completed four years of college.

The steady increase in the number of college-trained rural teachers is the "most encouraging" fact disclosed by the survey, according to Haas.

Of 27,880 teachers employed in fourth class districts, and third class districts under county superintendents, 48.5 per cent are college graduates, he explained.

In first class districts 53.2 per cent of all teachers are college-trained while in second and third class districts the figure amounts to 63.3 and 65.7 per cent respectively.

"This increase in the number of teachers with higher professional status indicates that teachers are interested in continuous professional growth and school boards are desirous of employing better prepared teachers," Haas said.

Sports Day Event At Croton Playground

As an afternoon sequel to the Sesqui-centennial youth parade on Wednesday, Croton playground youngsters held a sports program at Croton playground.

First prize was awarded to Harry DeRosa for being the best at pick-up sticks.

Tee shirts were awarded to Donald Rick for checkers, to Val Jean Fenati for hopscotch, to Joe Malizia for bean bag throwing, to John Cook for basketball, and to Betty Cimil for jacks.

Prizes were awarded by the playground instructors, Mrs. Margaret Memo.

Covered Wagon In Pet Parade

Dave Matthews and little sister Kay took three prizes for their covered wagon in the pet parade, on Wednesday. They took first prize in the bicycle division, prizes for the most original and best appearing final. They are from the Washington playground.

Summer Session PTA Week Of July 12-16

Parent Teacher Leadership Training School Summer Session, At Slippery Rock

At State Teachers College, Slippery Rock, the Parent-Teacher Leadership Training School Summer Session will be held next week July 12 to 16.

Beginning with registration on Monday evening, the school will continue with well planned schedules, throughout the following days, until Friday noon.

Two courses have been planned, one for those who are beginning parent-teacher work, and the other, for experienced workers.

Many from this district plan to attend. In other years, the summer session has been held nearer

the central part of the state, and few from this section have been able to attend.

The opening session begins at 9 a. m., Tuesday morning, ending at 4:00 p. m. The same schedule will prevail each day, except Friday, when the session will close at noon. The school dinner will be on Thursday evening.

RELIGION IN THE RAIN

ABERDEEN, Wash., (INS)—Churchgoing weatherman E. B. Cray has "fessed up" about those rainy Sundays this year. Said he: "It makes me mad when everybody goes fishing on Sunday. Turn on the rain and everybody turns to religion."

Disability Pay To Be Increased

Veterans Administration An-
nounces Changes In Effect
September 1

WASHINGTON, July 8.—(INS)—The veterans administration announced today that effective Sept. 1 allowances for dependents will be paid veterans with service-connected disabilities rated 60 per cent or more in degree.

This will have the effect of increasing compensation for disabled ex-servicemen up to a maximum boost of \$91 a month for a 100 per cent disabled war veteran with a wife, three or more children, and two dependent parents.

Under the previous law, disability compensation was based upon the degree of disability, whether or not the veteran had dependents.

Cuch veterans will continue to receive their regular compensation

payments plus such additional amounts as they may be entitled to under the new law.

The following dependency allowances are now provided for a veteran rated totally disabled due to war service:

Wife but one child, \$21; wife and one child, \$35; wife and two children, \$45.50; wife and three or more children, \$54; no wife but one child, \$14; no wife but three or more children, \$24.50; no wife but three or more children, \$35; plus \$17.50 for each dependent parent.

Veterans with disability ratings of 60 per cent or more, but less than 100 per cent, will receive proportionate amounts based on the extent of their disabilities.

ON SUMMER CRUISE
Augustine Firmin, fireman, apprentice, USN, of 1508 Huron avenue, arrived in Lisbon, Portugal, while serving aboard the destroyer USS Bordelon, one of the 13-vest Midshipmen Practice Squadron on its annual summer cruise.

The Anatolian plateau of modern Turkey was the home of the ancient Hittites.

Rural Highway Deaths Total 58 During Month

HARRISBURG, July 8.—(INS)—State Police headquarters today reported 58 persons were killed on Pennsylvania's rural highways during June, a decrease of 28 per cent for the month.

Fatalities during the same month last year totaled 81, officials reported. Urban road fatalities are not reported to state police.

The first six months of 1948 shows a decrease of 25 deaths compared with fatalities reported in a similar period of 1947, state police said.

Other month-by-month fatalities were: January, 44; February, 67; March, 69; April, 49, and May, 83.

Twelve Republican and seven Democratic national conventions have been held in Chicago.

WALTER J. RILEY GIVEN PROMOTION

Walter Jack Riley, son of Mrs. Jennie Riley, 208 Wallace avenue has been promoted from the rank of Corporal to Sergeant according to word just received by his mother.

Sgt. Riley who has already served four years in the armed forces has just enlisted for another 18 month hitch.

The New Castle soldier is stationed in Panama at Albrook field

on the Pacific side of the Canal Zone and is serving as clerk-typist. Sgt. Riley also finds time to manage baseball teams on the Isthmus of Panama.

MECHANICALLY CONTROLLED

SELF-REFRIGERATED TRUCKS

PACKING HOUSE **FRESH** TO YOU..

Only O&H completely controls refrigeration from packing house to you

**A SPECIAL FLEET OF
INTERNATIONAL TRUCKS**
with THERMO-KING
Self-Refrigerating Units on Bodies
built by AUTO TRUCK EQUIPMENT CO.

O & H self-refrigerated trucks are automatically controlled the same as your home refrigerator. The Thermo-King control automatically maintains the desired temperature at all times.

This is a new step in refrigeration. It means that meat will not have a chance to spoil while it is being delivered to your dealer.

In the past, especially during hot weather, one of the problems of meat refrigeration was shipping it to retailers. Delayed deliveries, traffic congestions and other reasons often caused meat in trucks to lose its original freshness.

Now, Oswald & Hess Company has solved this problem. We are the first Meat Packer in Western Pennsylvania to eliminate spoilage during transit.

If you insist on Oswald & Hess meat from your dealer you can be sure that it is fresher. You can be sure that it will stay fresh longer and keep more palatable in your refrigerator. It will retain its natural flavor longer. Our new fleet of self-refrigerated trucks protects meat on its way from the packing-house to your meat counter.

Pioneering new developments in the meat industry is not new to Oswald & Hess Company. For over a quarter-century we have been first, over and over again, to bring you better and tastier meat. Many of our ideas have later been adopted by the entire Meat Industry as standard practice.

These new self-refrigerated trucks are an example of our leadership. Perhaps later they will be used by the entire industry. But this summer the meat at your table will be fresher, if you insist on Oswald & Hess meat from your dealer.

Every meat product bearing our name has been prepared with old world skill and patience. That's why we have earned the reputation of having THE MEAT IN PENNSYLVANIA.

Tells Authorities Of Beating Wife To Death On Trip

MAUSTON, Wis., July 8.—(INS)—John J. Hoffman described to Juneau County (Wis.) authorities today how he beat his wife to death while their five-year-old son rode with them in a stolen truck-trailer.

Juneau County District Attorney Charles P. Curran stated that the 31-year-old Chicago cab driver admitted last night that he had slain his wife, Mollie Dora, 24.

Curran quoted Hoffman as saying that his wife died after he had beaten her up for a second time and thrown her from the truck-trailer "somewhere between Chicago and Wisconsin Daily" May 24.

Hoffman, charged with first degree murder, was returned from Elythe, Alberta, to Mauston Tuesday after he had waived extradition.

LITTLE BEAVER

Mr. and Mrs. M. Summers and family, of Pittsburgh, spent Sunday at the home of the latter's parents, Mr. and Mrs. J. V. Kneff.

Mr. and Mrs. Jim Nesbitt, of Pittsburgh, spent two days at the home of the former's father, R. J. Nesbitt.

Miss Nora McLaughlin, of Youngstown, spent two days at the home of her sister, Mr. and Mrs. H. Dudas.

Mr. and Mrs. Lloyd Armstrong and daughter, of Lisbon, called at the home of Mr. and Mrs. H. H. Young, Sunday.

Mr. and Mrs. A. W. Mercer, of New Castle, spent Sunday at the home of the former's sister, Mr. and Mrs. J. C. Young.

H. G. Dudas is spending 10 days on a fishing trip in Canada.

Mr. and Mrs. George McPherson and Mrs. Ira McPherson are spending a week visiting with friends and relatives in Southern states.

Miss Jo Ann Veon, of Beaver Valley, is spending a few days at

the home of her grandparents, Mr. and Mrs. Joe Knepp.

Mr. and Mrs. Ann Forsythe and Mrs. Minnie Bonhart of Ellwood City, called at the home of relatives here, Saturday.

Harry Kenny had the misfortune of having three cows killed by lightning Friday evening, when an electric storm was passing over. The cows were in the pasture under a tree at the time they were struck.

Mr. and Mrs. W. Winters and family, of Darlington, called at the home of Mrs. Winters' mother, Mrs. Anna Renner here, Sunday.

Miss Lenora Flinn of Wheeling, W. Va., visited at the home of her cousin, Mrs. Harry Dudas.

Harry H. Witherspoon was in Pittsburgh, Saturday.

RICH HILL

Sunday services at the Rich Hill Presbyterian church on July 11 will be suspended due to the absence of the pastor, Rev. A. B. Weisz, who will be preaching at the Wilson Presbyterian church of Clairton, Pa.

Miss Georgia Wilson, Mrs. J. J. McDowell and Miss Wyla McDowell were New Castle visitors on Thursday.

Mr. and Mrs. K. K. McCreary attended the annual McCreary reunion held on Monday, July 5, at the home of Mr. and Mrs. Clyde McKee of East Brook.

Ed. Speer of California is visiting his son, Harry Speer of Volant and others in this vicinity.

Mr. and Mrs. Caldwell McConnell, a recent bride and groom, attended the reunion of Volant College and Volant High School alumni on Wednesday.

Mr. and Mrs. Walter Pitzer and children, Wayne and Jerry, have moved into cottage on the Eugene Kendall farm. The family previously lived on the Neshaunock Falls-New Wilmington road.

Mr. and Mrs. William Knight and daughter of the Volant-New Castle road spent the holiday week end at Conneaut Lake.

Mr. and Mrs. Walter McConnell and son Freddie, and Keith McConnell, were Sunday afternoon visitors of Mr. and Mrs. Ralph Sankey of the Butler road.

Mrs. Edna Baker and Mrs. Frances Vincent of Grove City, spent Tuesday with Rev. and Mrs. A. B. Weisz.

Rev. and Mrs. Homer K. Miller of Penny Farms, Pa., called on friends in the Rich Hill community recently. Rev. Miller is the former pastor of the Rich Hill and Volant Presbyterian churches.

Mr. and Mrs. Harold Burton and daughter, Jean and Susie, have returned to Florida, after spending some time with Mr. and Mrs. K. K. McCreary, Mrs. Burton's parents. The family was accompanied by Wm. McCreary of New Castle.

Harold and Doris, children of Mr. and Mrs. Earl McFarland, underwent tonsil operations in the Jameson Memorial hospital, Saturday.

Mr. and Mrs. George Richeal of Buffalo, N. Y., spent the week end at the home of the former's brother, Clarence Richeal of the Harlanburg road.

Mr. and Mrs. Clarence Richeal and daughter, Jeanne, and Mr. and Mrs. George Richeal of Buffalo, N. Y., called on Mr. and Mrs. R. C. McCaslin of Silperry Rock on Saturday.

Until recent times, in civilized countries, animals were given legal trials for their "crimes."

PLAIN GROVE

COUPLE HONORED

A shower was given at the Plaingrove Grange Hall on Friday evening, for Mr. and Mrs. William Richeal of East Brook, a recent bride and groom.

The former Mary Shoaff of Plaingrove. There were 150 present for the event.

A program was presented as follows: Accordion solo, Miss Alice Burns; instrumental music, Clarence Miles and Herbert Wallace; recitation, Peggy Shoaff; recitation, Janet Maxwell; recitation, Nancy Shoaff; duet, Clarence and Gladys Miles. Delicious refreshments were served during the evening by the social committee of the U. P. church and the Grange.

Many beautiful and useful gifts were presented to the couple.

PLAINGROVE NOTES

A family picnic was enjoyed on July 5 at the home of Mr. and Mrs. Arthur Gibson with a bountiful dinner being served at noon and in the evening. Games and swimming were the day's diversion.

Mr. and Mrs. Paul Shoaff attended a family dinner at the home of Mr. and Mrs. Alex Wagner in New Castle, Monday.

Mr. and Mrs. Edwin Goodman and family of East Liberty and Mrs. Lucy Wallace were afternoon callers at the home of Mr. and Mrs. William Richeal of East Brook.

Mrs. Daisy Pollock has been discharged from the Jameson Memorial hospital, N. Y., on Saturday.

Mrs. Charles Stevenson and daughter of Toledo, is visiting at the home of her parents, Mr. and Mrs. Charles Breneman.

Mrs. Jean Burns and son have been discharged from the hospital and are at home here.

Mrs. Irene Goodman and Mrs. Lucy Wallace called on Saturday afternoon at the home of Mr. and Mrs. Francis Boak and Mrs. and Mrs. Robert Armstrong of McCaslin.

Mr. and Mrs. S. S. Patterson were evening dinner guests of Mr. and Mrs. John Bartholomew of Grove City.

The Plaingrove Grange picnic will be held at the hall on Tuesday evening, July 13 at 7:30 o'clock.

Mr. and Mrs. Ray McColgin and family and Mrs. J. F. McColgin of Buffalo, N. Y., were week end visitors of Mr. and Mrs. Theodore Minor.

The W.C.T.U. will meet at the home of Mrs. Florence Winkler on July 14, at 8 o'clock. The annual meeting will take place. Social hour aides will be Vessie Connell, Sara Stevenson, Hattie Glenn, Minnie Cooper and Mary McConnell.

Mr. and Mrs. Kenneth Dight of Cleveland were week end visitors of their parents, Mr. and Mrs. Lyle Dight.

YOUTH PICKED UP AS RUNAWAY BOY

City police picked up Richard Reid, aged 14 years, of Bennett's Run, Beaver county, Wednesday afternoon on East Washington street when the lad appeared to be lost, according to his inquiries. He was turned over to County Detective Charles D. Ross, who took him to Ellwood City. Bennett's Run is nearby. It is stated.

ADVICE TO PEDESTRIANS PHILADELPHIA.—(INS)—The Keystone Automobile club urges motorists to cooperate with motorists for their own safety. Edward P. Curran, safety director of the club, said pedestrian highway casualties at night usually show a marked increase at this time of the year. This is accounted for by the fact that highway use—both pedestrian and vehicular—surges upward in the spring and summer.

LIGHTS, TOOL OF LAW ROCK ISLAND, Ill.—(INS)—Powerful mercury-vapor street lights just developed by Westinghouse and installed throughout the business district in Rock Island, Ill., have been hailed by Police Chief W. F. Wilkins as a law enforcement tool "as important to us as two-way radio." The new lights throw as much light into the alleys as the city's former lighting system provided for the main streets.

TRUCK FIRE City firemen were called at 7:05 a. m. today when a short circuit developed in a truck owned by the City of New Castle Water company on Moravia street. The loss was small.

More than 25,000,000 border crossings were made into Canada in 1947.

'Sistie' Cuts Her Wedding Cake

"Sistie" Dail Boettcher, 21, daughter of the White House when her grandfather, Franklin D. Roosevelt, was president, and her husband, Van H. Seagraves, 25, cut their wedding cake shortly after being married in a private Episcopal ceremony at the home of the bride's parents in Phoenix, Ariz. Mrs. Eleanor Roosevelt was among the family witnesses at the wedding.

—International Soundphone

PAIR HELD AFTER ATTACK ON HOME

UNDER ARREST in Oakland, Cal., for pumping bullets into the home of her ex-boy friend are Janice Sharon Smith, 18, and Mark Anthony Smith (left), no relation to Janice. Police said Janice told them she wanted to "get even" with Harold Hudson for implicating her on morals charges involving two Oakland police officers. Hudson left for Los Angeles three weeks ago and thus escaped three ride attacks, police said. Smith, married and a father, planned a divorce so he could wed Janice, according to police.

"CLOTHESLINE ANTENNA"

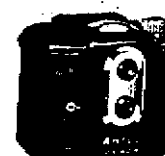

DALLAS, Tex.—(INS)—If you want to get a "charge" out of hanging up the family wash you might try Joe Murray's method. Murray bought a new clothesline for his wife, installed it, and got an idea. He also made it the antenna for an old short-wave receiver. However, he forgot to mention the fact to Mrs. Murray. When she went out to hang out some clothes, she got quite a shock—and literally. The short-wave set apparently had charged the "clothesline antenna".

The belief in the existence of demons is widespread, and so is the belief in demons, or persons possessed of demons. There is evidence of it in the ancient civilizations of Egypt and Baby-

lonia. It existed in Persia, Judea, Greece and Rome, and in the life of Christian nations until the end of the 18th century. It is held by the mass of people in India and China and is found among savage tribes.

FERRY RIDE—WITH RADAR NEW YORK.—(INS)—New York's first radar-guided ferry didn't have to wait long to prove its mettle. Within four days after it started service recently a dense fog settled over New York harbor, crippled maritime traffic in the area, and even caused one freighter to go aground at Coney Island. But the radar aboard the ferryboat enabled the boat to shuttle back and forth between Brooklyn and Staten Island without a hitch.

Eagles Golfers Play Tonight

The Eagles club golf league will resume play tonight at the Sylvan Heights course at 5:30 o'clock with the full membership asked to turn out.

The Giants are leading the league at the moment with 48 points, captained by Joe Gociano. The Cards are second with 41½ points, the Dodgers and Pirates tied for third with 34½ points, the Cubs next with 25 points and the Reds last with 23½.

In the last match the medalists were Steve Teplica, Al Marino and Frank Morella. The blind bogey winners were Joe Palana, Ben Gociano and A. Crum.

VOLANT BEATS EAST BROOK
Red (Fireball) Young hurled Volant to a neat 7-1 win over East Brook last night at the East Brook field. Thorpe was the losing pitcher.

Last Friday night Volant defeated New Bedford to the tune of 4-0. B. Young turned in a one-hitter for Volant.

SESSQUI SOFTBALL
All-Stars from the city's playgrounds played softball as part of the Sesqui celebration with the following results: American Leaguers (west of the Neshannock river), 9. Nationals (east of river), 2. American League (midwest), 4. Nationals, 3.

Football will begin in August again for the veteran Penn State Coach, Bob Higgins. Clinics in four states, plus the All-Star game in Chicago, Ill., are on his 1948 agenda, to be followed by the opening of pre-season drills early in September. Last year, pre-season drills got underway in mid-August.

Michigan State and the University of Pennsylvania are the only newcomers to the 1948 Penn State football schedule.

NEW BEDFORD TEAM DEFEATS HICKORY

New Bedford Lions defeated Hickory last night, 9-3. Genking went all the way for the victors, allowing six hits. Allison had a perfect night for the victors, getting three for three.

DUKES WIN GAME
The Duke D'Abuzzis softball team defeated the East Side Shamrocks last night at the Cascade street field, 6 to 4 with Roger Maggie the winning hurler and Dinks Lane the loser, it was announced by Manager Jimmy Valentino.

METHODISTS WIN
The First Methodists won a forfeit in the New Castle church softball league last night, the Central Presbyterians failing to show up.

WIN 20TH GAME

Last night in a North County league game played at Brent, New Wilmington won victory No. 20 when they beat Brent 4 to 3. The game developed into a pitchers' battle with N. Borowicz of New Wilmington having an edge over

Crawford of Brent. Borowicz had 11 strikeouts and Crawford nine. The only extra-base blow of the game was a double by Ringbloom of New Wilmington.

This is the year 5708 on the Jewish calendar.

Disability Pay To Be Increased

Veterans Administration Announces Changes In Effect September 1

WASHINGTON, July 8.—(INS)—The veterans administration announced today that effective Sept. 1 allowances for dependents will be paid veterans with service-connected disabilities rated 60 percent or more in degree.

This will have the effect of increasing compensation for disabled ex-servicemen up to a maximum of \$91 a month for a 100 percent disabled veteran with a wife, three or more children, and two dependent parents.

Under the previous law, disability compensation was based upon the degree of disability, whether or not the veteran had dependents.

Such veterans will continue to receive their regular compensation

payments plus such additional amounts as they may be entitled to under the new law.

The following dependency allowances are now provided for a veteran rated totally disabled due to war service:

Wife but one child, \$21; wife and one child, \$35; wife and two children, \$45.50; wife and three or more children, \$56; no wife but one child, \$14; no wife but two children, \$24.50; no wife but three or more children, \$35; plus \$17.50 for each dependent parent.

Veterans with disability ratings of 60 per cent or more, but less than 100 per cent, will receive proportionate amounts based on the extent of their disabilities.

ON SUMMER CRUISE

Augustine Firmi, fireman, apprentice, USN, of 1508 Huron avenue, arrived in Lisbon, Portugal, while serving aboard the destroyer USS Bordelon, one of the 13-vested Midshipmen Practice Squadron on its annual summer cruise.

The Anatolian plateau of modern Turkey was the home of the ancient Hittites.

Rural Highway Deaths Total 58 During Month

HARRISBURG, July 8.—(INS)—State Police headquarters today reported 58 persons were killed on Pennsylvania's rural highways during June, a decrease of 28 per cent for the month.

Fatalities during the same month last year totaled 84, officials reported. Urban road fatalities are not reported to state police.

The first six months of 1948 shows a decrease of 28 deaths compared with fatalities reported in a similar period of 1947, state police said.

Other month-by-month fatalities were: January, 44; February, 67; March, 69; April, 49, and May, 83, on its annual summer cruise.

Twelve Republican and seven Democratic national conventions have been held in Chicago.

WALTER J. RILEY GIVEN PROMOTION

Walter Jack Riley, son of Mrs. Jennie Riley, 208 Wallace avenue, has been promoted from the rank of Corporal to Sergeant according to word just received by his mother. Sgt. Riley who has already served four years in the armed forces has just enlisted for another 18 month hitch.

The New Castle soldier is stationed in Panama at Albrook field.

on the Pacific side of the Canal Zone and is serving as clerk-typist. Sgt. Riley also finds time to manage baseball teams on the Isthmus of Panama.

In Religious And Fraternal Circles

Hermion-Princeton Youth Westminster Fellowships of Mt. Hermion and Princeton Memorial

Presbyterian churches will not assemble Sunday on account of the Slippery Rock District Youth Council service that evening at 8:15

o'clock in Rose Point Reformed Presbyterian church.

Eagles Golfers Play Tonight

The Eagles club golf league will resume play tonight at the Sylvan Heights course at 5:30 o'clock with the full membership asked to turn out.

The Giants are leading the league at the moment with 48 points, captained by Joe Goleman. The Cards are second with 41½ points, the Dodgers and Pirates tied for third with 34½ points, the Cubs next with 25 points and the Reds last with 23½.

In the last match the medalists were Steve Teplica, Al Marino and Frank Morella. The blind bogey winners were Joe Palana, Ben Goleman and A. Crum.

VOLANT BEATS EAST BROOK
Red (Fireball) Young hurled Volant to a neat 7-4 win over East Brook last night at the East Brook field. Thorpe was the losing pitcher.

Last Friday night Volant defeated New Bedford to the tune of 4-0. B. Young turned in a one-hitter for Volant.

SESQUI SOFTBALL
All-Stars from the city's playgrounds played softball as part of the Sesqui celebration with the following results: A m. e. r. i. c. a. n. Leaguers (west of the Newhampshire river), 9, Nationals (east of river), 2; American League (midgots), 4, Nationals, 3.

Football will begin in August again for the veteran Penn State Coach, Bob Higgins. Clinics in four states, plus the All-Star game in Chicago, Ill., are on his 1948 agenda, to be followed by the opening of pre-season drills early in September. Last year, pre-season drills got underway in mid-August.

Michigan State and the University of Pennsylvania are the only newcomers to the 1948 Penn State football schedule.

State Capital

Speculation On Martin's Action

U. S. Senator Martin May Be Offered Post Of Defense Secretary

OTHER NEWS OF STATE AFFAIRS

HARRISBURG, July 8.—(INS).—U. S. Sen. Edward Martin, who gave Gov. Thomas E. Dewey's bandwagon a push at the Republican national convention, started back room speculation that he would be the next secretary of defense if Republicans win next November. But at the state capitol, politicians acquainted with Martin and his politically sage lawyer-secretary, George Bloom, have another slant. Martin might be offered the job, they said, but he wouldn't take it. They reasoned that Martin's political prestige is still growing. The job was mentioned for Martin because of his outstanding military record. He is a veteran of the Spanish-American and both world wars. Martin commanded the 28th infantry division at the time of its federalization during World War II.

In newspapers commenting editorially on Governor Duff's conservative battle with conservative Republicans, the chief executive appears to have more than lukewarm support. However, the number of newspaper ignorers the battle editorially greatly outnumber Duff's backers. Undismayed by the resounding defeat sustained in the GOP delegation's caucus and on the floor of the convention Duff appears ready to join the battle again at any time after the general election. He said he "reserved the right" to do exactly as he did at any time. Duff's tenure in the governor's mansion will long be remembered on Capital Hill. His political enemies are increasing mainly because Duff will not be hampered by requests rooted in political expediency. Duff can say "no" with more force than most governors including Arthur H. James, considered one of the firmest "no" men in the state.

The state aeronautics commission has added itself to the state agencies using motion pictures to educate the public. The commission's films are directed at reducing airplane accidents resulting from carelessness. A group of accident pictures will be shown to various aviation organizations throughout Pennsylvania. William B. Hall, chief of the commission's enforcement section, will explain the pictures to the audience. Statistics indicate that 30 per cent of the air mishaps in the state are caused by reckless and low flying. Forty per cent of fatal accidents are attributed to low flying.

The state agriculture department has its safety campaign going full blast. It is directed at farm safety involving particularly operation of tractors. The department reports that five Pennsylvania farmers lost their lives and three others were injured seriously between April 30 and June 30 this year. In four cases the tractors overturned, the department reports.

Amvets Urge That Housing Shortage Situation Be Eased

HARRISBURG, July 8.—(INS).—The Pennsylvania Amvets today urged local governments to relieve the housing shortage for World War II veterans.

State Commander Joseph M. Geiman of Pittsburgh pointed out that local governments are authorized by two enabling acts of the 1947 legislature to establish authorities to alleviate the shortage.

Pointing out that veterans generally are unable to buy or build at inflated prices, Geiman declared the average ex-serviceman "desperately" needs housing "at a rent he can afford."

167 Steam Railroad Accidents In April

HARRISBURG—Seventeen persons were killed and 168 injured in the 167 accidents reported to the Public Utility Commission last April by the steam railroads operating in Pennsylvania.

Six of those killed were trespassers, five were employees and six were killed at grade crossings.

The injured included 120 employees, 14 passengers, two trespassers, 19 at grade crossings and 13 persons having business on company property but not as employees or passengers. Property damage reported amounted to \$171,148.60.

Electron Device Photographs Rust

New Apparatus Detects Rust And Photographs It At One Millionth Of Inch Thickness

CHICAGO, (INS).—American industry will soon have a new weapon in the battle against rust and corrosion. It's an electron diffraction device so sensitive that in five seconds it can detect the presence of rust and photograph it on film one millionth of an inch thick.

The specially sensitive instrument was displayed to physicists and industrial engineers for the first time by Dr. John G. Hutton, General Electric Engineer, at the Symposium of Electron and Light Microscopy in Chicago. Hutton says the machine is simple enough to be operated by any one who can read a radio dial. Interpreting the results, however, take extensive scientific training. **Throws Electron Beam** The instrument throws a beam of electrons at the material to be tested. If crystals are present, a diffraction pattern is produced and registered on photographic film. The diameter, intensity, and sharpness of the diffraction rings indicate the composition, orientation,

tion, and size of the crystals in the tested material. Chief advantages of the new instrument are its simplicity and speed. Dr. Hutton said: "Quick analysis of surfaces provided by the device will be extremely valuable to industries bothered by corrosion and catalyst problems." The instrument also will aid better selection of catalytic agents to speed chemical reactions, since catalysts are chiefly effective at the surfaces of reacting elements.

Dewey Plays Golf, Score, 'No Comment'

PAWLING, N. Y., July 8.—(INS).—Average golfers who don't like to discuss their poor scores had good company today. Gov. Thomas E. Dewey, Republican candidate for president, shot his first round of golf since his nomination at the Quaker Hill course near Pawling. Asked about his score, Dewey grinned and remarked: "No comment."

The New York governor usually shoots in the nineties. Making a ton of pig iron takes 1.73 tons of iron ore, 0.93 ton of coke, 0.41 ton of limestone, some cinder scale and scrap and 4.5 tons of air.

Encampment At Indianantown Gap Starts Saturday

INDIANTOWN GAP, Pa., July 8.—(INS).—Approximately 1000 officers and non-commissioned officers of the 315th reserve infantry division will encamp a two weeks encampment Saturday on the Indianantown Gap military reservation. All of the men, battle-seasoned veterans of World War II, will be given refresher training in basic infantry weapons, maneuvers and night problems.

First In History The division are three regiments, the 314th at Pittsburgh, the 315th at Harrisburg and the 316th at Philadelphia. Enlisted personnel below NCO rank will not participate in the maneuver. The maneuver will be the first time in the history of the army that a reserve division has staged an encampment, according to Lt. Col. Leroy V. Greene, battalion commander in the 315th regiment. The division will be under the command of Brig. Gen. Robert Wilson of Philadelphia, wartime operations and supply officer for Gen. Omar Bradley's army in the European theater of operations.

Night life in Brussels, Belgium, is returning to pre-war gaiety.

Odd 'Picture Window' Permits Star-Gazing

STAMFORD, Conn. — (INS) — Fireside star-gazing may become a popular pastime in New England. Robert A. Jacobs, New York architect, has set the vogue with a "picture window" in the roof of his home. It is especially designed so he and his family can look up to blue sky and sunlight or, at night, watch shooting stars from a vantage point in front of the hearth.

Jacobs asked Libbey-Owens-Ford Glass company technicians to design a unit that would make the roof window practical in New England. **Devised Thermopane Unit** The glass experts devised a unit of thermopane, self-insulating glass which seals dry air between two panes. They installed a sheet of heat-resisting glass as the outer pane. Jacobs said: "Connecticut had a real old-fashioned winter this year, but the roof window remained clear of ice and snow. In summer, the heat-resisting and insulating glass prevents abnormal infiltration of heat." The roof window, comprising 25 square feet of glass, is placed over a circular opening in the ceiling near the fireplace.

Swans nest mostly in high latitudes, constructing on the ground crude receptacles of rushes and the like for the half dozen greenish eggs. They feed chiefly on vegetable substances, like the seeds and roots of aquatic plants, but also on fish spawn, great quantities of which they destroy. Swans hiss like geese, and strike with their wings in attack or defense. Drive slow—children move fast.

The highest light on the Atlantic coast of the continental United States is the rear range light of Marcus Hook Range, on the Delaware river which is 278 feet above sea level.

State Capitol
**Speculation On
Martin's Action**
U. S. Senator Martin May Be
Offered Post Of Defense
Secretary

**OTHER NEWS OF
STATE AFFAIRS**

HARRISBURG, July 8.—(INS).—U. S. Sen. Edward Martin, who gave Gov. Thomas E. Dewey's bandwagon a push at the Republican national convention, started back room speculation that he would be the next secretary of defense if Republicans win next November. But at the state capitol, politicians acquainted with Martin and his politically sage lawyer-secretary, George Bloom, have another slant. Martin might be offered the job, they said, but he wouldn't take it. They reasoned that Martin's political prestige is still growing. The job was mentioned for Martin because of his outstanding military record. He is a veteran of the Spanish-American and both world wars. Martin commanded the 28th Infantry division at the time of its federalization during World War II.

In newspapers commenting editorially on Governor Duff's convention battle with conservative Republicans, the chief executive appears to have more than lukewarm support. However, the number of newspaper ignoring the battle editorially greatly outnumber Duff's backers. Undismayed by the resounding defeat sustained in the GOP delegation's caucus and on the floor of the convention Duff appears ready to join the battle again at any time after the general election. He said he "reserved the right" to do exactly as he did at any time. Duff's tenure in the governor's mansion will long be remembered on Capitol Hill. His political enemies are increasing mainly because Duff will not be stampeded by requests rooted in political expediency. Duff can say "no" with more force than most governors. Including Arthur H. James, considered one of the firmest "no" men in the state.

The state aeronautics commission has added itself to the state agencies using motion pictures to educate the public. The commission's films are directed at reducing airplane accidents resulting from carelessness. A group of accident pictures will be shown to various aviation organizations throughout Pennsylvania. William S. Hall, chief of the commission's enforcement section, will explain the pictures to the audiences. Statistics indicate that 20 per cent of the air mishaps in the state are caused by reckless and low flying. Forty per cent of fatal accidents are attributed to low flying.

The state agriculture department has its safety campaign going full blast. It is directed at farm safety involving particularly operation of tractors. The department reports that five Pennsylvania farmers lost their lives and three others were injured seriously between April 20 and June 20 this year. In four cases the tractors overturned, the department reports.

**Amvets Urge That
Housing Shortage
Situation Be Eased**

HARRISBURG, July 8.—(INS).—The Pennsylvania Amvets today urged local governments to relieve the housing shortage for World War II veterans.

State Commander Joseph M. Gelman of Pittsburgh pointed out that local governments are authorized by two enabling acts of the 1947 legislature to establish authorities to alleviate the shortage.

Pointing out that veterans generally are unable to buy or build at inflated prices, Gelman declared the average ex-serviceman "desperately" needs housing "at a rent he can afford."

**167 Steam Railroad
Accidents In April**

HARRISBURG.—Seventeen persons were killed and 168 injured in the 167 accidents reported to the Public Utility Commission last April by the steam railroads operating in Pennsylvania. Six of those killed were trespassers, five were employees and six were killed at grade crossings. The injured included 120 employees, 14 passengers, two trespassers, 19 at grade crossings and 13 persons having business on company property but not as employees or passengers. Property damage reported amounted to \$171,148.60.

**Electron Device
Photographs Rust**

New Apparatus Detects Rust And
Photographs It At One Mil-
lionth Of Inch Thickness

CHICAGO, (INS).—American industry will soon have a new weapon in the battle against rust and corrosion. It's an electron diffraction device so sensitive that in five seconds it can detect the presence of rust and photograph it on film one millionth of an inch thick.

The specially sensitive instrument was displayed to physicists and industrial engineers for the first time by Dr. John G. Hutton, General Electric Engineer, at the Symposium of Electron and Light Microscopy in Chicago.

Hutton says the machine is simple enough to be operated by any one who can read a radio dial. Interpreting the results, however, take extensive scientific training.

Throws Electron Beam

The instrument throws a beam of electrons at the material to be tested. If crystals are present, a diffraction pattern is produced and registered on photographic film.

The diameter, intensity, and sharpness of the diffraction rings indicate the composition, orienta-

**Dewey Plays Golf,
Score, 'No Comment'**

PAWLING, N. Y., July 8.—(INS).—Average golfers who don't like to discuss their poor scores had good company today.

Gov. Thomas E. Dewey, Republican candidate for president, shot his first round of golf since his nomination at the Quaker Hill course near Pawling.

Asked about his score, Dewey grinned and remarked:
"No comment."

The New York governor usually shoots in the nineties.

Making a ton of pig iron takes 1.73 tons of iron ore, 0.93 ton of coke, 0.41 ton of limestone, some binder scale and scrap and 4.5 tons of air.

**Encampment At
Indiantown Gap
Starts Saturday**

INDIANTOWN GAP, Pa., July 3.—(INS).—Approximately 1000 officers and non-commissioned officers of the 79th reserve infantry division will open a two weeks encampment Saturday on the Indiantown Gap military reservation.

All of the men, battle-seasoned veterans of World War II, will be given refresher training in basic infantry weapons, maneuvers and night problems.

First In History

Backbone of the division are three regiments, the 314th at Pittsburgh, the 315th at Harrisburg and the 316th at Philadelphia. Enlisted personnel below NCO rank will not participate in the maneuvers.

The maneuver will be the first time in the history of the army that a reserve division has staged an encampment, according to Lt. Col. Leroy V. Greene, battalion commander in the 315th regiment.

The division will be under the command of Brig. Gen. Robert Wilson of Philadelphia, wartime operations and supply officer for Gen. Omar Bradley's army in the European theatre of operations.

Night life in Brussels, Belgium, is returning to pre-war gaiety.

**Odd 'Picture Window'
Permits Star-Gazing**

STAMFORD, Conn. — (INS).—Fireside star-gazing may become a popular pastime in New England.

Robert A. Jacobs, New York architect, has set the vogue with a "picture window" in the roof of his home. It is especially designed so he and his family can look up to blue sky and sunlight or, at night, watch shooting stars from a vantage point in front of the hearth.

Jacobs asked Libbey-Owens-Ford Glass company technicians to design a unit that would make the roof window practical in New England.

Devised Thermopane Unit

The glass experts devised a unit of thermopane, self-insulating glass which seals dry air between two panes. They installed a sheet of heat-resisting glass as the outer pane.

Jacobs said:
"Connecticut had a real old-fashioned winter this year, but the roof window remained clear of ice and snow. In summer, the heat-resisting and insulating glass prevents abnormal infiltration of heat."

The roof window, comprising 25 square feet of glass, is placed over a circular opening in the ceiling near the fireplace.

**For Now Into
Fall**

FELT HATS
\$12.50
and \$15.00

Never have the first fall felts been as wonderful for drooping midsummer spirits. There's new soft beauty about their new feminine appearance, brimmed and unbrimmed styles with gorgeous feathers and veiling trim. In the new shades white oak, coffee, grey, black, brown and navy.

NEW CASTLE STORE

Swans nest mostly in high latitudes, constructing on the ground crude receptacles of rushes and the like for the half dozen greenish eggs. They feed chiefly on vegetable substances, like the seeds and roots of aquatic plants, but also on fish spawn, great quantities of which they destroy. Swans hiss like geese, and strike with their wings in attack or defense.

The highest light on the Atlantic coast of the continental United States, is the rear range light of Marcus Hook Range, on the Delaware river which is 278 feet above sea level.
